New Ulm High School, New Ulm, Minn., Tuesday, September 16, 1947

Number 2

## Nystrom Back From Camp Near Paris

On July 15, 1947, a boy sailed from the United States to be one of the 38,000 scouts taking part in the World Jamboree held at Moissin, France. This boy was Fred Nystrom, member of the class of '49 of New Ulm high school, who was selected to be one of the United States representatives for the world encampment.

Fred landed at Antwerp in Belgium, where he spent three days, and one day in Holland. From there he went to the camp 40 miles northwest of Paris at Moisson. Here the 38,000 boy scouts from all over the world lived in tents for the time they were there.

An encampment of 35,000 girl scouts at a side near their camp was an added attraction, Fred said. "The girls there weren't too pretty, but in Paris they couldn't be beat."

Other units from different countries were often invited to lunch or dinner by Fred's outfit or else some of them would be invited out. The diet consisted mostly of pancakes, and the food was good, but there wasn't too much of it. Fred lost 30 lbs. during his trip. He returned home September 1 in time for the opening of school.

This was the sixth World Jamboree ever to be held. The last one was in 1937, when it was held in Holland. "World Peace and Brotherhood" was the motto of this latest boyscout encampment.

## Table Tennis Show To Be In Assembly

Wholesome sports gained through organized recreation is one of the foremost needs of American boys and girls. Harry Cook and Doug Cortland will show the students that table tennis is one of these sports needs, during their assembly program on October 1.

This lyceum program was scheduled for three years ago but was postponed because these boys went with the U. S. O. to many parts of the world entertaining our service men.

## Five New Students, Four Juniors, One Sophomore, Added

Among the smiling faces that appear in the halls this year are those of five new students. The first one to be introduced is Mary Lee Wilson, a junior from Stewartville. Our school seems pretty big to her, but she thinks she'll get used to it. She likes us all so far, kids and teachers included. Speech and music are some of her extra-curricular interests.

Next is Julie Paro, a junior from Faribault. To her, everything about our school is just fine. Science claims her greatest attentions in the scholastic line, and in extra-curricular, G.A.A. Her first impression of our town was that it is very neat.

The next girl is Norma Malherek, a junior from Buffalo Lake, Minnesota. She likes the students and all the teachers, but still she doesn't like school. Spanish holds her main interest because of that certain someone down in Cuba. She also likes the town very well.

This next smiling junior is Gerry Christian from Buffalo, Minnesota. She likes the town and the school better every day. She figures she'll

[continued on page 4]

## New Teachers Start Year In NUHS

Among the new teachers in senior high school are Virgil Halligan, speech teacher, Mrs. Katherine Franklin, typing and shorthand instructor, Miss Ellen Mueller, girls' physical education teacher, and J. F. Strang, instrumental music. These are the teachers whose pictures we were unable to print in the last issue of the Graphos. These teachers plus eight others make up the junior and senior high school faculty.

## Ex-Faculty Makes Plans

Plans for this year made by the teachers who left New Ulm high school at the completion of the last school term have all been made, but they vary greatly. Many of the former faculty are going west and some into business.

Miss Mari Little, music teacher, has taken a position teaching in Las Vegas, Nev.

Miss Hildegard Hein, girls' physical education instructor, has accepted a position in the high school at Boulder City, Nev.

Miss Margaret Ames, fifth and sixth grade instructor, has a teaching position in Rochester.

Miss Phyllis Lofgren will teach kindergarten in Wadena.

Miss Mildred Lawler, will instruct first grade at Boulder City, Nev.

Going to Mt. Hood, Ore., to teach English and be librarian there is Miss Evelyn Larson.

Mrs. John Gnam will remain at home in New Ulm.

Joe Milinovich, assistant coach, has accepted a coaching position at Hibbing Junior College.

Mrs. Clara Bauer, superintendent's secretary, has gone into house-keeping for her son, Ralph, who is preaching at Merna, Nebr.

Anna Pivonka, secretary to the principal, has accepted a job at the

[continued on page 4]

## Debate To Feature Inexperienced Senior Squads

Speech activities got underway Tuesday when a call for debaters was issued. Those answering that call were Tony Sellner, Kenny Herzog, Bill Dempsey and Virg Herrick.

