## Snooping

Mr. Robinson—"What's your name, doggie?"
Doggie—"Ralph, Ralph!" (Dog barking)
Mr. Robinson—"Thank you."

Rain, rain go away

Don't come back another day.

So sang the girls, as the skylight in a lavoratory dripped and leaked.

"There is a Marxist newspaper in the library," reported Dennis Kral.

Since he is 100 per cent American, he didn't like this.

He repeated his findings to the journalism class. Later the class inspected the "Marxist" paper and discovered it was a "Machinist Union" paper.

Dennis is really kind of stupid.

Linda Sands would like to have the hair spray that is wasted in the hair spray battles on first floor. The three generals are Patsy Martius, Ben Stadick and Robert Tanley.

Another little known fact from journalism. Did you know that if a dog were allowed to walk over the Golden Gate bridge, the evenness of the trot would cause the entire bridge to vibrate and fall.

\* \* \*

Thank you, Mr. Robinson.

"What would you like on your hamburger?" Was that coke large or small?" These questions are all a part of that funloving Suzie Worden, another Red Onion specialty. "Suz", besides working, loves German the most. In fact she often took time off from study hall to listen to German tapes. (Then again sometimes she just took time off!) After German her next love is a turquoise and white Ford.

Guitar-playing Suzanne Walden enjoys bowling, tennis and horseback riding. A life of beauty awaits her—she will be attending Glamour Beauty Academy this summer and fall. Her pet peeve is people who think they are better than everyone else. Being your own boss and having a million dollars is her idea of an ideal life. Her friends have nicknamed her "Legs."

Quiet is one word that describes Joanne Voges perfectly. Joanne transferred to NUHS from Nicollet High School. A secretarial career awaits her; she plans on office work this fall. "To be honest, to have fun, and to solve your problems as they come" is her idea of an ideal life. In her leisure time, she enjoys horseback riding, fishing, bowling, and rollerskating.

A new face around NUHS always brightens things up; Chuck Ryan is a typical newcomer. Registering into NUHS was his most exciting moment. As for his fellow students, Chuck comments, "They really made me feel at home." Working on cars, driving, constructing model cars, and some fishing take up most of his leisure. During this summer Chuck will be working, and in the fall he will attend Mankato Vocational. He is planning to study Automotive Mechanics after a year at Mankato.

One of our perky senior redheads is Judy "Crisco" Schwartz. "Crisco" is envied for her petite figure, but she loves to eat. The old saying, "It's the quiet one you have to watch", certainly applies in her case. Judy is the only girl we know who keeps her shoes in the refrigerator and her rollers in the wastepaper basket. Judy plans to work after graduation.

Every morning about 8:25, a big white car squeals around the corner, almost wrapping itself around a lamp-post. Naturally the car must be driven by one of the Wellmann boys, usually Rog. Rog Wellmann is just about as carefree as they come. Always rarin' for a good time or a practical joke, that's Rog. We'll remember him as one of Ed's boys.

Gary "Cotton" Watson is a devil in disguise. He not only throws clay on the walls in art, but he's also developed a method of getting out of detention. Gary dislikes "brown nosers," and his secret ambition is to be Elvis and, "rake in all that money!" "Seek and you shall find" are Gary's famous last words, and his future plans include work.

Diana "Dee Dee" Sellner is one of the few people in our school whose smile is a mile long. Always friendly, sweet, and ready for a good time, that's Diana. When asked what famous person she would like to be, she replied, "Diana Dors, because blondes have more fun." Secretarial work is the future plan for Diana.

One of the "little people" of the senior class is Ron Reinhart. Being small hasn't stopped Ron, for he loves to play basketbail. When asked what he had done that perhaps no one else has done, he replied, "My junior year I played intramural basketball on an undefeated team and my senior year on a winless team." If Ron could be any famous person, it would be Wilt Chamberlin because he's seven feet tall! Ron plans to attend M.S.C. in the fall.

A member of a famous twin set, Jackie Sommers, is well known for her many skits put on at pep fests. Her wit and humor made a many a pep fest "roll with laughter (?)" We also recognize her for her art ability, especially those paper mache masks. Jackie, ready to graduate, wishes to leave in remembrance her pigtails to Bonnie Scharf.

