Number 4

### Annual Theme Has Been Changed To Radio Effects

This year's annual is going to be is good an annual as any school could have with the amount of money we have to spend. The theme has been changed from a carnival to radio. This change was decided upon at the last meeting of the annual staff.

It is hoped that it will be possible to have a more substantial cover han was had on last year's annual. Those of you who have annuals from last year realize by now that your annuals won't be much good in a number of years from now.

To give you an idea of the theme I will give you a few illustrations. In the annual the SENIORS will be represented as the Quiz Kids, the the freshmen as the "It Pays to be Ignorant" program. This theme gives an endless number of possibilities to match with the different groups in school.

The reason the carnival theme was dropped was because of the fact that there aren't enough different divisions in a carnival to match the innumerable groups in school. The annual, being compared to a radio station, must have its own call numbers and its own radio wave length. These have not been definitely decided upon. None of

## Mahle Is Chosen Month's Rotarian

The Rotary Club of New Ulm has chosen Burton Mahle as its rotarion for this month. He has been chosen for his scholarship, outstanding citizenship and his participation in extra school activities.

Burt has been chosen president of the mixed choir this year; he also has participated in basketball, football, and track. He is the leading man in "The Man Who Came to Dinner" with the part of Sheridan Whiteside.

With the student rotarian from Trinity, Burt will attend the Rotary Club luncheons.

## What Do You Think Of Conscription?

Views on compulsory military training by "some of the people who know" in our high school:

One of our returned servicemen has this to say:
"It won't hurt them if they
go in training for one year.
If they want to go to college
they should put in that
year first. The experience of
getting out and taking care
of themselves will do
them a lot of good in the future.

"I think that our country should have a certain amount of peacetime conscription," continued Bob Haynes, "because all of the people of our country have fought to preserve its freedom, and it certainly is not a good idea to lay down our arms entirely like we did after the last war. This country is one of the richest nations in the world. We all know that and so do other countries. Although the axis nations will not be able to rise to a power for a long time, it is evident that eventually they will. If this nation stays strong, we will never have to worry about our sons, or their sons, going through such a terrible ordeal as we did."

Joe Milinovich has this to say—
"I like the idea that was presented here a week ago. That is, every

This year's annual is going to be these things are definite and may good an annual as any school could still be subject to change.

It was decided that the annual should have a permanent name as most other schools which have an annual. Because of the fact that New Ulm is represented by the sign of an eagle, it was suggested that the New Ulm Annual be known from now on as "The Eagle".

## We're Incapable Who Says So?

Quite a bit of indignation has been aroused lately by some of the editorials and the letters to the editors in the Minneapolis Star Journal. It seems that quite a few adults feel that high school students are too immature and incompetent to drive safely. Some of the students of New Ulm High School have written to the Journal giving the side of the high school student. So watch the editorial page of the Star Journal for results.

### Audio-Visual Education Institute At New Ulm

New Ulm has been selected as one of the six places in the state of Minnesota where regional institutes in Audio-Visual Education are to be held, under the sponsorship of the University of Minnesota, November 28.

This demonstration school will be held in NUHS auditorium from one to five o'clock in the afternoon and from seven to nine o'clock in the evening. Twenty teachers from out of town will conduct these classes. From our own school, one of Miss Wuopio's Biology classes and Miss Harbo's sixth grade will participate.

The purpose of these institutes is to bring to the teachers of the public schools information on the utilization of audio-visual education

There is a possibility that two of New Ulm's former superintendents, W. A. Andrews of the State Department of Education, and Harold Bauer, superintendent of Winona Public Schools, will be here for the meeting.

boy at the age of 18 should go into four months of basic training in the army. After four months this boy has a chance of three things. [1] He may continue on with eight more months of training in the army. [2] He may go to college and take four years of R. O. T.C. or [3] He may join the National Guard for three years. In this way students will not have their education interrupted."