This year there will also be an inexperienced debate team composed of underclassmen. Mr. Halligan hopes there will be a number of juniors, sophomores, and freshmen showing interest. The debate topic is resolved: That the Federal Government should require arbitration of labor disputes in all basic American industries.

In charge of all speech work this year is Virgil Halligan, graduate of Gustavus Adolphus last year. Before that, he spent three years in the army, much of it in Paris at General Eisenhower's headquarters.

## Maiquez From Valencia, Spain Assumes Duties

Gines Maiquez is Marcelino Penuelas's successor on New Ulm high school faculty, and a native of Valencia, Spain. He is teaching Spanish and Latin.

When asked his first impression of the United States, he said, "Very nice. Best I liked the streets, the houses with gardens around and the quiet and tranquillity. The people are also very kind."

Mr. Maiquez thinks the school is a wonderful institution. He also admires the marvelous organization. The temperament of the American student is different from that of the Spaniard, he hesitated. Our students practice self-control and self-discipline and our rules of conduct are less strict than theirs.

As for the weather, he thinks our weather is very fine now, but he dreads the winter for it seldom gets below zero in Spain.

Plans for the future are rather indefinite. Mr. Maiquez says he would like to have his wife and three daughters come over for a while, but the housing problem bothers him, too. He may work for his Ph. D. degree.

## Liers to Bring Otters to Assembly

## Posture Week To Be Observed in NUHS

Good Posture week will be observed in junior and senior high school, October 20-24.

Plans are being made for a program, and the week will be climaxed with the crowning of the posture king and queen. Candidates will be chosen from the junior and senior high and each will have their royal couple. Judges will be selected from among the faculty members.

This program is to be under the supervision of Ellen Mueller, girls' physical education director.

## Homecoming Set for Oct. 3; Plans Include Bonfire; Pepfest

### Any Idea on Slogans?

"Beat St. Peter", "Jam the Jimmies", "Lay Low Glencoe" and "We seek a Waseca Defeat"..... Recognize them? Of course you do. They're the past years' homecoming slogans. With these fierce cries on their lips, the New Ulm Eagles have gone forward into battle against many tough opposing teams. What will the 1947 Eagle squad use as a motto to spur them on to their best efforts so that they can run rampant over the Redwood Falls Cardinals? That is for you to decide. They do the muscle work, you do the brain work.....Are you going to let the team meet Redwood without a battle cry? Think! Think! Think! And let's have this year's slogan the best yet!

## Junior High Holds Mixer; Senior High Attends Assembly

An assembly program for the senior high was held in the auditorium while the junior high had a mixer in the small gym, Friday afternoon, September 5, at 3 o'clock.

In the auditorium, Miss Kayser, Mr. Halligan, and Mr. Strand each made a few announcements. Mr. Nicklasson introduced his football team. This was followed by a few school cheers led by the cheerleaders. Kenny Herzog presided at the assembly.

The junior high mixer started with the grand march. A circle game followed and last of all they were served refreshments in the cafeteria. Mr. Pfaender was in charge of the mixer.

## Eagles Battle Cards; Queen to Reign Over Festivities

Homecoming plans for October 3, 1947, including the game with Redwood Falls and dance are well underway, according to Mr. Lynott, principal.

A pep fest will be held below Herman Heights on Thursday night at which time the name of the queen will be revealed and the captain for the game announced. An old-time pep band will be on hand to supply the music for songs and cheers and there will also be a display of fireworks.

In addition to the pep fest, plans are being made for some sort of entertainment to prevent crowds of students from gathering in the down-town district after the bonfire. Mr. Pfaender had suggested several ideas, including house parties or a beach party, but, however, none are yet definite.

The game will get underway by eight o'clock Friday, following the crowning of the queen and a display by the band and majorettes.

The band will also present several maneuvers during the half.

It is believed that Marv Tenhoff and his orchestra will again supply the music for the homecoming dance to be held in the big gym at approximately ten o'clock. Because of the fact that homecoming was set for such an early date this year, all details are not completely formulated.