Darryl, "Yogi," "Frenchie," and others that are unmentionable, Schultz is a carefree guy who pleasures in seeing how much he can get away with. Being quite a ladies' man, Darryl's big idol is Richard Burton. His ideal life for a teenager is a million dollars, a brand new Lincoln, and a free pass to all the movies. After graduation, Darryl plans to go into the service.

Getting ready for graduation will be Elizabeth Thill's most exciting moment. Most of her friends know her by "Liz" or "Betty." Bowling, dancing, and tennis are her favorite pastimes. Working in a grocery store in Courtland leaves her little time for herself. She will continue to work this summer and in the fall hopes to be accepted at 3M.

Jane Vogel is known as "bitte" Vogel or "birdie" to all German students. Wherever you find action, you find Jane. Debate, various music activities, and Eagle staff keep Jane busy most of the time. When she isn't studying, she is knitting or busily sewing for 4-H projects. She may be one of the only seniors with her own private signature. Jane plans on attending the University of Minnesota in the fall.

NUHS is proud of one of its many talented seniors. Acting ability is natural for Willis Runck. In 1963 Willis received the best actor's award in the Regional One-Act Play Contest. Also, the many contributions Willis has made in FFA have made him an outstanding student in this field. Beside all this, he finds time to participate in band, choir, tennis, intramural basketball, archery, and table tennis. Working on his father's farm will take up most of his summer. The University of Minnesota will welcome him in the fall.

The only "Female CAP-er" in our class is Candy Stone. Besides CAP, Candy is involved in 4-H, band, choir, and,—we could go on and on. Homemaker of Tomorrow is her present title and Fairmont her present interest.

"One of NUHS's great wrestlers" (in his own words!)! Tom Zitzman was Mr. Anderson's mainstay this season. Right after graduation Tom plans to start a career in the Navy and looks forward to future travel.

As bouncy as a rubber ball, Geanie Stone is the one of the explanations for increasing school spirit. A cheerleader and ardent fan, Geanie has "pep" as her middle name. Next fall will find this girl a freshman at Mankato State and the summer she'll be "cashiering" at the Starlight.

Our student body president, Dorothy Young, says that her high school years will. contain memories of "that great student body." For Dorothy there will be many other memories also. . .homecoming festivities this year, student council meetings, music activities, modern dance programs, and cheerleading, just to name a few. St. Olaf is Dorothy's college choice.

A "commuter" to NUHS from Courtland, Frank Zupan was one of the less talkative members of the class of '64. Frank's main interests centered around a certain fellow classmate of the opposite sex.

"Mr. Reliable" as far as yearbook typists were concerned, that was Larry Stueber, a rather quiet senior. Larry will never forget his most embarrassing moment—dropping all his books on the feet of a certain teacher!

Probably the only "senior" girl who has held Loren Jones in her arms is Gwen Sommers. She has many enjoyable qualities about her—such as beauty, charm, wit and poise. The only real time she lost all these was the day her wrap-around skirt unwrapped. Gwen will always be remembered at NUHS for her fine appearance and everwinning charm.

Commonly known as "Emmo", Emerson Windland, though small in stature has big ideas and can always be found doing some "exciting" task. He is a great guy who has a wide variety of interests and many friends. Emmo is well-known by all the class of '64 and we all know that deep-down inside, there is a will to try and succeed.

Tall, blonde, and handsome, the new senior member of the golf team is the idol of many. Ron Wieland or "Appollous" did an outstanding job in our senior class play as well as in sports and plain "having fun." As a remembrance of Ron, he wishes to leave his basketball shooting to Merv Muchley. Ron enjoys many things, including traveling, little white balls, and hardware stores.

The big guy our class has was Rich Smith. "Rich" took a lot of our teasing and never complained. Fun and helpfulness are Rich's best qualities. No one will ever remember seeing a sad look on Rich's face.

Who can receive a newcomer in the best of spirits? Why, Gary Shavlik of course. His quiet, shy looks makes most people think he is an incrovert, but get to know him and his personality really radiates. Whenever needed, Gary was always around, whether it be for a class play, prom or a softball team on Skip Day.

