## Here is Report on

Music Department
The music department at New Olm High School offers opportunities in both vocal and instrumental fields. Two instructors are employ ed to teach and direct these following groups. This year the instructors are Miss Charlotte West and Mr. Jack Strang.
Vocal groups consist of a mixed chorus with 63 members and a gixe glee club having 37 members. year there are smaller groups such as octets, ensembles, and triple rio. The chorus and glee club meet for practice two hours a week uring 6th period.
Ills the fall the marching band rilss and makes formations in prepration for the half-time show during football games. Concert band begins after this is over. The Pepband furnishes the music at the basketball games. The membership of these groups vary from 50 to 60 . The Swing Band, with 13 members and a vocalist, plays at many school dances, appears on assemblies, and sometimes plays for other schools proms. The Junior-High Band does its practicing twice week before school in the morning This 60 piece organization include some beginners.
Concerts are held during the year A Christmas Concert is put the vocal groups while the have a Winter Concert. In a Spring Concert, the groups combine. A Musie Festival with other schools is held in the spring. On award night the band presents an open-air concert with students di

## Phy Ed. Demonstration Presented March 28

Seven groups made up the 20th Annual Spring Physical Education Demonstration which was held in the high school auditorium at 8:00 p.m. on March 28.

The program included mostly the junior high students. The seventh and eighth grade boys gave some tumbling fundamentals. A mass drill of Danish stretching exercises was given by all the junior high oys. Advanced work on the mats and parallel bars was demonstrated by the boys gym team. The unior high giris gave some rope jumping skills. Basketball skills ere demonstrated by the ninth grade girls, followed by a short basketball game by the senior high girls.
This is the 84th year this type of show has been staged in New Ulm. Mr. Pfaender and Miss Cave were in charge of the demonstration. Mr . Pfaender has been conducting this since the 1920's.
1952 EAGLE Underway

## by Barb $F$.

The work on the 1952 Eagle has been underway for quite a while, Of course, we, as the students who only read this yearbook, can not appreciate all the work put into it by the Eagle staff.
Four-hundred copies have been ordered and will arrive sometime in May. Money from the senior elas treasury [about $\$ 400$ ] helps to pay for each year's edition. The 1952 Eagle again has 48 pages and cost the students $\$ 2.50$.
Miss Steen, faculty adviser, and Geraldine Kramer, editor, have been vorking steadily on it, planning the layout and mounting pictures. These two people are doing so many hings in regard to the completion of the Eagle that it is hard to give them all the credit they deserve.
Salesmen have been busy getting orders and thus far about 340 books have been sold.
Every single word that goes into the Eagle has to be typed out, Evelyn Sauer and Ordell Menk are the two Eagle typists who have been busy typing copy.
Copywriters, Sharon Oswald and LaDonna Heck, have the job of writing the calendar, which is a summary of the year's activities and Shirley Walso the didication.

## Does NUHS Really Need Choir Robes?

Even if it's April Fools' Day, this is no joke!
The students have been humming and buzzing about a new addition to the music department of NUHS, namely choir robes.

This perennial question is again brought up as the Spring Music Festival draws near. It seems that the one criticism of our chorus each year is lack of uniformity in dress
We We students realize the expense involved in securing these robes; however, one suggestion offered by students was that these robes, if purchased,
could be rented over a period of years by the seniors for could be rented over a period of years by the seniors for graduation exercises. It wouldn't be too many years before the expense involved would be made up.

We have received other suggestions such as appealing to the school board, and presenting a variety of entertainment during the school year. Perhaps if enough interest is stimulated, the proper authorities might do something about choir robes.

## Junior Whirl

by Betty and Shirl
Special! There are about 30 dates for the Junior-Senior Prom in the junior class.

Bárbara Kral and Mary Tauscheck had a nice time down at the tournaments in spite nice time down at the tournaments in spite
of everything. Even after they had to walk 29 blocks in Saturday's storm.

The junior girls got -quite a ribbing about a story they read in English. The story was "I Can't Breathe" which was about a gir who was engaged to three boys at the same time. Poor David Hagemeister, he thinks all girls are like that.

Some of the junior girls are considering staying home for a few weeks. Barbara Keckeisen was out of school for over a week, and the first day she came back she got a prom date. Maybe it's the solution.

