## Editorial Three Months Ahead By Bonnie Current

No more books! No more tests! All students are free to do as they please for the next three months. Many students will work at home or for out sideemployers while others will just take life easy. Even for the teachers vacation will bring a welcome change.

For the seniors vacation is like a test. Each senior is tried to see what he can do upon entering a career of his choice. After graduation, four years of knowledge are tested by the boss or at college. Whichever they choose, we wish the seniors the best of luck.

To the underclassmen, vacation means a temporary change. So during the next three months, why not do something you have been putting off these last nine months. Help your Mother with the housework, baby sit for the neighbor you refused last week, attend your usual camp for a week or two, help Dad in the field and mow the lawn without one revolt. Smile and be happy so in just twelve short weeks you will be ready and willing to start another year of school.

May 6-The senior class play went very well. I didn't think it would after the dress rehearsal Thursday night. Ervie Boelter had a party after the play. Mr. Armstead's records were the hit of the evening.

May 7-The play didn't go as well tonight, but the audience thought it was a lot funnier than the original way. John Purtzer will never forget!

May 10-It is getting closer to prom and the juniors are getting all the last things done. All that chalk they're using for the back drop could write a whole lot, I'msure!!

May 12-I haven't heard if any of the boys have forgotten corsages, but a few days ago I heard a few asking the kind of flower the girls wanted. Course all I hear at the lockers is all about prom, dresses and parties

May 14-The day finally arrived and so did the banquet and prom. The dresses were beautiful as I saw them go by. Joan Strate had an open house before the prom and so did Mary Jane Schnobrich and Sylvia Garske. Joanie even had an entertainer. I guess some of the kids stayed out all night. Good thing there's no school tomorrow!

May 18—The seniors are getting their caps and gowns; it must be getting close to graduation time. Yes, only 15 more days!!!

May 26-The "Eagles" came out today and the favorite saying I heard. "Will you sign mine?" No one even remembers I was here.

I've enjoyed writing this little bit for the Graphos and I hope all of you have enjoyed reading it.

Well, seeing this is the last time you'll be reading my column, I might as well make it interesting.

This pounding of drums and the sliding of the trombones isn't a parade. It was only the band outside preparing for the Memorial Day Parade.

The swing band finished their season by playing for Hector's prom. Following this they had a banquet at the Dakota Hotel Dining Room.

The senior members finally got their chance to direct the band at Senior Award night. When you hear a slur of a trumpet, it isn't Perez Prado, but Don Mathowitz trying to mock him.

This is the final Bop joke I will write:

There was a funeral for this "cat", and his fellow "cats" didn't know what epitaph to put on his tombstone. Finally this one "cat" came up with the solution. Well, here it is:

Don't Dig Me Now Dad, I'm Real Gone.

Until somebody else takes over, Good-Bye and Good-Luck.

## Editor's Grabbag

As is customary, the last issic of the Graphos was put out entirely by next years staff. Congratulations on the fine job you did and best wishes for your work rext year.

Meeting deadlines, checking copy, and watching the Graphos roll off the press are things the editors will miss dearly and remember always. Writing this last column is another thing they will remember. Goodbyes are always hard to say.

Most of us said them last night-sitting on the stage while we waited for our diplomas. Glancing to the audience we found the seat we occupied and wondered who would fill it next September. As we sat there we also started to remember some of the important things that happened to us these last four years.

We came from all over: the farm, the Northside, the small town and the private school. We came in as blundering freshmen and struggled together through home ec. and physics and shop and English. We enjoyed our first dates, first formals, and first kisses. We were "delirious" over a victorious football game and cried when we lost a classmate. We sang in choir, banged our cymbals, and giggled in biology. We earned "letters," got traffic tickets, love notes and did detention. We got A's and C's and B's. We danced in tulle and stocking feet. Behind us is class play, prom, award night, and hard to believe, commencement. Ninety-five of us took the round trip ticket and used it. Our scrapbooks and memories are full.

As freshmen we broke balloons at our first party and as parting seniors we break many ties. Some of us may never meet again. Our paths lead to varied places. From these halls we go to the home, the factory, the school and the store. From the classroom to the highways, battlefields and wheatfields, we go. Life, death, hate, love, sorrow and happiness will we know. These "adult-sounding" words with adult meanings will touch each of us. Life itself changes just a little as we close these doors and open others.

The journalist's symbol for the end of the story is the number thirty. We have used it often and now after this final senior dismissal, we say goodby, God watch o'er you, and type our final thirty.

In the seventh, NU was in front 7-5 and the Wildcats had their last chance with two out. #### **DMLC Downed 2nd Win**
