M. A. HALLING

MARIE LITTLE

ROBERT M. LAUGHLIN

## Nine Teachers Are Secured

Four Teach Grades; High School Get Five

Nine new teachers have been engaged for this coming school year.

Margaret Ames comes from Astoria, South Dakota. She will teach grades five and six at Lincoln school. She has a degree from Mankato State Teachers after taking normal training at Lake Benton in 1936. Her most recent teaching experience was at Jackson, Minnesota.

Marcelino Panuelas has a master's degree from Valencia University and has taught foreign languages the past four years at Castellon Academy in Spain. He will teach Latin and Spanish.

Marie Little from Rochester with degrees in music from MacPhail, Minneapolis has been teaching elementary music at Ponca City, Oklahoma. This summer she has been doing post graduate work. She will teach in the elementary grades as well as the course work in junior high school and will direct small vocal groups.

La Vanche Becker from Sanborn, Minnesota graduated from St. Teresa's in 1936 and has taught commercial since graduation in Winnebago. She will teach accounting, consumer's education, commercial law, and salesmanship.

M. A. Halling became head of the music department on August 1, coming to New Ulm from a similar position at Coleraine. He holds the Bachelor of Arts degree from Augsburg college and the Bachelor of Music degree from Minneapolis college of music. He has done post graduate work at the state University, majoring in instrumental music. He has been in charge of instrumental music programs during all of his fifteen years of teaching experience.

Velma Wentzlaff from Renville, South Dakota, will teach grades three and four in the Lincoln building. A graduate of Northern State Teachers College at Aberdeen, South Dakota, Miss Wentzlaff has done some work at Mankato Teachers College. She taught most recently at Madison, Minnesota.

Robert Laughlin of Owatonna, Minnesota, succeeds Mr. Grefe in Industrial Arts. After graduating from Mankato Teachers College, he was instructor while in the Navy.

Phyllis Lofgren of Hallock, Minnesota is a graduate of Moorhead Teachers College. She will teach Washington and Lincoln kindergarten.

Wilma Hinkley who became Mrs. John Gnam in June is a graduate of the University of Iowa and of Iowa's State Teachers. She succeeds Mrs. Franklin and will instruct typing and shorthand.

## Music and Lectures Are on the Varied List of Assemblies

This year we are going to have a variety in the seven assembly programs that have been scheduled for us. Every year we have different assemblies, some we like, some we don't like. Remember that the program you thought was the best of the year, someone else probably thought the "lousiest". So if you don't like the program give the performer the full benefit of your attention and cooperation.

Garnet Hazard, an artist, will lecture on the Old Masters and Modern Art. He has studied in New York and Chicago, and has exhibited water color paintings in Canada and New York.

In the music department we will have the St. Regis trio. The trio is a vocal duo and piano. These two young women and young man present musical comedy, operetta gems, and folk songs.

Not one but many talents has Otto Schacht who is a singer, teacher, and lecturer. He gives a varied program of religion, patriotism, citizenship, courtesy, and demonstrates the proper use of the voice.

The "Plantation Singers" is the name of a male quartet. These four negroes use different costumes to "put across" their songs. Mitchell Southall is the director of the group, pianist for the group, and also an excellent tenor. They present songs of the "olden days" as well as spine tingling modern arrangements of marching melodies, semi-classics, and ballads.

Edwin Rowlands is a famous hobbyist. He was in the last war and found many new and interesting hobbies there. He tries to make you understand that a hobby is a worth while pastime. He will display photographic enlargement of the prominent autographs of his own famous collection. He also displays several hobbies of the United

## Enrolled In Public High Are 513 Old and New Students

### First Vacation To Be This Month

It seems a little queer telling about our first vacation on the first day of school. I'm sure you won't mind the news however.

On Monday afternoon, September 30, the Brown County Teacher's Association will hold its semi-annual meeting here. New Ulm will be host to all teachers of rural and city schools of the county. Superintendent Klomps is President of the organization.

States soldiers and of our prisoners of war.

The Ritz Trumpeteers is an instrumental quartet. There are four separate solo artists playing eight different instruments.

Bertrand Shurtleff's program is called "Wrestling Revelations". He is an author of best sellers, English instructor, professional wrestler, and All American Football player. Members of the audience will be called up onto the stage and he will demonstrate various wrestling holds on them. Don't worry, he promises to be gentle.

A magician and the Hanley marionettes have been scheduled for the grade children's assembly programs.

## Two New Subjects Offered at N.U.H.S.

This year in the line of subjects we have three new-comers listed and also another attempt to offer Spanish I and journalism. The new-comers are consumer's economics, to be taught by Miss La Blanche Becker, and G. Verne Tyrrell will teach one semester of automobile theory and one of electricity.

How many times have you bought something and after you got it home realized that "they saw you coming"? Most of us have done the same thing. Consumer economics will teach you how to select the most for your money. It will show you how to test the merchandise for sale. The course is offered mainly for seniors.

We will have a real Spaniard to teach the subject this year—Marcelino Panuelo, who comes from Valencia, Spain. There was not a single enrollment in Spanish I last year, but it is hoped that there will be enough students this year to make it worth while to have a Spanish class.

They are again offering journalism, and the Graphos staff urges you to look the subject over and see if you wouldn't like to take it.

### Enrollment at NUHS 31 Less Than Last Year

We know you students of New Ulm High School who have been given an extension of vacation due to the polio epidemic welcome the opening day of school, this September 16, because, as one student put it, "What's a guy going to do all the time?" and that is the way most of you feel.

Last week New Ulm senior high students registered and Tuesday and Wednesday new students in the Junior high school and grades completed their registration. There are five new members in the senior class which brings it to a total of 110 in all. The junior class has 120, 2 of these being new. There are 113 Sophomores, six from different schools transferring here. The Freshmen lead with 128 students and the eighth grade has 30 enrolled. Thirty-two pupils make up the seventh grade which makes a grand total of 513 students enrolled for the school year of 46-47.

## Administration Extends Welcome

Much preparation has preceded the opening of this school year. Buildings have been renovated, equipment purchased, plans for a full calendar of activities for students of junior and senior high schools have been completed, new courses have been added, and new instructors engaged.

We welcome students who are returning as well as the large group who are joining us for the first time. The unexpected extension of our vacation will not curtail our program. Our Christmas and Easter holidays will remain undisturbed. However, our closing date will be extended one week next June.

Let's make this a good year. The success any student attains is limited only by his own choice. If you will study, participate in activities, develop your personality by being friendly, courteous, and a good school citizen, there can be no doubt of the success of this school year both for you and for our New Ulm High.

It's up to you!

M. A. Lynott, Principal

J. M. Herrmann, Superintendent

## "Say it . . . . . Heltne Still Music Minded . . . . . With Music

by Shirley Kosek

I know that quite a few of you students have been wondering about Mr. Heltne. I know that I was. So on my recent trip to the big city I decided to look him up. Now the big city and I are about as well acquainted as Van Johnson and I.—I don't "know from nothin".

After a few hours search I found the Paul A. Schmidt Music Company [free advertising again]. All I had to do then was find Paul [That's what everyone called him]. I stood in line at the record counter to get some information on the subject of my search and I couldn't help noticing all the records they had. All the way from classics, to swing, and back again to Spike Jones. After asking a salesman where I might find Mr. Heltne we walked over to the elevator—which by the way is run by you yourself and no-one-else. I forgot to mention that there were four of us—De-

lores Hulke and two Trinity girls, Marion Palmer, and Mary Jane Schnobrich.

We knew that his office was on the 4th floor, the last office on the left side of the elevator—so "natch" we headed right. Finally some kind person pulled us out of a room full of pianos and pointed us in the right direction. He introduced us to Jean, Mr. Heltne's secretary and told her to speak German to "us". After a fifteen minute wait Mr. Heltne dropped in and we really got an impression of a very busy man. He told us that he misses New Ulm very much, but that he sees more New Ulm people now than he did when he lived here.

We stayed there for about an hour or two and made a few purchases. We promised to send every issue of the Graphos [another plug] and then departed.

No kidding Mr. Heltne it was great seeing you again.

MRS. JOHN GNAM

MARCELINO PANUELAS

LA VANCHE BECKER

# Gripe To Graphos Instead os Mind

Americans love to gripe. It has been called the national pastime. Students are no exception, in fact they carry the traditions to new heights.

The student council is supposed to voice our more serious complaints and ideas, but to often they don't know what the students want. The Graphos is willing to publish your "brain child" if it isn't to personal. If you think the wastepaper baskets aren't located just where they should be—"take a reading" and send your ideas along to us.

A space will be set aside for you and yours [ideas of course] so don't waste room—fill it up. Contributions don't have to be signed. It is good idea to get those gripes off your mind. Most minds don't have room for them. So be a contributor!

## There's No Way Out

Looking back over the summer we find that there have been many world shaking events [not only the starting of school]. There was the Iranian crisis, the Egypt question, the Palestine situation, the Korean government problem, and the Civil war in China. People have a little trouble getting along. Leaders from all over every place confer and confer. Not much seems to come of it however.—It's a hard world.

Students are the citizens of tomorrow. They are going to have a messy world to take charge of. But they don't have to worry too much. So far nobody has found a solution to the "scientist's nightmare" including the scientist themselves. The Bikini tests hint that there is a question of who is going to be in control,

## Out Of This World

with three jerks

Have you noticed a queer looking thing invading the halls of our beloved school? You have? Well, it is none other than that dear little pest, "Ozzie" Oswald. Believe it or not, she eats, she sleeps, and she is awake at times. A little bird told me though that her favorite pastime is sleeping and her one ambition is to be in one place long enough to grow grass between her toes. She happens to love French fries and chicken, and it's just a coincidence that her pet peeve is a dear departed teacher. You will find her almost any place downtown with a special rating for

the scientists or the A bomb. It really looks black. .

But don't be discouraged and try suicide that won't help much. Dorothy Parker thought it out—

**Razors pain you;  
Rivers are damp;  
Acids stain you;  
And drugs cause cramp.  
Guns aren't lawful;  
Nooses give;  
Gas smells awful;  
You might as well live.**

There is just no way out!

Eibner's. It is hinted that her future holds an office position and who can tell what then?

Another little squirt seen passing through our corridors is none other than Miss Shirleyann Rolloff. You would never know she was alive for her size but we must admit she makes up for it in other ways???. She is the one who keeps a certain blonde in an eternal daze. Dare we say more? She reports that French fries and hamburgers are right up her alley and an Eiber Special now and then is very satisfying. She loves red and is seen flashing by, swathed in that certain dye quite often. We might add in closing that she is quite an energetic lass and makes good use of every moment she can spare. She hopes to become an air-line stewardess in the not too distant future so we can only say, Good gosh!!

Guess what? Rounding a turn in the rut we're in [New Ulm High], we chanced upon a poor decrepit creature like the above. It was a girl? It is hard to tell what kind of creatures haunt these places. This haunt, by name of Mary Mahle, sleeps as a pastime, eats for pleasure, and studies to keep herself out of mischief. She loves to sit while others talk, and was up in the air this summer over more than one thing! Her pet peeve [heard through a mumble of syllables] is the way her friends love (?) each other so much. We have been informed, however, that the situation has improved of late.

Well, all you second rate moles, we will be seeing you soon again with a little bit more news, or shall we say inside dope? Until then, keep your noses clean or we shall be at your side wiping it into Graphos gossip!

## Study Now, Not Later

Graduation should be in the spring along with Award Night. It sounds sort of silly doesn't it? But there are reasons for this radical opinion. If every student could visualize the importance of these two occasions throughout the year then perhaps we wouldn't have the mid year slumps that are so common later on in the year. We wouldn't have such a hard time remembering how to study [that is of course if you ever knew].

Now quit wasting your time reading this and get to work!

Dear Diary,

Well, Diary, here we are back in school, all set for another big year. Vacation is fun, what with going to camp and eating apples off of grandma's favorite trees, but it feels good to be back in the hustle and bustle of school. One thing that makes it so enjoyable is having the building so spick and span. When you think of all the work the janitors did during OUR vacation, you appreciate it even more.

This is the first year that I can ever remember having a Graphos the first day of school. It think it a good idea. If you do, why don't you drop a note in the Graphos Box in the library telling the editors so? Remember, they took time out of their vacation to put it out.

Have you ever stopped to think about all the extra-curricular activities there are for students to participate in? There are all the sports—football, basketball, track, baseball, wrestling, gym team, and GAA; the speech department, debate, extemp, and discussion;

## Get A Good Start Now

This term we will have many new teachers in our midst. They will come to us as total strangers. They will be with us the greater part of each day, so let's get off to a good start with them. How about treating them like we would guests in our own homes? I'm sure Emily Post couldn't ask for anything more.