The committee in charge of the festivities consists of Kenneth Herzog, Audre Woebke, Harriette Heymann, Pat Harman, Virg Herrick, Jean Gasner, Ruth Groebner, and Kathy Kral.

## Teachers Take 'Rest Cures'

"What makes the teachers so cheerful and happy this fall?" It's because they had such wonderful vacations this summer and are so rested from them that they can't possibly be anything but cheerful. Here are the "rest cures" they took.

Miss Kayser spent part of her time at her home in St. Peter. She spent an enjoyable week in a cabin at North Shore and likewise another week at the University of Minnesota attending a short course of publication advisers. Later, in August, she went on a ten day trip seeing all the sights in Washington, D. C., Atlantic City, Niagara Falls, and New York city. After her trip she came back all set to teach at NUHS.

Miss Nieboer spent her vacation attending the University of Colorado at Boulder. At the end of the second session she received her master's degree. After summer school she spent the remaining two weeks at home in Pipestone and visited with some friends in Wilmar and Hinckley. She also spent three days at Lake Esquamaga attending M. E. A. conference. After the conference she returned to New Ulm in time for school.

Miss Sogn spent some time of her vacation in Minneapolis, Eau Claire, Wisconsin and the remainder of her time in her home at Revelle, So. Dakota.

Miss Steen spent her vacation at home with her parents in Walnut Grove.

Miss Treadwell spent six weeks at summer school in Evanston, Illinois.

[continued on page 4]

# What Are You Looking For?

How old are you? Undoubtedly old enough, as the saying goes, to know better... about more things than you could cram into an oversized bureau drawer. Such things as: the sun doesn't always shine on your birthday... wishing won't make freckles go away... crossed fingers don't pass an exam you didn't study for... a party can end up as a stomach ache. Things as: your best friend sometimes lets you down... your parents aren't always able to give you everything you want or agree with you all the time... the new suit or dress you dote on may turn out to look ridiculous on you... and the boy or girl you like isn't always the one who likes you.

Oh yes, you're past the age of innocent belief in fairy-tale endings, in sugar plum trees and a week with nary a problem. You may even be old enough to look back wistfully once in a while to the days when you wore pigtailed or played cops and robbers, and never had heard of the nominative case. But not for a serious moment would you really want to be that young again. Not for all the tears, not for all the uncertainty, not for all the pain. Being you at your age is something else again... something big! Girl or boy friends are only a part of it. There's this feeling of being a person, of exploring ideas, of making decisions, of adventure and accomplishment ahead.

But wait a minute, you say. All this is true, but there still are the pain and uncertainty and tears. I know now that my freckles are here to stay... but how can I help them along? I know that the folks may not be able to let me get that new sweater or dress for the dance... but how cheerfully can I put on the old one. I know now that Janie or Bill may never look my way... but how lightheartedly can I hope that Betty or Johnny will?

You know what you're asking for, don't you? A philosophy. A handy coper-with-problems. A fixer-upper. A smoother-downer. And it's yours for the asking and even without the asking. It's the result of what you learn, and what you've been taught, and what you value, and how you feel. Whether you're aware of it or not... it's there. For the best results put your philosophy-so-far into words and learn it by heart.

Diary dear,  
Gosh! Are we tired tonight! It's such a chore going to school in this hot weather. We thought the day would never end. We even had Spanish in the boiler room cuz it was so hot.

Everyone is getting excited about Homecoming. Kenny appointed the committees and we're on it. The plans really sound super, so we hope everyone get's behind it and makes it the best one yet.

Wonder who will succeed Rita Gleisner as queen this year and who the attendants will be?

You know what, diary? We think something has happened to the administration. Just think, for two days we got out early in the morning because of the heat...

Two tragedies happened in the same block this past week. They are Mr. Tyrrell and Jim Stewart, who both are hospitalized. No broken bones, but people are going to start thinking that appendicitis is catching...

It's a prison? That's what people are going to think when they see the new fence in the back of school, near the cafeteria entrance. But it isn't, diary... It's just there for protection... They tell us...

Ummmmm... everything in school seems to be brand new. I'll bet I haven't told you that the teachers' room has flashy new furniture. It's chartreuse and cream and it certainly adds a new look to the place...