A shy girl who always wears a smile is **Betty Wenger**. She isn't known to be a loud sort of girl, but her presence is always felt in her sweet, considerate manner. Betty enjoys sewing, art work, horseback riding and swimming. Next year Betty plans to attend Commercial Art School and is bound to succeed.

One of the "Fun" boys is Howard Olson. Noted for his friendly disposition and his happy-go-lucky ways, Howie has made many friends. Had it not been for Howie and Emmo, the Class of '64 would have been quite dull. The service will be Howie's future site.

Tom "Crazylegs" Seifert is another one of Mr. Epp's boys. Tom's ability to run fast has not only helped him in track, but also in other "sports" as well. He usually catches what he's after! Noted for his friendly disposition, Tom has made many friends. Many thanks go to Tom for the use of his "yellow Jet" during noonhour this year. After graduation Tom plans to join the army.

Being the FFA Chapter President, Carl Rolloff encountered many problems. One and probably most embarrassing, took place at their annual banquet where the FFA. Sweetheart was selected. When Mary Ellen Scheible was announced, Carl approached her to pin on the corsage, a task that proved to be rather tedious. The University of Minnesota will be included in Carl's future plans.

Also attending St. Barnabas School of Nursing is Dolly "Web" Webster. Being chosen secretary of the Senior Class and playing the roll of Violet in the Senior Class Play shows Dolly's contrasts. Fun-loving and always ready for a wild time (Like burning candles at both ends, that' Dolly). She is sure to be a success. When asked what her most embarrassing moment was she replied, "An incident related to three words. . . "You may resume!"

One of the more quiet boys in our senior class is Dave Rose. Participating in track, Dave will be remembered as one of Mr. Epp's "faithful" members. Dave's main hobbies are hunting and fishing, but they come after he's done working. After graduation Dave plans to go into some branch of the service and take up a trade.

Noted for practical jokes, we'll remember Pat Wandersee most, especially for putting "little goodies" in the garbage cans during "My Sister Eileen". One of the sweetest girls in the senior class, with a desire to help everyone, Pat has made many friends. Although her last name starts with W, she is usually found near the P section of the senior lockers. (P for Pat?) Success is sure to follow Pat. After graduation she will attend St. Barnabas Hospital School of Nursing.

"The Wreck" from the Senior Class Play is known to most of us as Richard Sundstrom. Not only is he busy in the field of dramatics but also in the musical and athletic fields. He participates in gymnastics, track, choir and boy's choir. During the summer Rich will work and in the fall he will enter college or the Air Force. People who don't think for themselves are his pet neeve.

One of our more ambitious seniors is Janet Thomas for she is entering Mankato Commercial College starting June 8!!! Although she plans on going to school right away, she feels that graduation will be one of her most exciting moments. Swimming and bowling are two of her favorite pastimes. If she could travel, she would like to go to California. People who are always telling others what to do are her pet peeve.

We have a Beatle fan in our group!! Who is it? Why our own small, quiet senior girl, Kathy Waibel. Beside listening to the Beatles, Kathy enjoys roller skating and bicycle riding. "Wiggles" is the nickname given her by her friends. She plans on working in New Ulm for the summer and the fall. "Eat, sleep, drink, and be merry" is her idea of an ideal life.

Through the years at NUHS many know Karen Ulrich as the "most enthusiastic fan" at the games. Naturally when asked what she will remember most about school, she answered, "the great times at the football, basketball, and baseball games." Being chosen as one of the Homecoming attendants was her most exciting moments. Drawing and water skiing are her favorite leisure activities. She is undecided about the future.

# Lambrecht Voted FFA President

The New Ulm Chapter of the Future Farmers of America held their annual election of officers on May 12. The new officers for the 1964-65 year are president, Allan Lambrecht; vice president, Kenneth Lang; secretary, Michael Griebel; treasurer, Roger Besemer; reporter, John Fluegge; sentinel, Tom Haala.

At the underclassman awards assembly, Paul Brandel was named the Star Greenhand of the New Ulm Chapter. Allan Lambrecht, John Schroeder, and Roger Besemer each received three chevrons for their activities in the FFA. In addition Allan was named the Star Livestock Farmer of the chapter, and John Schroeder was named the top Dairy Farmer.