The kitchens in the Home Ec. Department got a good washing the other day. As soon as Doris Weidl, Delores Seifert, and Ruth Wandersee turned on the water, the spray which someone turned on] showered all he room. Every one was scrubbing the floor for the next 15 minutes.

## That's What the Teacher Said

 by Liz PeinhartWhat all good citizens should know,
Can all be learned in school;
In social books or English,
Or in Mr. Lynott's office.
"You'll never know until you've tried",
That's what the teacher said.
Here are some things I've heard of late
From teachers who should know:
"Sometimes you may use "don't";
But "ain't" ain't never used."
It don't sound wrong to me, but
That's what the teacher said.
"Agreements of the verb
With persons first to third;"
"And did you know that Cairo
Is now a town in Egypt."
I wonder at these things, but
That's what the teacher said.
"A bryophyte or thaelophyte
Is never used in algebra;
And doesn't help ,geometry,
Or trigonometry.
Can you imagine why? but That's what the teacher said.
"A compound sentence
And a fracture
Have different meanings",
Says Miss Kayser.
I declare, how odd, but
That's what the teacher said.
I really like to go to school,
And think it quite the thing;
Aut I don't understand so well
And hesitate sometimes.
"Bewildered", but not "dumb"
That's what the teacher said.

## I HEAR <br> MUSIC <br> by <br> Faith

One movement that the class of '52 would like to see pushed before they leave the halls of NUHS, is to see the choir in uniform choir robes. It is a little too late now, but you, juniors, get on the ball, so we can come back and see our wish come true! All in favor say "Aye".

The girls in the musical groups of NUHS have been voting on what to wear for the Spring Concert and Music Festival. The majority rules, so the girls will appear in formals for the Spring Concert and dress-up clothes instead of black skirts and white blouses for the Music Festival: I know the girls are very pleased, even though it might knock down the score because uniformity in preferred by most judges. [choir robes?]

If you have heard strange sounds coming out of the college prep class, period 5, don't be alarmed, it's just the class singing some of Burns' poems. It certainly was loads of fun, especially singing "Auld Lang Syne". "I'll Be Seeing You"

## Fashion Chatter

## by Ann and Mimi

Spring is here and summer's coming. Just think of those pretty clothes you'll be wanting. Here are some hints. The latest fashion catch of the season is the briefers [the shorty coat]. The characteristics of the briefer are the long sleeves and the rounded hem-line. Some have one button at the neck, thers a row of buttons down the front.
Have you noticed the latest fads around NUHS? Some of them are plaid jeans, horse tails, and jeans with plaid cuffs.
FLASH! Here's the latest dope on prom fashions. Strapless formals with stoles seem to be stealing the spotlight, but ballerina length formals are also very popular.

## $B+J^{\prime} H$ Heve this to say:

Student Turns Teacher
Tom Liesch and Jim Palmer were overheard in a conversation taking place after Tom took his girl home. When Tom was asked if he had fun, he replied, "I told her to kiss me. She said she didn't know how. Then I told her to put her arms around me; again, she said she didn't know how. Disappointed, I then asked her to hold my hand, but she said she didn't know how to do that either." Jim asked him what he did then. Answer-"Meet the Board of Education."

Compliments are like cologne, to be smelled but not swallowed.

## Something New

Instead of the annual skip day for seniors, this year it will be skip days. Because of a surplus in the senior treasury, it has been decided that the seniors will all spend a long weekend in Minneapolis, skipping a Thursday and a Friday. Various group activities have been planned, but there will also be plenty of free time. The date has not yet been decided, but it will be one of the last week ends of school. April Fool!!!

Last week Tommy Ubl took Bev Jensen to a basketball game. Not knowing too much about the game, but not wanting Tom to know that, she asked him what the score was. "Nothing to nothing", was the answer "Gee it must be an exciting game", was her
reply. With a shocked face, Tom managed to mutter. "The game hasn't started yet."

Real optimism is the power that a tea kettle has to whistle when it is up to it's neck in hot water.

## Attention Seniors!

Do you realize that there are only 31 actual days of school left for us? That is not very many. Let's make the most of it.