In case you need to brush up on your entertaining technique here are a few hints:

1. **Be polite—politeness is perhaps one of the most important points.** [not only to the new teacher, but to the old teachers as well. Remember this is their job, and it's no snap regardless of how angelic you are.]
2. **Be cooperative—It's for your own good.** It isn't the teacher's hard luck if you don't "catch on".
3. **Get acquainted and be friends—It's only common sense to get to know the person that you are going to work with for the better part of the year.**

The new teachers are going to be forming opinions the first day of school, not three months later when you decide to come "across". So come on kids give it a little thought and action—be friendly.—Okay, Emily?

the music department—band, choir, orchestra; and of course the Graphos, FFA, and Fri-Le-Ta.

A school is known by its academic standings, but even more so for its extra-curricular work, such as its athletic teams and its band. We have really good instructors in all these, so if you are interested in one, why not take a try at it? Don't be afraid. Everyone has to start sometime.

To the new faculty: We surely hope you will all enjoy teaching "us angels". You may get impatient with us and think us quite scatter-brained, but remember we have a serious side, too, even if it doesn't always show.

Now, Diary, I have something astounding to tell you. Brace yourself. Are you ready? Okay. There are thirty-million bottles of milk delivered daily in the United States! Schocked, aren't you?

Loads of Love,  
Patty.

Dear Diary,

Summer has really flown by in a hurry, and yet sometimes, it seems as if an entire year had passed since I marched out of the portals of good old NUHS. It will certainly seem funny not to be going back to school, after four years, the habit sort of grows on you; but alas, now we former students must find jobs and toil our way through the cold, cruel world.

To all of you guys and gals who are still struggling with "book larnin" I have this to say, "Make the best of your education, because if you don't you will surely wish you had when you are out." You will get the same answer from any ex-senior if you should not believe me.

Just think, you lucky people, you will have the enjoyment of seeing the bright and smiling faces of the teachers every morning, sweet memories, and you lucky, lucky teachers nine lovely months of rubbing brains (?) with the super intelligent students of NUHS while we graduates are out making money hand over fist, [and besides, we get social security!].

Good luck, Patty.  
Bye now,  
Shorty "46"

### NEW TWOSOMES

- Jean Gassner . . . . . Hank Schied
- Joyce Basset . . . . . Jack Bloedel
- Dorothy Ann Moll . . . . . Frank Ubl
- Audre Woebke . . . . . Curt Larson
- Rita Theis [St. Peter] . . . . . Benny Seifert
- Shirley Kosek . . . . . Fritz Olson
- Joan Knutson . . . . . "Porky" Prokosch
- Betsy Von Bank . . . . . Bud Thiede
- Patty Hartl . . . . . Dewey Shellum
- Connie Muesing . . . . . Gordie Schroeder

have practically the whole South Side gang working for them this summer.

### Extra Note

I know everyone is looking forward to football. Our first game is Friday here. Lets all be there to back up our humdinger of a team.

Working at Eibners this summer has been quite a fad among some of the junior and senior gals.

Please notice the "flashy" sweaters the Junior boys are wearing. Names and all tacked on.

### "Definitions"

Rich man: One who isn't afraid to ask the clerk to show him something cheaper.

Winter: The season when we try to keep the house as hot as it was in the summer, when we complained about the heat.

Conscience: The still small voice that makes you feel still smaller.

Tact: The censored part of what you think.

Poise: The art of raising the eyebrows instead of the roof.

### Window Pains

A worried father hurried to his teen age son's hospital bedside. The lad had a broken leg and myriad cut and bruises. "What happened son? asked the father. "Did you have an accident coming from your girl's house?"

"No," the boy groaned. "Well, how did it happen?" persisted the father.

"We were "jitter bugging" the boy explained "when her old man came in. He's deaf and couldn't hear the music so he threw me out the window.

A woman worries about the future until she gets a husband, while a man never worries about the future until he gets a wife.

Hank S. is certainly kept busy with cheer-leading and Jean G.

A boy is never so weak as when a girl is telling him how strong he is.

Please take note of the darling ring Kathie Kral received for her birthday. Guess who gave it to her???

Mr. Lynott certainly was lucky that he had N. U. H. S. to come to this summer, for it seems his house was sold right out from under his nose. He seemed to have found quite comfortable living conditions right in faithful old N. U. H. S.

It seems Jeanne Forster has advanced quite a bit since school let out. Poor Wally hasn't a ring to show for anymore.

On a hay ride party recently given it seems G. S. had a little trouble with a nail. Anyway it put quite a dip in her slacks. It seems Jeanne Forster found it quite humorous, but while she was getting quite a laugh out of it she accidentally looked into a mirror at her own slacks and quite suddenly disappeared. wonder why. huh Jeanne?????

The mill certainly had been fortunate to

# Sports Review

## Four of Seven Games Booked; Conference Tilt

The New Ulm Eagles open their 1946 football season with seven tough games. The schedule consists of three home games and four out of town games. Four of these seven are conference games.

The schedule was to open September 13 but because of the delaying of the opening of school the Glencoe game was cancelled and Waseca is to provide the opener at Johnson Field Sept. 20.

Fairmont will be the second conference game of the season. This game will be played on the Fairmont Gridiron on Sept. 27. Remember last year we defeated them 25-13, will we do it again??

Redwood Falls will be the next game on Oct. 4, this also being played away from home. Since 1941, Redwood has beaten New Ulm three times. The '41 game had Redwood on top 20-19, in '42 another close victory in Redwood's favor, 8-6. In 1944 the Eagle's lost 7-0 and in '43 plus '45 New Ulm turned out the victor winning 20-2 in '43 and 30-13 in '45.

The St. James series began in '42 with the Jimmies winning that year 19-6. The Eagles also lost in '44, 20-14. The '43 and '45 seasons saw New Ulm winning 6-0 and 20-6. The 1945 game was N. U.'s homecoming. This year's game will be played at St. James on Oct. 11, a non-conference affair.

The game on Sept. 18, brings St. Peter into New Ulm's lair with four victories in five years; the one win coming in 1942 when N. U. won 7-6. In the 41, 43, 44 and 45 games St. Peter was victor 12-0, 20-0, 13-7, and 20-7 respectively. St. Peter is in the South Central Conference.

The Blue Earth encounter on Oct. 26 will be the last conference game of the season. On Nov. 1, Hutchinson comes to NU with the same record as St. Peter. NU has won one game since 1941 in the Hutch series. This year's Hutchinson game will be the seasons finale for New Ulm Eagles.

## Changes Are Made In Physical Ed

The Health and Physical Education program at New Ulm High School this year will be greatly improved than that of last year.

The facilities for Physical Education have all been repaired. All the mats have been repaired, cleaned and washed. The flying rings also have been fixed up.

An asset to the entire program in the State of Minnesota is the camp held for Phy. Ed. teachers this summer. This camp was sponsored by the Minnesota Department of Health and teachers from all parts of the state attended and profited by their new experiences. Tom Pfaender represented New Ulm at the camp.

The Health program at NUHS this year parallels exactly with the outline provided by the Joint Committee on Health Problems in Education of the National Education Association and American Medical Association.

## Football Opening Is September 20

The opening date for the Eagle's 1946 football season will be Sept. 20. The basketball schedule will start Dec. 14.

The football opener will bring the Waseca eleven to N. U. The game will come four days after the opening of school. Waseca is a member of the South Central Conference therefore the game will be recorded in the league standings.

The Eagle's basketball season this year will start December 14 with a home game against Minneapolis Roosevelt as it did last year. The 1945 game was the first game of this series and the Twin Cities school will bring another fine team to New Ulm this year.

## Tarnished Halos

This column is devoted strictly to digs and dirt about you fellows and girls in school. The writer is anonymous, but can be found anywhere around things that happen—so watch it!!!!

\* \* \*

### WHAT GOES AND SUCH

Rich Schueller's latest heart interest is none other than one of our flashy cheerleaders—Which of the three is the lucky one, Rich???

\* \* \*

The sophomore class of this year is richer by two cars and a motor scooter now that Rich Seifert has abandoned his uniform. [St. Thomas cadet you know]

\* \* \*

The New Ulm theater seems to be particularly interesting to Mary Green lately. Couldn't be one of the ushers, could it?

\* \* \*

G. S. and S. S. are having quite a duel over the attentions of C. M. What has Miss Muesing got that we haven't???

\* \* \*

Those up and coming frosh and sophs have quite the parties we hear. Joanie B.'s garage is the popular place. Maybe they could add a little "light" to the subject!!

\* \* \*

Remember when H. H. and A. G. used to be a gruesome twosome? They seem to have hit it off "quite well" at a recent wienie roast—HmMMM, what gives H. H.? Doesn't F. O. S. mean anything anymore???

\* \* \*

Why did you travel the dusty road to St. Peter the other day? Benny? We know Rita Theiss is all "reet", but why don't you give some N. U. gal a chance for a change?

\* \* \*

Usual scene these days [or should we say nights?] on B. V. B.'s back porch—Bud Thiede.

\* \* \*

Why don't some Juniors like Delby A., Marv R., Leland O., and Khalil M., break down and get a woman? They really seem to leave the "Femme Fatale" set alone and we do mean alone!! What's the Matter? Are you afraid of them???

\* \* \*

Seems like a certain sophomore gal cut in on Gene Schueller's time—

\* \* \*

It seems that Connie finally got some mail from Lafayette—or was

## Ike, Stan Become All Stars

## Kicking Season

- Sept. 20 Waseca vs. New Ulm here.
- 27 New Ulm and Fairmont there.
- Oct. 4 Redwood Falls vs. New Ulm there.
- Oct. 11 New Ulm vs. St. James there.
- Oct. 18 St. Peter—New Ulm here.
- Oct. 25 Blue Earth vs. New Ulm there.
- Nov. 1 New Ulm vs. Hutchinson here.

it a package, "Pickle"??

\* \* \*

What's this about Chuck Malby wanting his ring back?

Saturday Afternoon, August 20, at 2:00, Stan Martinka and, Donald Eichten joined the South for the North-South All Star game. This is the second annual event of its kind. It is sponsored by the Daily Times.

The North again overpowered the South due mainly to the strong support the North gets from its territory of Minneapolis. The score was 20-8. The South made a lot better showing than it did last year.

Last year NUHS was represented on the team in the person of Denny Krueger. This year NUHS was honored by having two members on the South squad. The Graphos congratulates not only Stan and Ike but the coaches at NUHS who worked with the boys.

## Passing Parade

by Shirley Kosek

I know many of you students have been wondering what's happened to our famous Seniors of '46, so here's some of the latest dope:

**Phyllis Lewis**—Telephone girl at Sears-Roebuck and Co., and also that certain some one??

**Gloria Thiede** — McConnell school for modeling in Mpls.

**Betty Neisen**—Society Editor of the New Ulm Daily Journal.

**Myra Bauermeister**—attending the Radio. Electronic Television Institute in Mpls.

**Roman Schmid**—Employed at the State Bond and Mortgage Co.

**Bonnie Neuwirth** — Taking nurses training at Northwestern Hospital in Mpls.

**Beverly Larson**—Student at Gustavus Adolphus.

**Eileen Esser** — Is majoring in medicine at the U. of M.

**Warren Epple**—Engineering at St. Thomas.

**Jack Pollei**—Pre-med student at the U. of M.

**Helen Mansoor**—Fashions and art student at the U. of M.

**Betty Zischka**—A student at St. Catherine's College.

**Joanne Bushard**—Attending the Radio Electronic Television Institute in Mpls.

**Hazel Cordes**—[Last year's Editor—plug] is working on the staff of the N. U. Daily Journal.

**Mavis Mueller**—Receptionist at the Union Hospital.

really gone over in a big way since they made their post-war debut. Not all of us wear our own though, do we Joyce? [From J. B. to J. H.? un-i-cue! eh!]

Brown and white used to be standard but any color will do now a "Daze". Yep! we're talking about saddles, no less. Red, black, blue—surprising none of you fad fiends have sprouted yellow or pink. Pretty cute, though, and it looks as if our serine Soph boys have taken to 'em. Good 'nuff!

Clank, Clank, every time you hear that familiar noise you can bet your boots it's another cripple on crutches. Why don't you guys take care of your selves? We do mean you, Jack F. and—Erma Jean don't be so rough with Billy. And with that amazing little dig we say "So long."

VELMA WENTZLAFF

**Stanley Peterson**—Student at Hamline.

**Margaret Harris** — Secretary for the Streissguth Law Firm.

**Phyllis Kraus**—Receptionist at the Fritsche Clinic.

**Melva Jean Hughes**—Secretary at the Citizens State Bank.

**Floyd Scrottman**—Drummer in the Fezz Fritsche Band.

**Arlene Grams**—Long distance telephone operator in Mpls.

**Ruth Holle**—Clerk at Backer's Pharmacy.

**Doris Wersal**—Saleslady at the J. C. Penny Co.

**Margorie Wolf**—Secretary at the Pfaender-Nierengarten Law Office.

**Elaine Youngblood**—Normal Trainee at N. U. H. S.

**Norma Ulrich**—Telephone operator at the local company.

**Aaron Romberg**—Clerk at Kloeckl and Penkert.

**Stanley Martinka**—is studying medicine at St. Thomas College.

**Bob Naumann**—Engineering at the U. of M.

**Elaine Lindorf**—now Mrs. Gordon Pruess [pronounced Price].

And then we have those guys who are wearing our Country's color'.

Those in the Army are:

**Curt Zupfer**  
**Marvin Knutson**  
**Donald Fenske**

## Veterans Are School Boys

With the beginning of the school year '46-'47 we must naturally expect to find some new faces among the old and well worn ones of our former classmates. Among these this year will be many veterans from the Army, Navy and Marines who are coming back to the familiar halls to complete their education. We think it is especially commendable these boys who have from a distance seen their class mates graduate, would yet have the interest to return to a strange class to resume their learning. Others have transferred from schools to enter ours. Veterans returning this year are:

**Wally Bloedl**. Wally left school as a junior only to return this year to complete his senior year. He is a Navy veteran and also a veteran football player. He will undoubtedly be an edition to our '46 football team.

**Dale Evans**: from Cambria is again a student at N. U. H. S. He also is a Navy veteran and we expect to see him in the '46 football lineup.

**Dick Steinberg**  
**Bob Naumann**  
**Bill Herzog**  
**Herb Furth**  
**Don Eichten**  
And those in the Navy are:  
**Charles Herrmann**  
**Walter Waibel**

James Glaser was discharged from the Navy late this summer but has no definite plans until he finishes his senior year. He is interested in electronics.

Keith Oswald also was recently discharged from the Navy and we expect him to show some promising results on the basketball floor this season. Remember he made the first five in his sophomore year so here is all the luck to you.

Morris Guimmer will be a brand new senior from Gaylord. Hope You'll like this wonderful school of ours.

Now for the underclass men, the juniors next with Carol Landquise from Gibbon heading the list. Lorence Schultz is being transferred from Sleepy Eye.

Carol Current transferring from D. M. L. C., and Bernard Domeier and Deloris Gag from Trinity. Glen Liljengren is coming back to N. H. H. S. from agriculture school somewhere in the state. Dennis Nelson is from Dawson. Richard Seifert is transferring from the St. Thomas Military Academy.

Good-Luck to all he new students—see you around.

"Hi Ho-Hi-Ho its back to school we go." Isn't it a ??? thought? No more care-free "daze" [and don't forget those nights]. No more flopping into bed so terribly-terribly late and consoling yourself by saying, "I'll put my mop up in the morn." No more shorter than short shorts on hot days or overalls on the cool ones. Ah! but it was fun, wasn't it?

Don't you just get one big sinking feeling when you start thinking of your fall wardrobe? [How did you know that we'd hit on that subject?] Skirts, sweaters—eek! It seems that just yesterday we put ours away. But of course, we don't have to get those skeletons out of the smelly moth balls just yet.

For moral sake let's say it's 990 in the shade, but the gangs going to town and it's every hamburger for itself. If you're making like an Indian better watch out for that top knot. It may be scalped one of these fine days by one of the gang who's way ahead of you. Or are you on the A-train?

Shirts are being worn out this year and "lids" are being worn. Some are really out of this atmosphere—like Shindy's and Virg's. These good time Charlie's are plenty on the ball with their kelly green and soldier blue chapeaus. They have even purchased???? a "homberg" [derby—to you uneducated peoples]. But even they haven't had the nerve to make their public appearance in Eib's as yet.

Yipe!! Are you seeing double or triple? Nope! they aren't carbon copies your're so scandalized by, them's our window-panes painted plenty potent! Red one week, [danger], black, the next, green [with envy] and maybe we'll send you out of this atmosphere with ya-ller ones! Why, not try painting yours, [glasses], too? Try Chen-Yu's new shade "Sun Red". You'll definitely be a combistible glamma gal and we mean a "Gilda"!!

School will really look more schoolish this year when all of us don our school sweaters which have