Orlene Raverty says this—"If there is a compulsory training law it should be enforced between high school and college. It should not interrupt his schooling in either high school or college after it has once been started. If conditions for military training are made inviting enough enlistments may be sufficient so that this training would not be compulsory. We definitely will have to have an army for protection."

Thelma Muesing thinks this way — "Unless our government turns Bolshevik I don't think Compulsory Military Training is essential to the safety of our country. Complacency is a thing of the past and Americans are aware of world conditions."

Doris Eaton Mason

## "Hokus Pokus" Stuns Audience

Phoof! Where is it? Yeii! How did it get there? I'll bet there were more than just a few of you that were as much in the dark as I was that day that Loring Campbell produced black magic.

How in the world did he get that glass of water in the shopping bag? [without our seeing it] How can paper be torn and not be torn? Seems to me that a certain physics law says it can't be done. Oh, well, I guess I'll never know until I graduate from one of the magician schools.

Suzie has quite a choice for men, hasn't she? Judging from all the colors that Stan Martinka's face radiated, you would think he wanted to keep his romance a secret.

Here's a hint to some of you who might be especially interested; Mr. Herrmann and Mr. Lynott are more or less amateur magicians, themselves. Maybe you could get some information from them.

### BUY XMAS SEALS

### Sophs Will Soon Present Play During Assembly

### Sculpture Program To Be Put On Soon

Doris Eaton Mason will lecture at N U H S on Tuesday, December 11; at 1 P. M. Her topic will be sculpturing. This lecture will be really two programs in one, because as Mrs. Mason lectures she also models the clay portrait of someone she chooses from the audience.

Mrs. Mason has been studying and practicing art for the last 15 years. She received her master's degree in this field at the University of Iowa. She is also a graduate of the University of Idaho.

Doris Mason has lectured and demonstrated before more than 400 audiences in 25 states of the union.

Mrs. Mason will lecture on how the muscles are attached to the bone structure of the head, and how they produce the various expressions of the face. She demonstrates these physical facts in clay as she proceeds

### Health Council Holds Meeting

November 5 the school health council held a meeting in the school library at 4:30. The chairman of this council is Tom Pfaender.

The purpose of this council is to remind students of the danger of poor health habits and to show ways of remedying these habits.

Other members who represent the grade schools and other activities are Mathilda Johnson, Washington School; Louise Hensel, Emerson School; Emma Dupere, Lincoln School; Maurice Lynott, New Ulm High School; health service representative, Cora Bruess; home economics representative, Ann Westling; Graphos representative, Donna Kienlen; Student Council representative, Warren Epple; and health guidance representative, Alida Nieboer.

### "The Messiah" To Be This Year's Yuletide Program

### "The Messiah" Soloists Have Been Selected

Soloists who will appear in Handel's sacred oratorio, "The Messiah", have been announced. "The Messiah" will be presented Sunday evening, December 16, at 8 o'clock in the high school auditorium by the 175-voice Civic Choir and part of the Civic Orchestra, under the direction of Paul Heltne. The Civic Orchestra has been reduced to 18 pieces to appear in this presentation.

Soprano soloist is Jean Bartl, graduate of NUHS, who is now studying at the McPhail School of Music in Minneapolis.

Thelma Muesing, member of the Class of '46 and a well-known school musician, will be the alto soloist.

The tenor soloist is Hollis Johnson of the Department of Music at Macalaster College, St. Paul.

William Loomis, baritone soloist, is a member of the St. Paul Civic Opera Company.

The choir and orchestra will present the Christmas version of "The Messiah". Down through the ages, it has been the custom for the audience to stand during the Hallelujah Chorus. This custom

was started by the Royal Family of England the first time "The Messiah" was presented in England.

### Jordan Tests 1024 For Tuberculosis

This past week about 1,024 school children were tested for TB by Dr. Kathleen Jordan. The percentage of postive reaction was very low and we were glad to note that the response in the senior class was ninety-five per cent which is very good. The response could have been much better in the other classes.