Keep your fingers crossed, diary, for our football team...

As always,  
Patty and Mary

# Enduring Peace

# Your World

It's in rather poor condition, thank you. But it's not going to improve with a lot of head-shaking, hand-wringing and viewing with alarm. On this small sphere, man now has within his grasp the means to destroy all living things. But he can use that same power to make a tired, hungry earth more rested and well-fed, secure and at peace. Not such a grim picture after all... and if this generation leaves us a legacy of confusion and conflict, it also leaves us most of the means to solve the riddle. They have probed the crannies of scientific mystery; they have made the miracles of airplanes, radios, television, rocket ships and atomic power come true... in a generation. Their use is up to you.

Read your newspapers thoroughly, sort facts from editorial coloring, prejudice from scientific knowledge. Build a friendly world unconfused by labels and frightening words... working together for one aim... a peaceful, kindlier earth for all men.

fellows that do, their support and not always be griping about the other guy's playing. One of the football players in that group in Eibner's said, "It's no wonder we don't win... look at the support we have".

Cooperation means working together, and in football not only the team must cooperate, but the cheerleaders and the student body as well. You must show the team that you're behind them in every move they make. Cheer them on, and they will do their best to win, for you, and for the glory of the school. A good team has good support! Let's back them up and give them everything we've got!

# Big Feets

[Longfellows]  
Hey Hey and Jean

It's impolite to talk about yourself, 'tis said,  
So we'll just say we're Hey Hey and Jean  
And that which follows should never be seen.

Buddy Thiede has eyes so green  
Above everyone's heads he'll be seen.  
Betsy uses most of his time  
But dancing, too, to him is fine.  
Stan Kenton and Grable to him appeal,  
And often you'll hear him say "Schlameel".  
Just mention food, he'll come from afar,  
And as for ambition, it's designing a car.

This guy likes star Lauren Bacall,  
And with any good food you need only call.  
He loves the gals, as you can see.  
He'll listen to anything by Tex Beneke.  
Benny Seifert is happy shining your shoes,  
As for loafing, it won't bring him the blues.

Mary Ann Herrmann is a fiend for Greg Peck  
And her tumbles from skating are many—  
like heck  
Barbeque ribs for her are a diller  
Her favorite band—you guessed it, Glen Miller.  
To be a good typist is her ambish.  
The way she's improving, she'll get her wish.

Lombardo and "Nola", for Jeannette Bauermeister  
As for an actor, Van Johnson for her.  
To eat chicken all day is her delight  
And bowling for her nearly every night.  
Ambition? to be a good secretary.  
After earning the money she can go on a spree.

Myrtle Halverson was born the 11th of August  
Any movie with Peck for her is a must.  
It's music by the Harmonicats and "Peg O My Heart"  
For no money at all with her piano she'd part.

But for chicken she'll give with the money  
And as for Myrt, she's a honey.

To be a career girl is Jeannette Gag's desire  
And of movies and skating she'll never tire.  
Hearing "Rainbow at Midnight" will her entrance  
As will Cugat make her dance.  
Her favorite actor is Cowboy Roy Rogers  
And fried chicken can not dodge her.

If you want to rate at all with this guy  
Lengthening those skirts won't catch his eye.  
To tempt him with food, it's spaghetti and burgers  
Any band will entrance him—if it's Tony Pastor's

June Allyson makes his heart fall,  
And just for a past time, he loves football.  
His name is Al Ganske—  
AND THAT IS ALL!

# School Spirit?

In Eibner's the other day a few of the football players were discussing the usual topic of the day, the football game. They had been talking a couple of minutes when some other New Ulm high students came in and sat down with them. It was quite evident from the conversation that took place, that these students didn't think the team did a very good job in their first game. They made caustic comments about the errors, and weren't very bashful about expressing their opinions on the playing of the team. They made a point of stressing all the unsuccessful plays of the night and never once put in a good word for them.

It's logical that not everybody can go out for football for various reasons, but if they don't participate in the sport, they should at least give the

# Chip's Carvings

## First Aid?????

All the senior girls can be assured of a willing patient in first aid if Bernice Litfin is in their class. She just loves to—rest!!

