AMERICAN EDUCATION WEEK

American Education Week, which will be observed next week, has for its purpose the stimulation of interest and enthusiasm in universal education.

Education, as well as being a product of civilization, is also a factor in its promotion. Through the influence of learning, the ancient Romans developed a flourish- of the convention. ing civilization, the effects of which are still evident, even tho' barbarism and greed for power destroyed the great empire. The purpose of our modern education, however, is to abolish, if possible, faculty members, Miss Paulson and this barbarous tendency, to develop in man his body, his mind and his spirit to a full appreciation. of living.

Present day education is rapidly developing but we may only reach the desired goal if full coop-eration is obtained. An opportunity to visit the schools in session will greatly help the

American people to understand more fully the conditions and needs of our modern public school system.

Merely visiting a night session, November 4, 1936 however, is not sufficient to give the parents a complete understanding of our needs. Observation of actual classes would accomplish this end much more effectively.

November 5, 6 and 7 the seventyfirst state teachers' convention will be held at the Municipal Auditorium in St. Paul.

A general program of five sessions will be presented as follows: Music by the Johnson High School Choir, Central High School Choir, Mechanic Arts Choir, and Washington High School Girls' Glee Club; Address of Welcome by Mark H. Gehan, Mayor of St. Paul; <u>A Challenge to the Assoc-</u> iation by Lotus D. Coffman, President of the University of Minnesota; Training in Citizenship by Roy W. Hatch of State Teachers College, Montclair, New Jersey; Recent Developments in International Relations, by the Honorable Lord Marley, Deputy Speaker, House of Lords, London; and an address given by Dr. W. W. Bauer of Chicago.

The St. Paul Civic Opera Company, with Howard Laramy as Guest Artist, will present a program on Thursday evening at 8.00 P.M. This will be one of the most attractive features

In addition to the general sessions, section meetings in all of the special fields will be held on Friday. New Ulm is proud to have two Mr. Sutherland on the program. Miss Paulson will speak on Problems in Teaching the Newer Fields of Home Economics in the Smaller Community. Mr. Sutherland will speak on \underline{A} Competent Judging System. A large number of the teachers will attend the Minnesota-Iowa football game at Memorial Stadium on Saturday afternoon.

The yellow wave of Hutchinson proved too strong for the Lavendar and White and they were only able to score two touchdowns. Had the local team kicked the first point after touchdown, they would have tied the score, thereby remaining undefeated.

New Ulm started the march down the field. Aufderheide advanced the ball from Hutchinson's 45 yard line to the 10 yard line. On a fake reverse D. Kusske went over for a touchdown. Aufderheide failed to convert. The half was almost over when Krasen caught a pass from Hammel and made a touchdown. Krasen kicked the point and put Hutchinson of the public speaking class have in the lead 7-6. Hutchinson made their second touchdown early in the second half. A pass from D. Kusske to Loose resulted in New Ulm's second touchdown. Kusske converted and the score stood 13-14 at the end of the game.

ROBERT MILLS HAS MISHAP

On October 16, New Ulm defeated Glencoe's football team by a score of 30-0. During the game Robert Mills suffered a broken leg and consequently he is off the team His for the rest of the season. injury was the first in New Ulm's successful 1936 football campaign. He was carried from the field in the second quarter writhing with pain. Robert is now resting quite easily. We all hope he shall soon be able to leave the hospital and return to school.

The following is a personal account of the accident by Robert himself.

"Well, Glencoe had the ball, we were down in a defensive stance, the ball was snapped and play began. I went into the scrimmage and was met by two hefty Glencoe men. I attempted to ward them off and get through the scrimmage, but they came on and crashed onto my leg. Things started getting black before my eyes. The rest was white military jackets with purple only a blur of doctors, nurses and then blackness. Later I found out that my left leg had been broken quite closely above the knee and that's that and here I am, "he said grinning in his bed at the Union Hospital.

The entire student body regrets this unfortunate accident. We wish Bob a speedy recovery, and we hope to see him back in school again soon.

MUSIC DEPARTMENT NOTES

The different groups in the Music department are hart at work planning for a busy season. Three new members have been added to the band and some new members are being added to the orchestra. The chorus has been practicing "The Bells of St. Mary's."

A cornet duet group has been started with Delmar Huehn and Carl Ingle as cornetists, while Ellsworth Meerfield accompanies them on the piano. Mr. Kitzberger recently played a cornet solo for the American Legion with Verna Spaeth as his accompanist. Mr. Kitzberger is working with different groups who he will have play for the Armistice Day Celebration.

Efforts are being made to take a Pep band to the basketball tournament. Members who are very punctual and who show improvement in their work will be chosen. Seven people have turned out for the directors' class with the hope of being given the chance to direct the band at some football or basketball game. The outstanding member will be given a chance to direct at the annual music contest.

Many new members have been added to the drum corps to take the place. of those who graduated. Dorothy Schleuder and Phyllis Shake lel' the drum corps at their last practice. The drum majors are getting new uniforms which consist of braid, white trousers with a purple stripe on the sides, and tall white hats with large plumes.

The girls have been practicing each Wednesday afternoon in the Music room under the supervision of Mr. Kitzberger. They are learning new signals and new formations.