Most of the positive cases have all ready been X-rayed. This type of work is done to safeguard the school population; however, the measure of safety attained depends on how many take the test. Those who refuse to take this test are really being unfair to classmates, who are doing their share to make theirs a safer school.

"I'm doing the same work in the rest of the schools of Brown County," stated Dr. Jordan, "such as, Hanska, Sleepy Eye, Springfield, and Searles." Testing was done in Comfrey by their own doctor.

### PLAY TO BE GIVEN WITHOUT PROPERTIES

Cast for the sophomore class play has been chosen. "Antic Spring" is to be presented for senior high on November 30 after Thanksgiving vacation. The play, which is oneact and without properties, is being directed by Alice Steen.

The cast includes Harriette Heymann as Ginger, Kathy Kral as Gwendolyn, Mary Ann Herrmann as Blossom, Bill Dempsey as Robert, Waldon Thiede as Sam and Kenneth Herzog as Elbert.

Ginger, very serious and energetic arranges a picnic to which she invited five of her high school friends. Gwendolyn is present physically but is very absent minded, being highly concerned in her conquest of Sam, her jealous football hero.

Elbert, just fourteen and "at that certain age" finds his love affairs very nauseating since he is interested chiefly in the pleasant pastime of eating and being a nuisance. Blossom bubbles over with enthusiasm over flowers and "baby wowes" and finds herself fascinated with Elbert, her first date. Robert, for whom the picnic is planned, is a poetic soul and sensitive; especially to ants.

### Office Makes Radio Survey

A special radio survey was made during the homeroom period on Monday, November 5. It was made to find just what days most of us listened to certain programs.

It was a little hard to tell just

how it all turned out because quite a few of the homerooms forgot to turn in their papers, but in all we find that the most popular program on Sunday is Baby Snooks; our favorites on Monday, Cedric Adams and Lux Theater; on Tuesday, Inner Sanctum and Friendly Time; on Wednesday, Frank Sinatra and Dr. Christian; on Thursday, Suspense and News; on Friday, Aldrich Family; and News; and on Saturday, Friendly

### Service Board Adorns Hall

Time and Hit Parade.

It is made of wood, and it is decorated in red and white and blue. It was made by Calvin Lewis, a member of the graduating class of '44. You've glanced at it often as you passed through the main hall but have you ever stopped to look at it? Do you know, for instance, that there are 292 names on that board?

On it are listed the names of members of all branches of the armed forces, who served in World War II and graduated from New Ulm High School. Do you know that the Graphos staff takes care of keeping it up to date? Have you guessed what it is? Why of course, it's the NUHS Service Board!

### Stamps Make Bonds

Men are coming home by the thousands from the European and the Pacific theaters of war. Rehabilitation is just beginning for these men. The GI Bill of Rights costs money to keep up; there is "mustering out" pay to be given each and every soldier, sailor, and marine who takes leave of the armed forces. Three hundred dollars isn't hay when it is multiplied by several millions. fighting is over, but rehabilitation is not! So buy an extra Victory Bond during the Eighth Victory Loan Drive -And remember, stamps add up to

### Christmas Seals Support TB Victims

It is just a little germ, this TB germ, but it has put many a person on his back; and while they're in bed, unable to work, who takes care of them? Who pays for the good food, and excellent care they receive while in the TB sanatoriums? How many lives are saved each year by the treatments they receive? Where does the money to do this come from?

Many organizations contribute to this cause, but the largest contribution comes from the sale of Christmas Seals. Just penny stamps, but how far those pennies stretch! There are so many things they help to do!!

When your student council representative comes to your homeroom, try to buy a dollar's worth of these Christmas Seals; if you can't, at least buy a few.

Miss Raverty explains a difficult chemist-

John Brust-"I know I should have taken Aeronautics."

Mr. Heltne-[before the concert] "keep your knees together on the floor."