It seems the 2nd hour chemistry class has organized a National Chemistry Society with "Junior" Ahrndt as acting president. He won a trophy for "activity" in the chemistry lab.

All the members of the club have been given society pins by president Ahrndt. Test tube holders are being worn by the active members. Instead of the usual lapel pin which most of the boys are wearing, John Wolf has a special set of ear pins. He must really have been brave!!

Because young people vary widely
in mental, physical, and personal capacities and abilities, we have a guidance department that can assist them to make the best possible life adjustments. In guidance each one is considered as an individual. personal guidance is concerned with Through the Guidance Department the individual is given opportunity to analyze himself through tests, questionnaires, discssion, and coun seling. This leads to more purposeful educational and vocational planning.
Through the oritntation class newcomers at ninth-grade level become acquainted with the building,
rules and traditions, use of the lirules and traditions, use of the li-

## Can you Guess Who Tom, Larry, Dick and Elmo are?

Once upon a time in the big strong land of Zzmbxyb, there was to be an election to choose a prime minister. Four men-Tom, Dick, Larry, and Elmo-were running in the election.
First of all there was Tom, who already was the prime minister. He had run for prime minister be fore; and although everyone said he would lose, he had won. He won because, just before the election, he had gone around the country telling jokes, shaking hands, and kissing babies. His opponent [who, in cidentally, had the same name] had a moustache, and the women didn' like it when he kissed their babies Prime Minister Tom was unpopula because he was a simple man in job that was not simple He job that was note funny jok his dougher liked to his daughter liked to sing, and he The most pople listen to her.
election most popular man in the election was Dick, a big, handsome man who had a big smile. They say he liked his smile so much that he brushed his teeth ten times a day. Dick also was an important man in the army. Because he did a good job in the army, and the people liked his smile, they wanted him as prime minister. His po litical views were vague; so vague, in fact, that the people didn't even know which party he belonged to. Little did this matter because he had the smile. Every good prime minister needed a good smile. Next was Larry, who, like Dick, was a big, handsome man with a smile. He had nice hair. He knew little about world politics, and had done little more than be governor

Three senior Ag boys are applying for the State Farmer Degree. They are Ken Werner, Roger Urich and Orville Broste. Good luck boys!

A former New Ulm High School graduate, Leon Fritsche will run for a State FFA office. The convention will be held in St. Paul, May 12-15. The New Ulm chapter recently purchased a pair of volleyballs which will be used for recreational purposes before meetings.
The sixth hour Ag shop boys are coming along in full swing. Up to now they have made six hog selffeeders, five chicken feeders, a few lawn chairs, and various other farm projects.
of a small province. This didn't matter because Larry had lots of pretty daughters. No man could be a good prime minister without pret ty daughters.
Last, and probably least, was Elmo. He was a smart man with good ideas. Alas! Poor Elmo would never make a good prime minister. He was homely! He was bald!! His smile was nothing unusual!! Why, the man didn't even have pretty daughters! Prime minister? Why, the man would make poor dog catcher.
It was an interesting election with Dick and Larry running strong. Who won, you ask? I won't say, but I will say that Tom bought a

The tenth grade girls have been busy making meals, and of course ating them too. The eleventh and twelfth grade girls have been baking cookies, cakes etc. and producing a wonderful aroma that fills the halls. he twelfth grade boys are now working on baking and have completed a unit of salads. From now on they'll know a "tomato" when they see one.
The boys in shop have been making anything they want, ranging from birdfeeders to rings.

## Graphos Files by Janet

It's a lot of fun to dig into the Graphos files, and read about past events in New Ulm High School. I nearly died laughing at the "corn" they called jokes back in the 1930's The styles described in some of the fashion columns were a scream.
In 1948, however, the year many members of the class of ' 52 were making names for themselves as eighth graders events were very similar to events in 1950.

The fourth six-weeks honor roll placed sixty-six senior high students on the list. In 1952, we are just nine short of that total. It can't be that the students are denser, can it, kids?
We should be very proud of our basketball team, though. In the first round of the District tourney in 1948, NUHS lost to Springfield 49-33. This year the Eagles fought to close, to year the Eagles fought runners-up. The 1948 team had the grand total of three wins to