## Better Late—

Someone had better bring Bud Thiede up to date or he's liable to go around thinking he's a cave man. That's O. K., Bud, we realize you're a senior now, but I don't think it makes any difference to Joe Harman.

## We Wish—

Here are some of the wishes of some of the Senior Hi students. I wish:  
Audre Woebke—"Fritz Olson would get his pictures in on time."  
Virge Herrick—"The girls would quit chasing me."  
Jerry Hamann—"Sandy would quit playing with my grey hair in history."  
Mushie Wieland—"Nick would get some other dummy to carry his dummies."  
Bessie Johnson—"I was in Florida."  
Gordie Schroeder—"We wouldn't have school." [already?]  
Shirley Kosek—"Curt Larson would furnish towels with his showers."  
Charlie Groebner—"Wish I had more studies to do." [That's a joke of course!!]

## Mrs. Paro's Proteges—

Any one seeing about 20 kids wandering over the campus with pencils and papers needn't get worried. They aren't trying to impress teachers. They're just aspiring art students trying to draw.—They think!!

## Just Wondering—

If the cheerleaders have settled that all important question of who shall stand where. Must be quite an issue for one party that she has to make drastic phone calls.

## Miss Americas—

That's what we girls will wind up being if all Miss Mueller's plans turn out O. K. She

stresses posture above everything else, but whether it'll improve us—Well!! Your guess is as good as mine.

## On the Inside—

Mr. Herrmann just informed me that next year the water faucet outside the library door would contain pop [any flavor], instead of the usual H2O. Seems it's the most popular place in school right before 5th hour.

## Bang—

Someone had better ask Leatrice Drill who it was that got her so excited that it cost Eibner's a gallon of orange flavor. We'll bet the noise made him notice you if nothing else did, Lea.

## Some pun New—

Wonder what those bulges are in Bill Dempsey's and Schind's pockets. Boy! something certainly has been added!

## Notes from Biology—

The Biology class has a terrarium this year instead of an aquarium and they've called the two salamanders Audre and Julie. Must be because they look alike? Humm? Pun—Ishment—

For the enlightenment of some of you choir members, Bill Dempsey wants to pass on to you some vital information. In "Lost in the Night" when the tenors get to "he is coming soon" he wants it known that it's all a hoax. "He" never comes. And Bill can prove it—He finished the song!!

## Joke??—

Blame this one on Rich Nieman because he thinks Nick should flood the field. Did I hear someone say why? Why—So he can send the "subs" in of course!!!

## Disappointment!!

Seems Donna Roberts and Jean Gasner went to a lot of trouble finding a lizard for the terrarium in Biology. After getting one into a tin can they brought it to school. Everything would have been all right except for the fact that they forgot to empty the tin can. This resulted in one less lizard.

# Glencoe's Passes Overpower Eagle Squad In Grid Opener

Clicking with passes, Glencoe romped over a less experienced New Ulm team to the tune of 33 to 6.

The Glencoe eleven took to the air waves when their ground attack would bog down and sent almost all of their scores over the last white line via the air route.

In fact the Glencoe Eagles scored their second touchdown on a pass from Terry O'Hara, their third when Roth grabbed an aerial from O'Hara, and their fourth when again O'Hara tossed to Dover for a 22 yd. gain.

New Ulm scored their lone touchdown when Harold Wieland, on the very last play of the game, broke off tackle, breezed through the secondary, and outraced the safety man for a 52 yd. jaunt and TD. Mansoor's attempt at conversion failed.

The New Ulm Eagle line rose up and nearly put on several goal line stands when the home team threatened.

Glencoe received the breaks and capitalized on them. A fumble, intercepted pass, and end sweep set up the first Glencoe touchdown.

A few minutes later after the second kick off, Glencoe again intercepted an Eagle heave on the 15 and ran it back to the 12.

The New Ulm line gave up three yards in three plays, before a fourth down pass gave the victors first and goal to go on the one yard line.

The winners failed to gain until the fourth down when Terry O'Hara shot to Dover for a TD and six more points.

As the second half opened Glencoe received the kick off and marched steadily down the field to the one yd. line. Then with a first down the attack failed till a pass set up the score.