Daffynition-

Warren Epple-A kiss is a noun, though often used as a conjunction. It is never denied, it is more common than proper, and is used in the plural and agrees with all genders.

"I came, I saw, I conquered." Helen Monsooor-[inquiring about a new student]—"Where is Vickie?"

Miss Fisher-"She came, she saw, she

Mutzie-"Are you ever dense." Flecky-"Dense? I'd love to."

### Thanksgiving Is To Have Meaning To Everyone

What does Thanksgiving Day mean to you—a student; to you—a faculty member; to you—a business man; or to you—a mother? Do you know what it should mean to each and every one of you?

It isn't just a day when you stuff yourself with turkey, cranberry sauce, and mince-meat pie, or the day you get out of going to school or to work to do so. Or, at least it shouldn't be. It is supposed to mean exactly what it sounds like, "Thanks" giving Day. A day on which the whole nation should get down on its knees and thank God for all the blessings which he has bestowed upon us this year, and every year. We have a lot to thank Him for, you know; for the food we eat, the clothes we wear, the house we live in, yes, and the country we live in! And above all, this year, for the Peace that has come to a war torn world.

Will you go to church on Thanksgiving Day? Think it over, student and teacher! Think it over, businessman and housewife! Think it over,

Jack London by Shannon Garst is the story of color and excitement of Jack London's life. He had to struggle to make enough money to pay for his enterprises. At twelve Jack London was a wharf rat. Being with sailors made him hungry for the sea, and so he bought a skiff. At fifteen he found the work so hard in a cannery that he borrowed money, and bought a sloop and became an oyster pirate. From then on his life was one of adventure. At nineteen he entered high school and in his frantic pursuit of knowledge completed the course in a year and a half. He then entered the University of California. Later on he heard of the gold rush and he made his way to Klondike, and the force of his experiences there led to the period of story writing that brought him fame. He wrote such things as Call of The Wild, Martin Eden, The Iran Heel, White Fang.

A Sea Between is so absolutely true to life that you almost feel as if you are Prilly, sharing her troubles and hopes and happiness. Prilly is a girl you might meet any place. Prilly's romance with Cardy grew from their understanding, common interest, and comforts in each other-not the love-at-first-sight kind. It shows Prilly working and enjoying simple household chores, getting to know her lover's town and the people in it, and working out her problems while she is waiting for him to come home. This book was written by Lavinia R. Davis, author of Stand Fast and Reply.

You should see the beard that George Shuck raised for the senior class play! It's a honey! [the beard, I mean]

Don Fenske is quite a "Crooner?" I gave him a listen at the class play Thursday and

Egad! What was that, I just saw go crawling down the road. Well what do you know-it's Bob Haynes' new [?] car ]?] He even lends it to Stout to take Phyllis out in.

Gee, Diary, I wonder who Chuck R. was waiting for at the Graphos Grapple, Friday night.

Didn't all the guys and gals look "lush" in formals and bow ties, Sunday at the concert?

Isn't "Mac" looking healthy these days, hummm?

Today Toni Thiede sat at the piano and played for me while we were waiting for the bell to ring-honest that gal is terrific! When she plays "Rhapsody in Blue", or "Clair de Lune" I could sit and listen for

Well, I guess I'll throw in the towelfor this time. See you soon again.

By now, Shorty

### Give Thanks On Thanksgiving

## Sights on Seniors

While Mr. Sutherland yells at us at play practice, we are being supplied with more material on famous seniors.

One of the young ladies handling the hand properties is Doris Wersal. As she hands us a couple of gift-wrapped packages to go on stage with, we realized what a wonderful thing hand property managers are. Doris is 17 years old and was born on March 31. She likes skating and basketball and just loves to do dishes.

