Woodchopper's Brawl
To Be Annual Affair
Because the Woodchopper's Brawl as a costume affair was so successful the journalism class has decided to make it an annual affair. The Swing Band played the grand march to get things started. During the course of the evening, prizes were warded to Billy Fritsche, John Heymann, Bev Wilson and Jimmy Palmer for their costumes-the funniest, the most unusual and the cutest respectively. Phyllis Rollings won the door prize-Miss McLaughlins' fudge.
As time passed this took place: Bev Wilson and Jimmy Palmer were innocent by-standers as jailbird Rich Heymann made his entrance down the fire escape with "BatMan" Jeep Heymann and "Robin" Bob Asleson following at his heals.
"My what they won't do for excitement these days," said the 1890 couple Betsy Oswald and Tom Liesch.
Mexican Bill Fritsche exclaimed to "Boxer" Brace Hintz, "Vot in hevin's name is goink on here?" Robin Hood Barb Keckeisen decided to get into the merry chase and put an arrow through the jailbird who was conversing with the cigarette girl, Jo Bierbaum. Immediately "Doc" Kagermeier and "Nurse" Herrmann came to the rescue and patched him up.
Then Sheriff Dirks and Deputy Kral took the culprit off to jail. Quiet finally reigned.

The three act comedy is about the Fuller family who buys a delapidated farm home in the state of Maine. Their efforts to restore the house to a livable condition are amusing.
Students will be admitted with their activity tickets on Friday night only. Saturday night is adult night. Class Play Production Crews

The production crews for the play have also been busy. Business manager is Naomi Schapekahm. Her duties are to order the class play tickets and to be responsible for handling the tickets and the money. Mary Jane Tauscheck, stage manager, sees to it that all the furniture is on the stage and in right order; is on the stage and in right order; she must also see that the actors are ready to go on stage at their given time and also that the curtain is opened and closed promptly.
Taking care of the properties will be the job of Betty Miller and Barbara Keckeisen. They must get all the furniture that is to be used on the stage for the play. They really have the "colorful" job. Among the properties they must collect are "natural" fertilizer gravel, coke a rusty plow, fertizer bage.

Publicity Gets Underway
Publicity will be taken care of by Joy Herrmann and Shirley Sandau. They will contact the newspapers and the radio station about all the play publicity. They will also order the posters for the play and see that they are distributed.
Joan Schrimpf, chairman, with Ruth Halvorson and Eunice Kohls will have charge of the make-up. They must see that each actor is made-up to fit his part, be it an old man or a young girl. Sound effects will be made by Rudy Weissmann and Tom Ubl. These will include rain, thunder, lightning, drilling of a well, and a car stopping.
Policeman Needed Backstage
Building a door and stairs will be the job of John Heymann and Jim he job of John Heymann and Jim Albright, who make up the con struction wew one is quiet and in order backstag uring the performance of the lay House the duty of John Wolf, House Manager.
Taking care of the lighting will be done by the electrician, Val Alwin. The curtains will be attended to by Arlyn Enstad; while Beverly Bloedel, Lois Ulrich, Darlene Bader, and Mary Ann Bianchi will be the ushers for the performance.

Points Given For Help
Each member of these crews will earn a certain number of points for doing his part toward production of the play.

## Two Teachers To Leave

Next year when the doors of knowledge swing wide at N.U.H.S., and the tired children come back to school for a vacation, Miss Cave and Mr. Wold will not be here to try to inspire unwilling minds. Miss Cave will be a willing minded University of Wisconsin student working for a Master's Degree.
Mr. Wold, the art instructor, is going to live with the greatest artist of them all, Mother Nature. Mr. Wold will be leading a Utopian existence, fishing a little, working a little, and vacationing a lot.

## We Seniors

br Evie, Jacky, Lois and Delores

Gee, it seems as if the girls are always getting it. Erwin Stein-
ke, better known as "Erv" to his classmates, has as his pet peeve two-faced women. "Tuff Shape" is probably what you will hear Erv say as that is his pet saying. He takes part in Band and Intramural Basketball. "Erv" isn't sure, but he will probably join the Marines after graduation.

Chorus, Band, G.A.A., Graphos Staff and Fri-le-ta are this girl's extracurricular activities. She just hates it when people call her "Tea garden." After graduation she plans to go into the field of Occupational Therapy. If you haven't guessed by this time, it's one of the brains of the senior class, Janet Schmidt

## After graduation Shirley Schmidt plans to go to Mankato Commercial College. You will probably hear Limpy say "Holy Hannah" when Rollie Schaper is pestering her in Social class, be cause they are her pet saying and pet peeve. Shirley participates in Fri-le-ta and is on the Graphos Staff.

Flirty girls better beware of Doyle Schneider because that is his pet peeve. On January 20, 1935, Doyle, nicknamed "Waldo", was born. He enjoys eating steaks and his pet saying is "Watch it, punk." Doyle has been on the basketball, baseball teams and in the junior and senior class plays as his extra-curricular activities. Doyle is still undecided as what to do after graduation.
Going down town second hour is Wally Sveine's hobby. He says his pet peeve is Miss Hylden. I wonder is she could interfere with his hobby "Almighty" is his pet saying, and I'm sure he'll be remembered for being

People who think the National Cafe isn't good enough for them is Wayne Viegel's pet peeve. Wayne is remembered for his fooling around in the National Cafe. When he is present there is nothing he likes better than eat National french fries and having a glass of tomato juice to go with it. Wayne is better known to his friends as being the Frenchman. So they decided to tag him with the name "Frenchie". His ideal girl is blond, with blue eyes, and a nice figure and has to have a lot of money. I think if he goes into the
Navy, as he plans, he might be able to get that kind.