New Ulm then put on its best offensive show of the evening, and began to roll till a fumble stalled the advance. A 22 yd. pass gave the "Irishmen" another score.

Bachen raced 25 yds. for the final Glencoe touchdown.

New Ulm was unable to get a first down 'till late in the third period.

Coach Henry Nicklasson's team had Chuck Malby and Virg Herrick at Ends, Alvin Ganske and Charlie Brust at Tackles, Jack Bloedl, Leo Traurig at Guards. At Center was Fred Nystrom. The Quarter-backing was done by James Prokosch. Marv Rempfer and Khalil Mansoor were at halves. Fullback was Eugene Sandmann.

There were 7 Seniors on the starting lineup, and 4 juniors.

Freshman seeing action was Wally Eckstein. Sophomore Joel Tierney did the punting.

## Ness Predicts Good Season

"I think our football team has good possibilities" said Morris Ness smilingly. Mr. Ness is assistant football coach at New Ulm high school this year as well as Modern History instructor.

Mr. Ness is a native of Kenyon, Minnesota, and attended the state university and Luther College in Iowa, graduating from the latter. He was mentor of football, baseball, and basketball at Alden, Minnesota in 1946 coaching the football squad through an undefeated six-game schedule, baseball squad to an even split of its schedule, while the Alden quintet fared slightly better.

Prior to coaching at Alden, Mr. Ness was a member of the U. S. Navy for 3 1-2 years. He served as a lieutenant.

When asked his opinion of his new assignment he replied, "I like N. U. H. S. very well."

## Skirts in Sports

There has been a lot of talk among the girls of N. U. H. S. "Are we having G.A.A. this year?"

The answer is "Yes". In general G.A.A. will follow the same procedure as last year with a few added ideas from Miss Mueller, our director.

Remember, now, to keep that one day a week for G.A.A. to build muscles and to improve posture.

Now it's time to give you a surprise. The drum majorettes plan to have new twirling uniforms for homecoming. Won't they look nice in black outfits with gold braid. Huba-Huba.

That's about all there is in the girls' side of the sports news so I'll be seeing you.

# Students Urged To Signup For Bowling League

Any one wishing to bowl in the high school league this year is requested to sign his name on the list posted on the auditorium bulletin board, or get in touch with Herb Schaper by the end of this week.

Illustration of a bowling ball and pins.

Girls as well as boys are eligible for this league. The league will meet every Saturday afternoon to bowl a round robin schedule.

Last year's league winners were the Gophers, consisting of Jerry Dietl, captain, Walter Grams, Raja Mansoor, and James Olson. Finishing in runner-up spot were the Badgers, captained by Marv Boelter.

The top bowlers from last year bowled outside matches with other schools.

# Football Starts In Junior High

Junior high football started last week with a squad of 28 reporting for practice.

Mr. Laughlin and Mr. Olson are working hard with the squad which is made up mostly of 7th graders. Later on the squad will be divided into two teams and games will be played with each other.

Taking a survey of what members of the football squad think of the coming season, most think we will win six and lose two games.

General opinion is that we should win our homecoming game. The prognosticators gave the first game to Glencoe. New Ulm was picked to beat Waseca and Fairmont.

St. James, St. Peter and Blue Earth would fall before the local gridders. The Hutchinson game drew a split by the squad with each team drawing 11 votes. There was one tie.

Team optimists are Monte Mansoor, Jack Bloedl and Chuck Malby who predicted an unbeaten season.

What the team thinks we will do against:

|               | W  | L  | T |
|---------------|----|----|---|
| Glencoe       | 4  | 19 |   |
| Waseca        | 17 | 6  |   |
| Fairmont      | 17 | 6  |   |
| Redwood Falls | 21 | 2  |   |
| St. James     | 21 | 2  |   |
| St. Peter     | 19 | 3  | 1 |
| Blue Earth    | 17 | 6  |   |
| Hutchinson    | 11 | 11 | 1 |

Football managers for the coming season are Dale Tomaschko and Buddy Hieser. Game charter is Jimmy Clay.

Looking over the junior high football prospects, we find that almost all candidates are smaller and lighter boys from the lower junior high grades.

### 'Rest Cures'

(Continued From Page 1)

From there she went to Hamburg, New York, to visit with relatives before school started.

Miss Raverty spent part of her summer vacation working at the Sleepy Eye Canning factory. The rest of the time she stayed home and did housework.

Mrs. Ewy spent the greater part of the summer at the Mankato Teachers college at summer school. At the time of the automobile accident in which she was injured, she was still going to school. She is now at her home in New Ulm, but will be back in school teaching in a few weeks.

The greater part of Miss Mann's summer vacation was spent at her home in Owatonna, Minnesota. She also visited Northern Minnesota and Lake Wabano which is north of Grand Rapids.

Mr. Pfaender was again director of the St. Louis County 4H club camp near Virginia. Some 800 boys, girls, men and women were guests at the camp during the summer. In addition to the regularly scheduled camping periods, Mr. Pfaender was host to a work shop for health and physical education sponsored by the State Department of Education and a workshop sponsored by the Minnesota Education Association.

Mr. Lynott spent most of his summer vacation preparing for the opening of school. He also vacationed in South Dakota at Pierre and Brookings with his wife's family. In his spare time he played golf.

Mr. Fier was employed throughout the summer as agriculture director for the high school. He also took part in 4H club tours and demonstrations. Contacting of rural boys and girls as prospective high school students also took up part of his summer vacation. For two weekends in July he left his post to visit Copper county in upper Michigan peninsula and in August spent a weekend fishing on Pickerel lake.

Mr. Herrmann spent one week's vacation at a lake near Alexandria. The rest of the time he worked on school administrative problems and planning for this school year.

Guests from Portland, Oregon and St. Paul were entertained by Miss Bruess part of the summer. She spent a weekend at St. Paul and Northfield. The rest of the time she was at her home in Sleepy Eye.

Miss Westling spent part of her summer vacation taking trips. She took one trip into Canada and the other on the Gunflint Trail at Grand Marais. The rest of the time she spent at her home in Duluth.

Mr. Laughlin spent six weeks of his vacation attending summer school at the University of Minnesota. One week he spent just loafing. The remainder of his vacation was spent working at school.

Miss Woupio attended summer school at Boulder, Colorado, for five weeks. She spent the remainder of the summer at the lake up north.

Miss McLaughlin went to Canada for a month with her family. She took a trip East to New York, Philadelphia, Niagara Falls, and spent the remainder of the summer in Eden Valley.

Mr. Harman spent most of his summer in New Ulm supervising the playgrounds. He managed the District 10 and Region 3 golf and tennis tournaments for boys and girls.

Noontime lunches are again being offered to the students and faculty of New Ulm high school. They began Monday, September 15, and are held in the school cafeteria.

The price this year is 25 cents which is more than last year's price of 15 cents per person. This raise is due to the higher cost of foods.

Miss Anne Westling will again have charge of the hot lunches, as she did last year. The students assisting her have not as yet been chosen.

## Audrey Olsen Takes Over Home-Ec. Duties

Boys, have you seen the new home ec. teacher? I'll bet you're sorry you didn't sign up for it this year. In case you want to know her name, it's Miss Audrey Olsen from Hutchinson. She is a graduate of St. Olaf and attended two summer sessions at the University of Minnesota. Last year she taught at Milaca.

Among some of her plans for the senior girls are flower arranging, dress designing, knitting, and making Christmas gifts. The juniors are doing somewhat the same thing.

The sophs are working on fashion and dress designing and later will be designing their own dresses and making them.

The seventh and eighth grades are making thimble and needle dolls of felt.

After talking to Miss Olsen I went down one flight of stairs where I talked to Miss Westling and was introduced to Miss Carol Holm, a student teacher, from the university. She will be here for three and a half weeks after which she will return to the University of Minnesota.

Miss Westling told me that the boys home ec. class she has this year are the good "old seniors", and, girls, guess what they're doing? Canning!!

Don't you think it'll be quite handy for you girls, I mean in later years; just think if you have some canning to do and you'd like to go shopping for a new hat, your problem is solved, just make His Majesty stay home and do the work.