We decided it would be nice to see what the play looked like from out front so we sat in the front row where we encountered Thelma Muesing, our student director. Thel was born on February 8, which was a lucky day for all the world. She is a slim blonde girl with a feather cut and blue eyes. She participates in almost all extra curricular activities [except maybe football]. You might find Thel working in her Dad's drug store on Saturdays.

As the bell rang for the second act, we rushed behind stage so as not to miss a cue, and there was Warren Epple fully occupied buzzing the door-bell or ringing the telephone. Warren is a noted camera fiend who drives a nice brown auto. He has black hair and eyes. [not black eyes, just black hair] Warren just loves to have big assignments in all of his classes.

Marvin Martens plays the part of Professor Metz, an impressible bug collector. Marvin is a student manager of the music department this year. Marvin was born February 16.

# Chat

Couple of the week: Wally Waible and Jean Forster.

If you had dated a coed you thought was real sweet As I did:

And she got rid of the family real

And you started to talk about the weather.

And she seemed to get hard of hearing and kept getting closer,

As she did; But you thought there was plenty of air in the room,

But she started to act like she was half suffocated,

What would you have done? That's what I did.

### Most Eagle Veterans Back With Squad At Practices

Long, Tough List Of Games Slated For Coming Season

By Wm. J. H.

Things are beginning to get a very good start in athletics now that mid-November has rolled around. Headliner for the New Ulm Eagle sports department is the basketball practice. Others include the gym team, which began its practice this week, and the wrestling squad, which started last week.

Quite a few boys of the senior high school are out for the New Ulm high basketball team including many of the veterans of last year. In comparison to last year, however, the boys on the first string this year are mostly seniors and not lower-

### Four Regulars Back

Four of the first five cagers of last year's twice defeated team came out on the floor to report to Joe Harman on the first Monday. Those four are: Don Eichten, Jack Pollei, Stan Martinka, and Herb "Doc" Furth. Missing from the roster are Roy Austad and Marvin Lieske, both centers. Roy was the first string center and Marv, who came to the Eagles from Morgan,

was on the second string of players. More of the boys also reported to Coach Harman, including some of the more prominent juniors and sophomores.

Who Fills Vacant Spot

One of the big questions in the minds of all the basketball fans in the school before the first game comes around with Waseca on November the 30th is the one of

who will fill the vacant position on the first five. Some speculate that one of the returning four might be, shifted there and some new boy most likely another senior, would fill the vacant position left by him.

Those out for the team on the first night of practice included: Don Fenske, Bob Niemann, Tom Hayes, Arlo Becker, Jerrry Prahl, Marvin Rempfer, Richard Schuler, Delbert Altmann, Charles Herrmann, Burton Mahle, Jerry Kraus, and Aaron Romberg. More were to come out later on in the week.

Roosevelt Comes Here

The schedule for the year will include fifteen games to be played through the end of February. One of those looked forward to the most is that of December 8. It is one which will bring in Minneapolis Roosevelt to the Eagle home floor. The Teddies are among the strongest Twin City teams to be found. They made a name for themselves in the football of 1945 by taking the Twin City Title just last week. In basketball they can be expected to be just as good.

And here is the schedule: Nov. 30-Waseca there Dec. 7—Fairmont there Dec. 8-Minneapolis Roosevelt

Dec. 14—Sleepy Eye here Dec. 18—St. Peter there

Dec. 21—Gaylord here Jan. 11-A split squad will play Blue Earth here and Gaylord there.

Jan. 18-Hutchinson here Jan. 25—Springfield there

Feb. 1—Redwood Falls here Feb. 8—St. James there

Feb. 12—Sleepy Eye there Feb. 15—Glencoe here

Feb. 22-Redwood Falls there.

### Pfaender Attends **Vocational Meet** At Hamline U

On November 7 Tom Pfaender attended the Twelfth Annual Vo-Conference at Hamline cational University.