The FFA Picnic was held on May 19 at the Arley Rolloff farm. A good time was had by all.

## Finally They're Gone

The Class of 1964, 146 members, graduated with honors last night, Thursday, May 28. Mr. Luther Fjelstad, Superintendent of Schools, presided.

The processional, "War of the Priests," was played by the High School Band while the arch was carried by Nancy Hagg. "Come Thou, Holy Spirit," "Angels Rolled The Stone Away," and "Glory" were sung by the Select Choir. "Highlights from Camelot" was then played by the band.

The address was given by Stanley J. Wenberg, Vice-President of the University of Minnesota.

"Younger Than Springtime," sung by the senior choir members, preceded the introduction of the 1964 graduates given by Mr. M. A. Ly nott, the High School Principal-Frank H. Niemann, President of the Board of Education presented the diplomas.

The Audience sang the "Star Spangled Banner" and the recessional, "Pomp and Circumstance," was played by the band.

## **Editor Chosen**

The editor-in-chief for the Eagle in 1964-65 will be Sylvia Dethmers. Tri-editors will be Sue Anderson, Henry Frisch and Jean Eyrich.

The final decision was made after meetings of interested Juniors, nominations and voting. Miss Reinert and Mr. Marti will be the advisors.

# The Spectator

(E.D. Note) When the deadline passed for copy without anything from Anderson, the editors held a hasty meeting. Three possibilities lay open. One was to make a column of "The Best of The Spectator". As soon as the laughter subsided, somebody suggested that the space just be left blank so that the readers could doodle, or collect the autographs of all their friends. However, it was mentioned that if the column were left blank, nobody would notice the difference. Therefore, the biggest, strongest editor was picked to break down the room's door and get all the writings and notes on his desk.

After sifting through all the material they had obtained, they decided to print the only legible piece in existence. It's actually a letter to somebody in New York named R. N. While this may not look much like a letter, it must be remembered that none of his articles looked too much like good articles. "Dear Mr. R. N.:

With the papers now calling everybody and everything by their initials, it becomes refreshing to realize that this form of insanity isn't just an invention of the past few years. Going back to the 1940's, we find that if one wanted to, one could join the A.F.S. (formally known as the American Fern Society). However, one can see a definite need for abbreviations when one considers the prospect of belonging to the A.I.B.-N.R.M. (The

American Institute of Bolt, Nut, and Rivet Manufacturers) or the P.A.G.B.I. (the Publishers Association of Great Britain and Ireland.)

Still, sometimes it might be wiser to spell out the whole long and tedious title, for obvious reasons. Take the case of the M.O.F.A.P. (Minister of Fuel and Power) and the W.B.L.E.'s (Wives of the Brotherhood of Locomotive Engineers.) Wouldn't that be a scene if, someday, some lady stormed into the government offices yelling, "I'm a W.B.L.E. and I want to see the M.O.F.A.P.!!!""

The only two times in the year when everybody wishes everybody else well are at Christmas and Graduation. Being in the mood of the season, (and having nothing much else to write about) The Spectator certainly wants to be among all the well wishers to those now-alumni. They've bothered, beaten, boobytrapped; confused, cussed and kidded us, but that's to be expected. They've always been pretty decent about it all, and we all wish them

the best of whatever they go into.

Another thing I have to do before school lets out, is to thank the poor people who have to translate my handwriting into English for The Graphos.

Serious consideration is being given to the possibility of having a secondary cheerleading squad for next year. This would relieve the cheerleading squad of some of their duties and would make it possible to have cheerleaders at times when two games are being held at the same time. This squad would consist of Greg Heille, Pauline Precht and Bill Radke. While Greg and Bill admit they aren't as cute as the first string cheerleaders (Pauline, as you know, never admits anything), they all feel that their cheers would be the most original ever heard in NUHS. Actually, Jim Stegemann is on the squad too, but his job is to sit on the sidelines and snort derisively ever so often.

And then there was the woman whose cooking was so bad that every time she caught her children saying bad words, she washed out their mouth's with lunch.

He's a literary snob you know, the kind with an unlisted library card number.

While he isn't graduating, The Spectator wishes to give the best of luck to Mr. Wolf. All the boys who've been helped by his coaching certainly know that he will go a long way.