Gee, Miss Westling really picked out the right unit for them. What do you think?

## Notes In The News

We certainly can pat the students of N. U. H. S. on the back for the big turnout they gave Miss Anderson and Mr. Strang for the first choir rehearsal. In fact, so many turned out that some will have to be eliminated. Miss Anderson would like a 60-voiced choir whereas she now has over 100. But thanks just the same, kids, for trying.

If there are any who haven't tried out for any of the vocal ensembles, please contact Miss Anderson as soon as possible.

It seem Chuck Brust would rather stand by the sophomores and sing, than stand in his own place among the boys. Isn't that right, Chuck?

By the way, kids, don't forget to put your music notes in the Graphos box which is located on the stage in the library.

## Ex-Faculty

(Continued From Page 1)

Brown county courthouse as secretary for Judge of Probate Mather.

Mrs. Nellie Kelley will teach in Albany, Ore.

Miss Lucille Bruce will teach art in the Sioux Falls, S. D., schools.

Roy Stuhr will go into business in Winona.

M. A. Halling will open a music store up north at Vining, Minn.

Marcelino Penuelas, foreign language instructor, has accepted a teaching position at the University of Denver in Colorado.

Ella Elstad will teach at Chatfield, Minn.

Velma Wentzlaff will continue her studies at the University of Minn.

Bernita Severson will be at home at Mapleton with her mother who is ill.

Miss Ada Larson has accepted a position as head of the teachers' training department in Fergus Falls.

Miss Lois Coderre will go into the advertising business in Minneapolis.

## New Fence Causes Various Comments

"This place is getting to be more of a concentration camp every year!"

This is probably what many students of N. U. H. S. are thinking. The reason for this is the fence that has been erected in back between the Emerson building and the north building of the high school. This does give the appearance of an internment camp.

Well, the reason for the addition is very simple. It dates to the robbery which took place several years ago. It is presumed that the intruder gained access to the building by means of the roof. The erection of the fence is designed to keep any one off the roof after school hours.

The fence wasn't put up to keep students in the building, but to keep others out.

## KLOTHES

Hi you all,

### Something Old:

We're back in the Gay Nineties once again, or so say some of our male population when they view those fashionable new "old-fashioned" lengths. And just to see what the general opinion was, I interviewed a few of the boys in study. They expressed their opinions, but oh so bluntly.

**Leland Johnson:** "I like 'em cuz they don't show the legs. You know, even tho' some got 'em, others don't."

**"Pete" Lindemann:** "I don't like long skirts because they're to concealing."

**"Flip" Schulke:** "I don't see what good they do!"—But what harm?

**Marcy Sweine:** "Can't see 'enuf!—Short but to the point, wasn't it? Well, gals, now you know what the men of your life think!"

### Something New:

Tis' rumored that the majorettes will be robed in a new garb by homecoming. Plans are being made for black satin outfits with gold accessories—all but the baton, that is—Sounds sharp to me—Who am I to express my opinion—how about that?

### Something Borrowed:

Every gal from N. U. H. S. who wears black shirt with white trim must have been in a certain little town just west of here. Either that or Springfield's fair sex are very partial to black—mourning? for that is a very popular fad there. Variety is the spice of life.

### Something Blew:

Swish! Yipe there it went. Just one more style gone under the bridge. 'Member the days when every Jean, Jane or Mary wore monograms on every thing imaginable? Well, I'm thinkin—no foolin—that them days are gone forever; but all in all, they were cute and oh so personalized.

So-long.

## New Students

(Continued From Page 1)

like the students better after she knows them a while. Her favorite is art.

Our last junior is Bette Crone. Originally she came from here, but for several years she has been in Atlantic City, New Jersey. Our poor little town seems a little dull now, and I can surely see how it would. She likes everything about the school, with Spanish claiming her greatest enthusiasm. Her extra-curricular interests are choir, orchestra, and G.A.A.

The sophomore newcomer, Wayne Flesner, hails from Shenandoah, Iowa. To him the school, the students, and the teachers are all O. K. but it seems a little early to tell yet. I guess that means we'll have to keep up our "good front", doesn't it? Phy. ed. and especially basketball hold his interest.