While he was at this conference, Mr. Pfaender gave talks and conducted the workshop for the physical education and recreational majors at Hamline. Nearly fifty upperclassemen are at the present interested in the physical education

Although nothing has been settled as yet, Mr. Pfaender said that the officials of Hamline University would like to have their students do practise teaching here. This would be in the physical education line and results because of the high regard they have for the New Ulm High School Phy. Ed. department.

Variety is the spice of life. [Boy! are we "spiceful"-wait till we see Miss Steen again] We're speakin' of those original [???] blue and white plaid "nightgowns". [Lumberjacks to some of you.] They're strictly from hunger. We vowed that if we'd see another one in the course of the St. James game we'd scream. We were hoarse after about a baker's dozen [13] came by. Why don't they get more on the Right? REET!!! Take Bill Dempsey, Khalil Mansoor, or Jim Clark for example. They're PURTY. [Of course we mean their lumberjacks.]

Last issue we gave you the opinions of Miss Steen and Miss McLaughlin on high school "rags" and this week we'll see what a few more have to say. We met Mr. Lynott and he said high school kids do pretty well, but he thinks the shirt-tail variety is no go. [Don't we all?] Next we stopped off at Irene Fisher's room. After exchanging digs with a couple of her home room pupils, we asked her what she thought of girls' attire. She said, "I think we can be proud of our girls in school. They dress very sensibly."

While we were conversing with Miss McLaughlin, Friend Stanley in. We mean Martinka nat'ally. His opinion on shoes [he gave it to us whether we wanted it or not] is quite interesting. Seems "Kostka" has been noticing girls' feet. [FEET, he says.] Stan said, [yawn] "I like shoes where you see half the foot. They swoop down in front and look like stilts in back." A master has spoken!!! So gals, if you want to make an impression on Kostka come in your

### Glaser, Kraus Hitch-Hike

Ralph Kraus and I [Donald Glaser] in great spirits, left for Rochester early [9:00] Saturday morning. We got a ride right below the railroad tracks as far as Mankato. From there we got a ride with a truck to Waseca. Then, a romantic couple picked us up and gave us a ride into Rochester. This couple was so much in love, that he wouldn't let her go for a minute; any minute I thought we would have an accident, because he didn't have his mind on the road. Finally we got into Rochester at 10 having made very good time. Upon coming into town we went to the Carlton Hotel to eat. The place was very crowded and we had to wait quite long. After eating, we walked through the main dray, and I must say, it was quite dead. There wasn't a thing to do. Finally we met a friend of ours who is on the Rochester Gym Team. He's quite handsome, girls. [If you want his name and address, just come around.] By the way those of you who know Ralph Kraus quite well; all he did for about an hour was to look at the motor bikes. He told me they were some of the best he has ever seen. Well, seeing there wasn't anything to do we went to a cowboy show. It was the only one that was open. When

My, my, fine weather for ducks. These days the G. A. A. gals are supposed to have archery at Turner Hall, but on rainy days the gals play table tennis and do tumbling

Last week Miss Hein left us for a month. Mrs. Robert Crumrine and Mrs. Verne Tyrill are the substi-Tyrrill teaches the tutes. Mrs.

"Wow! What are they?" "My gosh! What a mess!" "I think they're cute!" Comments such as these were common lately at school and the last teen dance. What were they thinkin' of? Ever heard of knee-socks? [Al Ganske 'calls 'em extended "bobby-socks".] The sophomore girls mostly are comin' out in full glory in their "halfs". The idea came, believe it or not, from the football game with Sleepy Eye. We noticed some of the players were bedecked in black knee-socks with their uniforms. These creative souls were numbers 21, 22, 4, and 20. What do you think of this fad??? Hmmmmmm?