Tom's future ambition is to enlist in the Navy.

April 11
There was a party in the little gym tonight which closely resembled a "brawl". It's too bad the students couldn't get together in deciding what to wear. Nice clothes didn't seem to be necessary though; in fact, prizes were given to the silliest get-ups. I under stnd why I didn't win anything. I came as myself, a mouse; and the "Bat man" [flying mouse] won in my division.

## Bob Asleson Attends Rotary Conference

## By Bob Asleson

The Seventh Annual Rotary Young Men's Conference was held in St. Paul April 19, 20 and 21. This conference is sponsored by the Rotary Club of the south eastern Minnesota district. Bob Asleson and Everett Chris tianson were the New Ulm representatives.
The purpose of this project is to work for a better future through the young men of today
The young men who took part in the conference were taken on tours of certain St. Paul industires and had personal interviews with local businessmen who were in the profession the young man was interested in. These phases of the program are for the purpose of helping and guiding the young man in his choice of occupation.
While in St. Paul the young men were guests of Rotary Club members and stayed in private homes. This was also an important part of the conference as the young men got a closer look into the day by day life of a businessman. Good food was the password of the entire conference, and no one was heard to have a single complaint about this important item. Another n high spot of the conference was a dinner-dance held Monday evening in the Women's Downtown Club in St. Paul. Besides the tour of the industries a visit was also made to the state capitol where each young man personally met the governor.

## Just Between Us <br> by Rich and Bug

The Woodchoppers' Brawl turned out to be quite a riot. John Heymann couldn't wait to get there. As soon as his costume was finished, he started flying around the room and admiring his shadow on the wall.
Even though "Batman" Heymann won a prize with his costume, his partner Robin [Bob Asleson] won a contest with his legs. The only other contestant Joanne Bierbaum, admitted defeat after one glance at Bob's glamorous "gams".

We hear through the grapevine that the southern couple at the "Brawl" had quite a time getting their faces clean. Did you wash behind your ears, Slip?

The diphtheria shots being taken in school reminds us of the time Jackie Keckeisen had a close call with chicken pox. It seems little Jackie wasn't feeling very well so her father, thinking she might be coming down with chicken pox which was so prevalent in the neighborhood, sent her to bed. The next morning she came down with a serious look and said, "Guess you're right, Pop. I got chicken pox alright. Look, I found a feather in the bed."

## SMILE

A smile costs nothing but it gives much
It enriches those who receive without making poorer those who give
It takes but a moment but the memory of it sometimes lasts forever.
None is so rich or mighty that he can get along without it
A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship.
It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble.
Yet it cannot be bought, begged, borrowed or stolen, for it is of no value to anyone until it is given away.
Some people are too tired to give you a smile.
Give them one of yours as none needs a smile so much as he who has no more to give. Anon.

The Russian dictatorship is currently staging a so-called "peace offensive". It remains to be seen, however, whether this move on the part of the Communists is sincere or not but from past experience we should realize that the main objective of the Communists hasn't been tossed away as some would have us believe. That objective is the overthrow of the capitalistic countries. The Communists will not throw that away for it is the basic belief of the Marxist Communists. If Russia doesn't want peace, why is she staging this "peace offensive"?
When Stalin died, a man called Malenkov came into power. Some say that the Malenkov regime has not been exactly stable. Therefore, if Malenkov wanted to consolidate his forces to make his position firm, he would probably end the Korean War, give amnesties to prisoners, and so forth. And Malenkov is in the process of doing this right now.

If the Korean War does end, do not believe for a minute that marks the end of the Communistic threat in the free world. Russia will probably start trouble in other parts.
There will never be peace in the world antil we eliminate the Russian threat once, and for always.

## Notes on Music

At last! Thanks to Mr. Herrmann, the school board, and everyone else who helped make it possible. The choir will have robes next year. The color hasn't been decided yet.

Sunday, April 12, was the date of one of the most successful spring concerts ever held. The band, chorus, girl's glee club and all the individual groups performing were at their best. Members of the audience had nothing . ${ }^{2}$.

Mr. Strang, "Hans" Wolf, Loren Lentz, and Dave Hagemeister gave the audience a surprise when each had a turn conducting the band in a new novelty number. The band members enjoyed it as much as the audience did. Dave Hagemeister was very appropriate as the Waltz Conductor, with his "curly long locks."
Virginia Schliemann gave a very fine rendition of "Solo de Concert". While the Boys Octet and Girls Sextet sang out in "The Ole Gray Robe" and "The Brown Bird Singing." Ann Schwermann, Paul Radke and Loren Lentz, the clarinet trio, gave another fine performance.
Several New Ulm High School students will attend the Music Camp held on the Iowa University campus this summer. Virginia Schliemann, John Purtzer, Bill Fritsche and George Peterson are the lucky students. The camp will last two weeks, and will include expert instruction on the various instruments, well as many recreational activities.

## State Board Changes Armed Service Credits

Notice to junior and senior Boys!
There has been a change in the policy of the State Board of Education concerning the granting of credits toward graduation for basic or boot training in the armed ser-
vices
After May 1, 1953, a student in Minnesota who leaves high schoo voluntarily before graduation to join the armed forces, may not receive any credit toward a high school diploma.
Heretofore it had been customary to allow two credits toward grad uation to any student, who, after leaving school, successfully complet ed. basic or boot training-provided the school authorities received official notification to that effect. That condition is no longer true.
If the student leaves school voluntarily after May 1 to join the army, navy, or marines, he will not receive his high school diploma