Goody-by. We'll be lookin' you over and stuff like that there!!!!

we got out whom do we run into but some girls Ralph knew. We talked awhile with them and finally got rid of them. [Sorry boys, we don't know their addresses.] By this time it was 4:45 so we walked up to the school to look up a friend of ours, but he wasn't there so we went back to town. By this time it was 6:30, so we started back to good old New Ulm. A lieutenant gave us a ride into Mankato, finally arriving there at 7:45; it was impossible to get a ride out. The train wasn't running, and we missed the bus. Finally at 4:00 in the morning we got a ride with the Six Fat Dutchmen to New Ulm and on the way the bus broke down. Finally we got home about 4:45. Ralph and I went straight to bed and got up at eight. So you see it doesn't pay to go out of town unless you have a car.

afternoon classes and Mrs. Crumrine the morning classes and she is also in charge of G. A. A. We certainly are lucky bunch to get such substitutes. Hurry back Miss Hein!

Everybody is asking about the trip to Austin. It seems Thelma hasn't heard from the Austin G. A. A. leader yet; but as soon as possible you girls will be informed.

About 95% of the senior girls took the Mantoux test and there were very few positive reactions. Bonnie Neuwirth sure caused plenty confusion when she did her fainting scene from the play during the Man-

### Music Musings

Hiyah, longhairs! Here we are again just buzzin' with all the latest squeak 'n sqawk news.

Calling all you Woody Herman fans! Bet you .didn't know that Woody's brother, Erling Herman, was here at the Redwood Falls-New Ulm game on October 5, did you? He's the music director at Lake Crystal high school.

Say, kids, don't you agree that the marching band deserves a big hand for its swell performances at all the home games? They really put on good shows even though it was quite cold at some of the games.

We, along with all the rest of you who attended the dance at St. Peter after the game, agree on one thing-the St. Peter Swing Band certainly is tops. Our hats are off to you, "Rhythm Kings"!

Now that Ralph Peer, the ocarina virtuoso, showed what can be done on a "sweet potato", we suppose some of the little instruments will be seen in the hands of the more musically [?] minded students.

All of us who saw the Glencoe band perform agree that it did a swell job regardless of the cold windy day. Those who have been in the marching band certainly could sympathize with those kids who performed that day.

## Meet at Radisson

The National Council of Teachers of English is going to meet at the Radisson Hotel, Minneapolis, on November 22-24. This national convention is the thirty-fifth meeting which 2,000 teachers from all over the United States will attend.

The program will consist of discussion on speech, grammar, reading, and intelligent listening. Noted speakers will be Max Herzberg, and Luella Cook. Ruth Sukow, a novelist, and Robert Penn Warren, a poet, will be guest speakers at the annual banquet.

Several of the New Ulm English teachers will be present and they are as follows: Evelyn Larson, Jean Treadwell, Alida Nieboer, Ralph Sutherland, and Mary Kay-

### 'Graphos Grapple' Turnout Was Good

The Swing Band appeared in full glory last Friday night at the "Graphos Grapple". The dance didn't get under way until about 9:15, when the gals and their pals began to arrive. [Incidentally,

there were only six couples at the dance.-What's the matter, guys] The dance lasted until 11:30. Up to this time many varieties of music were played, such as waltzes, polkas, and "solid swing".

Some coming "Swing Band" appearances are auditorium program on December 7, a semester dance January 19, a senior high dance February 2 and March 2, and May 17 on skipday there will be an all

Besides these the Swing Band might appear at some basketball games, and they will accept one out of town engagement.

## Receives Kiln

The high school Art department has finally gotten a kiln. Miss Bruce, the Art teacher has been trying for several years to get one.

The kiln is 12 feet high and 12 feet wide. It is electric and is used for firing clay. It takes at least 18 hours to complete one firing.

After the clay is molded into whatever shape desired, it must be left to dry thoroughly before it can be put into the kiln. After it is thoroughly baked, a process which takes several hours, it is left to cool and then glazed and baked again. After the first baking it is known as "Biscut ware"—after the glazing and second baking it becomes pottery.

There are numerous possibilities in working with clay. This course is offered to the Senior High Art class who are now working on vases, small statues and the like.

Pottery-making is not a new form of Art-it has been known to be used in the time of the Caveman. Pottery-making is being used in hospitals to help nervous returned veterans regain calm nerves.

### Odds and Ends------by G. TD.

Have you ever noticed the resemblance between Mr. Snowbeck and Oscar Levant?

A man thinks that whatever vexation a woman is suffering from, his kisses can put it right.

The way to fight a woman is with your hat. Grab it and run.

If you are patient in one moment of anger, you will escape a hundred days of sorrow.

The road to ruin is always kep in good repair, and the traveler pay the expense of it.

If nine tenths of you were as weak physically as you are spiritually, you couldn't walk.

A bachelor is a man some woman didn't decide to marry. [Although there is a muscular exception who teaches history.]

If we could read the secret history of our enemies, we should find in each man's life sorrow and suffering enough to disarm all hostility.

### Teachers of English Art Department Hein Takes Leave Schultz Is Elected

By a suggestion of, Hildegard Hein's doctor, she was advised to take a rest. Mrs. Tyrrell and Mrs. Crumrine are taking over Miss Hein's work for about a month.

Mrs. Tyrell and Mrs. Crumrine are doing very excellent work. So girls, give these teachers all your cooperation so when Miss Hein comes back the teachers can speak well of us.

### Science Awards To Be Given

This year New Ulm high school will participate in the national program of presenting the Bausch & Lomb Honorary Science Award, the winner of this medal is thereby eligible for one of five science scholarships at the University of Rochester.

The Bausch & Lomb Honorary Science Award will be awarded to the outstanding science student of the senior class of 1946. Charles Doering won the award last year. Only winners of the Honorary Science Awards are eligible to compete for the Bausch & Lomb Scholarships at the University of Rochester at Rochester, New York.

The University of Rochester and The Bausch & Lomb Optical Company have announced the annual national competition for five science scholarships valued at \$1,500. each. The competition is open to nearly 3,000 high school and preparatory schools including New Ulm. Winners of the scholarships, who will be chosen next spring, are ex-

At this time, the officers of the organization will present a program, under the supervision of Glenn Scott. It will consist of the operation of the Future Farmers of America an the duties of the various

The officers who will take part Robert Griebel, president; are Ralph Rosenau, vice-president; Jerome Franta, secretary; Marlen Gieseke, reporter; Harold Roth, treasurer; and La Verne Schugel,

### Normal Trainees Begin Teaching

If Robert has six marbles and Mary has four marbles, how many marbles have they in all? Yes, that is what I heard as I went by the Teacher Training department door. From what I can learn, the students started practice teaching Monday in the third and fourth grade of the Washington and Lincoln schools.

We also hear that to help the trainees really feel professional they

pected to make their major studies physics, engineering, chemistry, or mathematics, or a combination of these subjects.

New Ulm High School's debate squad really had an unusual debate tournament a few Saturdays ago. Early on the morn of October nine sleepy speakers [and Ralph Sutherland] rolled out of bed and tumbled into cars. After about two hours riding they finally approached Macalester College where the big tournament was to take place. Naturally, everyone was in a dither, The first interschool competition of the season! Will we win? Will that cute boy from John Marshall High be here? Now about that girl from South St. Paul? But, alas, all our questions that day, including those that were to be hurled at our opposition, went over the board. It developed that we were about two months too early. The tournament had been postponed until December, and through some error, Macalester had failed to notify us. Of course, I can truthfully say [with my fingers crossed] that all the debaters were down in the dumps, so to say, because they had to spend the day fooling around in the Twin Cities! One can just imagine!

have been invited to attend the Brown County Teachers Institute on November 21. At that time they will prove their skill and grace by doing the "Shoemaker's Dance". That should prove a real icebreaker.

### Who's Who in Teacher Training

Doris June Albrecht comes from a farm near Comfrey. She has attended rural schools and was graduated from the Comfrey High School. You will know her by her green eyes and brown hair.

Some of her favorites are:
