## There'll Always Be Christmas

By Hilda Butler Farr

There'll always be a Christmas  
To bring us hope and peace,  
And nothing can destroy it . . .  
The joy will never cease.

Whatever are our problems,  
Whatever we must face,  
We gain a new perspective  
Within this time of grace.

There'll always be a Christmas  
Though every dream may fail;  
It's something we can count on  
Through each December trail.

The twinkling trees, and Santa;  
As carols flood the air,  
The church bells ringing gaily—  
While people kneel in prayer.

There'll always be a Christmas  
Because upon this day  
Was born the blessed Jesus  
Who came to light our way.

## Student Council Decorates Xmas Tree

"What a beautiful tree!"  
"I like it with all blue lights!"  
"The tinsel is different!"

These are a few of the comments you will hear if you're ever near the Christmas tree. Some of the Student Council members put the tree up after school, Friday, December 5.

## Woodchoppers Ball Set For Jan. 17

By Joan Franke

The annual Woodchopper's Ball, sponsored by the journalism class will be held January 17 in the small gym. The swing band will play for the dance.

It is to be a masquerade with prizes to be given for the best costume of the single boy, the single girl and the best couple.

If the faculty members wish to wear a costume, perhaps they might be lucky enough to receive a prize for their costumes, too.

Approximately four weeks should be enough time to decide what unusual costume you are going to wear. You can come dressed in anything you wish as long as it is respectable. As suggestions—you can come as a refrigerator, Indian wigwam, a pirate, a gypsy or a clown. The comic strips should provide inspiration for costumes, also.

Refreshments will be sold at the dance. Tickets are 35 cents for singles, and 50 cents for couples.

## Unclaimed Articles To be Auctioned off

Sixty-four pen and pencils, 10 neck chains, 7 rosaries, 7 bracelets, 6 watches, 4 odd mittens, 2 pencil cases, 2 handkerchiefs, a bike light, a purse, a nailclipper, and many other items have been on display in the glass case in the library.

What are these things doing there? They are the lost and found articles which were put in the library by the student council members, for the students to check to see if any belongs to them.

Any unclaimed items may be auctioned off at a future date.

## Vocal Department Presents Annual Christmas Concert

The annual Christmas Concert of the vocal department was presented in the high school auditorium on December 14, at 2:30 P.M., under the direction of Mr. Elmer Ackermann. Studnet directors were Leslie Lueck and John Holland.

The Choir, Glee Club, Carolers, and ninth grade choir, all played a special part in the program. A solo, "The Kings", written by Cornelius, was sung by Nancy Newton and Karen Darlington sang "Adore and Be Still", written by Gounod.

### Many Cooperated in Tableau

A most impressive tableau was under Mr. Jensen's direction and Mr. Wood did the narration. Mrs. Godel, with the help of her seventh and eighth grade home economics classes, made the costumes for the tableau personnel which consisted of Mary, Jane Fischer; Joseph, John Bottenfield; Angel, Suzanne Hoffmann; Gabriel, Howard Vogel Kings, David Silcox, Bob Winslow, Richard Kral; Sheperds, Eugene Tobias, John Mitchell, Keith Lange, and Le Roy Geiger.

Stage crew manager was Bill Fritz and on the student organization committee were Bonnie Harmening, Sue Vogelpohl, Karen Darlington, and Darlyne Barrett.

### Accompaniment and Posters Provided

Carol Albrecht accompanied on the piano and Miss Marilyn Radke on the organ which was lent to the school by Mr. Russ Hills. The processional singing was accompanied by John Arlandson on his trumpet.

Posters, which could be seen in several business establishments around New Ulm, were made by Colleen Pugmire.

## NEWS IN BRIEF

### Opinions Given on Pictures

"What are they?"  
"Gad!"  
"I hate them!"  
"Well, the Street Corners one is okay; at least I can tell what it is."  
"Man, what a fake out!"  
"Cute!"  
"If we had to have new pictures, at least they should have been something inspirational!"

These are some of the comments on the new paintings in the library. These reproductions of famous paintings were bought from the Elepria Arts and Crafts company in Iowa. The one on the right was painted by a Russian artist called Kandinske and is called *Intersecting Lines*. The one on the left is by the Dutch artist, Van Gogh, and is called *Street Scene*.

**NUHS Grad Principal's Secretary**  
Elaine Pechtel Simmet, a 1952 graduate of NUHS is the new principal's secretary. Mrs. Marsha Paulson, the former secretary, left on November 17 when Mrs. Simmet took over. Mrs. Simmet is a former employer of the Claus Motor Company where she worked for two years. When asked about her work, she said she likes it very much, for she always did like office work.

## Juniors Receive Smallpox Shots

Although the percentage of juniors receiving the small pox vaccination is somewhat improved, Miss Kittleson feels that there could be more juniors taking this vaccination. This year 71% of the juniors were inoculated while only 66% of last year's juniors were given the shot.

The vaccination is given in the left arm. A raised red bump appears about the third day, and develops into a watery blister. The blister forms pus, and then dries. The crust which forms will drop off leaving a small scar. The skin around the vaccination may be very red during the time of reaction and the glands under the arm may swell.

If you are immune, only a raised red bump appears which gradually disappears.

### New Semester Brings Changes

Out with the old and in with the new is the general theme at the beginning of a new semester, January 19. Several changes in classes will be made.

Those seniors who have trigonometry will take solid geometry taught by Mr. Heille. The juniors will transfer from speech to English and from English to speech. The freshman orientation and speech classes will also be exchanged. In home economics Miss Westling and Mrs. Godel will exchange classes. The shop classes of Mr. Epp, Mr. Achman, and Mr. Tyrell, will also be shifted around.

### Band Assembly Scheduled for January

A shortened rendition of the winter concert featuring many selections played by the concert band is scheduled for January 23 in the NUHS auditorium.

### Film For Teen-Agers Scheduled

### Change Made in Home Economics

Mrs. Barbara Loveless Godel has resigned her position as clothing instructor to devote her time to home-making. She will join her husband sometime in late January. Her successor is Mary M. Stoppelman of Belle Plaine, a December graduate of the University of Minnesota.

EDITORIAL

Christmas

Christmas is a time of shining lights and shining eyes and of radiant hearts. It is the time of year when the whole Christian world is moved to do good deeds. It is the time when people far and near regardless of race or denomination let the love that is buried deeply within them shine out. It is the season when people everywhere draw upon the rituals and symbols that for centuries have filled their hearts and minds with many cherished memories. It is not to be found in stores nor in gifts of material things, but in people and the giving of themselves. That, after all, is the important gift.

Kathie Herrick can be recognized by her familiar yell of "Fight, Team, Fight!" at all our games. Her pep, vigor, and enthusiasm contribute a great deal to our school spirit. Kathie, who was one of our homecoming attendants, is not only interested in cheerleading, but as a member of G.A.A. she is also interested in many other sports. Next year at this time, Kathie will no doubt be found at the University of Minnesota.

Mike Kuester is one of the many senior boys who is an active and interested member of F.F.A. His interests and hobbies lie in the area of agriculture as his future ambition is to be a good farmer. Mike is also interested in wrestling, an activity that calls for a good deal of his spare time. His sense of humor adds greatly to his friendly personality.

Marion Scharf is one senior who is willing, cooperative, and very eager to help whenever she can. Her main interests and hobbies are reading a lot of good books and doing some oil painting. Right now Marion's future after graduation is undecided.

Blond, smiling John Arlandson is known for his talent in the field in which he is most interested, music. John, who plays trumpet in band, is the leader of that jazzy pep band you hear at our pep fests. He is also in Swing Band and choir. It's really too bad he has to drive all the way from Lafayette in that old blue "clunk" every day.

Charles (Charlie) Mitchell is one of the four senior boys who were new at NUHS this year. Coming here from Minneapolis, he has really adapted himself well. Charlie spends most of his spare time at Herberger's where he works part-time. He is perhaps the only person in College Prep who can put a whole list of vocabulary words in the same sentence with his usual quiet humor.

Jeri Juni is known by all for her sparkling personality. She is always ready with a greeting, making her one of the friendliest girls around. Jeri is an active member of G.A.A. and Glee Club. Although her interests vary, she concentrates mainly on one (no names mentioned). We are sure that Jeri's personality will make her successful in whatever she chooses as her future.

Snooping Around NUHS

Recently the physics class had a jolting experience during discussion period.

Tony Rolloff and Jerry Schroeck decided to give the class an additional "spark." On each row of desks or tables there are several outlets used for electricity experiments. Jerry stuck a steel file in each of the two openings. Then Tony lifted up the bottom file and grounded it with the top one. Sparks flew, smoke gathered, and Miss Raverty came flying back to their table to see what had happened. It's things like this that add additional "juice" to our physics class.

"It was always said of him, that he knew how to keep Christmas well, if only man alive possessed the knowledge. May that be truly said of us, and all of us! And so, as Tiny Tim observed, God Bless Us, Every One."

A Christmas Carol by Charles Dickens

As heard in College Prep. Miss Kayser:—"Why do we spend time discussing this murder story (Macbeth) written three and a half centuries ago when we do not discuss the details of the latest murder in class?" Tony Rolloff:—"That's because we haven't had one yet."

Mr. Anderson to Dave Nicklasson and Wayne Peters who were busy visiting while he was lecturing: "I'll talk lower so I won't disturb your conversation."

Doug Henke discovered one day in third hour study that when you gotta' go you can't always go even though the bell rings. While he was taking a snooze, someone tied his shoe laces to the rungs of his chair.

Gloria Evers, who is known as "Gorky," is one of our many sports fans. She is not only a fan of baseball and basketball, but as a member of G.A.A. she is also very athletic herself. Her other interests include collecting records and photographs and daydreaming. She also enjoys old time music. Gloria works part-time at the Dacotah Hotel. Right now her future plans are indefinite.

Bob Winslow is a quiet and serious senior but he is always ready for fun. His favorite hobby appears to be running around town in his little yellow "motivated" coffee can. Bob, who plays trombone in band, is the leader of our school swing band. Bob will go to the University next year where he will study dentistry.

Kenny Cordes, whose main interests are centered around basketball and "Trinity Girls," is usually rather quiet; but when he does say something, it is usually clever and humorous. Kenny is also a member of the football and track teams. He plans to enlist in the Marines after graduation in May.

Roger Miklas is sometimes hard to spot because he is one of the shorter boys in the senior class. Rog's interests are many, but a good deal of his time is spent at Acker Studios where he has a part-time job. In other spare time he always enjoys good food. Rog's friendly personality will surely aid him in the future.

TAKE IT OR LEAVE IT

We are quite proud of our two great authors, Charles Mitchell and Jeff Radke. Everyone should have the opportunity to read their version of "Humpty Dumpty."

One of our "brains" in college prep class has an awful time spelling banana. Let's see, is it one n or two n's?

All it takes to separate the men from the boys is the girls.

Light Fight— Push-button warfare is here. See a teen-agers' dance, if you scoff, With parents turning the lights on And teen-agers turning them off.

Bachelor: A guy who wouldn't change his quarters for a better half.

What happens after a senior girls' Christmas party? Two of them were home in bed and the other four looked pretty "peaked" on Monday morning. Maybe it was the game they played, or was it the way Ruthie crawled on the floor, watching to see if Sharon's vicious dog was entering the room.

Reservation Telegram received by a Midwestern hotel: "Do you have suitable accommodations where I can put up with my wife?"

It's the latest thing; having a "witch doctor" on our faculty. Yes, he admits that he actually "stabs" pins into a little doll which he made as a replica of a certain senior girl.

There's A Song In the Air

Our caroler group is again singing as a public service during the Christmas season in the stores and through the city streets.

At present, they have sung at the Colony Club, for the Turkey Growers Banquet, and for the WSCS Christmas program at the Methodist Church. They also took part in the Christmas Concert.

The student directors are Leslie Lueck and John Holland.

A PECK OF HECK

Things have quieted down considerably since the junior class play is over. After Saturday's performance, we had a party in the big gym, where we presented Mr. Jenson with a sweater and cuff links and tie clasp engraved with THE FAMILY NOBODY WANTED which we hope he enjoys.

Smallpox shots were given on December 8 this year. The shots surely must have hurt, for we had one casualty—Tricia—she fainted.

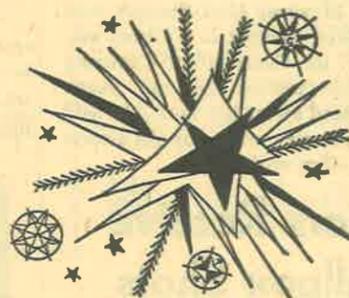

The junior class has a new car in the midst. Kenny Worden bought a 1950 black Ford, all customized.

The juniors have been lacking at the basketball games. Come on, juniors, let's show them we have spirit and are for the team.

The past two weeks in speech class were spent in parliamentary procedure. During our meetings we presented different people with awards. They were as follows:

1. Judy Donahue and Nancy Newton—Lovers Trophy.
2. Anastia Vogelvertz and Carla Fe Fe La Pu—Best actresses of the year.
3. Hard Boiled Hintz and Janice Buggert—Best lady wrestlers of the year.
4. Bob Sandon and Ellen Lippmann—Guardians of Giraffe Hill (where you go for a long neck).

Seasons Greetings To All

THE GRAPHOS NUHS—New Ulm, Minn. Student Edition Published Monthly

Editor—David Silcox Co-Editor—Sandy Hippert Sports Editor—Howard Vogel Adviser—Miss Kayser

The Week Before Christmas

T'was the week before Christmas when all through the school

Not a creature was stirring from desk, chair, or stool;

Dick Plaschaert's papers were stuffed in his locker with care,

In hope the janitor would not find them there.

The students were sitting in their last period class,

Impatiently waiting for the time to pass;

Lyle in shop and Merry in math

Had just settled their brain for a long-class-time nap.

When in the hall the soph girls made such a clatter,

I jumped from my desk to see what was the matter.

Away to the door I flew like a flash,

Dodging Miss Treadwell with hardly a crash.

The girls became as still as the new fallen snow;

But at the stairs I heard Jeff from below.

Then, what to my sleep-laden eyes should appear

But Mr. Lynott with all the Christmas tree gear.

With him as their leader, so lively and quick,

We then knew he was going to play St. Nick;

As rapid as the Eagles his couriers they come,

As he whistled and shouted and called them each one.

Now, John; Now, Darlyne; Now, Judy, Rita, and Donna!

On Kathy; on Tricia; on Chris and all who wanna;

Now trim the tree from the top to the floor;

Now work before you can pass through that door.

Karen spoke not a word, but went straight to the work;

Sharon fastened all the lights, and no one did shirk;

Sandra hung the tinsel and Paulette, the silver balls,

In decorating the tree to light up the halls.

As they finished the tree, Mr. Lynott to his team gave a whistle

And away they all flew like the down of a thistle.

But I heard him exclaim as they passed down the hall—

"A Merry Christmas and a Happy New Year to all!"

The Little Gift

by Helen Harrington  
 God loves the little gift: the widow's mite, the child's penny, the offering of the poor made to the poor. These are His delight. Subsidies and dowries may ensure His tabernacle and His Cloister and His shrine; but he who gives an alm has strung the lyre for angels and has built the Throne Divine. God likes the flavor of the beggar's crust shared with Him, the brave and sweet spend-thrift squandering of self in simple trust . . .  
 . . . God loves the little gift.  
 And it may be He loves it best of all, remembering the Gift He gave—was small.

# SPORTS AT NUHS

## Eagle Quint Wins First Game 46-43

Although the N.U. Eagles were out in front by as much as 14 points at one stage of the third quarter, they won by a mere 3 points, 46-43 over Sleepy Eye, November 25.

With the exception of the third quarter, when New Ulm opened up its largest lead, the game was close all the way. The Indians were down by only four points and had the ball with only two minutes remaining.

Two of the Eagles got into double figures scoring-wise. Sophomore Doug Wiesner who played very well through the entire game, fired in 16 points in his first starting role to take scoring honors. Senior John Holland added 10 for the winners, while Drusch topped Sleepy Eye with 15.

A good start aided in the New Ulm win. The Eagles getting six points from Doug and four from Wenz Wiesner, stepped off to a 12-6 lead in the first quarter of play. The Eagles survived a second quarter thrust by Sleepy and lead 22-14 at half time.

The Eagles started out first in the second half, but led by only 7 as the third quarter ended. Sleepy Eye crept up to within 4 points as the contest became very close between the Eagles and the Indians; but as the buzzer sounded ending the game it was New Ulm Eagles 46, the Sleepy Eye Indians 43.

The Eagle Bombers also won with a 37-14 decision over Sleepy Eye.

## Eagle Cagers Beat Springfield 54-44

Everyone was happy in Eagleville for the Eagles were victorious again. The Eagles picked up their win Saturday night November 29 against Springfield, 55-44.

Coach Virg Goertzen had a chance to use his full ten men varsity as the Eagles won handily. New Ulm built up a strong lead which the Springfield Tigers were never able to overcome.

During the game the Eagles were ahead by 24 points at one time when the "4 sophomores" were playing. Springfield recovered the margin in the fourth quarter and dumped in 21 points.

The Eagles started out by raining in 21 points the first quarter to Springfield's 9. Dave Silcox and Wenz Wiesner each had 3 field goals, with Silcox adding a pair of free throws. "Sophomore" Doug Wiesner chipped in 5 points during the quarter.

### NUHS Ahead at Half-time

The Eagles went ahead by 15 points at the half, but not before the Tigers led by Dave Gisvold had reduced the lead 27-17. Gisvold got 8 of Springfield's 10 points during the period.

The third quarter the Eagles moved ahead 40-19 as Nils Iverson added twice from the field to increase the lead to 24 points.

Gisvold and Meyer combined in the last quarter to erase 14 of the Eagles 24 point lead as the game became quite ragged.

The Eagle B team suffered its first defeat, 30-17.

## Gymnastics

After competing in class "D" in the state gymnastics meet last year, Ken Hartman and Doug Bloedel have been advanced to class "C". Bruce Keske is also competing in class "C".

The "D" team seems to be overloaded with Knopkes. Bud, Tad and Bill Knopke are members as are Wolfgang Muller, Bob Holland, Bryan Schmucker, and Tom Ulrich.

Anyone interested in gymnastics should contact Mr. Pfaender.

## Miss Lovelace Tells Of European Tour

Boarding the *New Amsterdam*, flag-ship of the Holland-American Line, Miss Loveless set out for a tour through Europe during the past summer months. The ship docked at Rotterdam, Netherlands, and Miss Loveless began her European experiences.

The tour consisted of extensive travel through seven European countries. Germany was one of the first visited followed by a trip down the Rhine River to Austria. Upon leaving Austria, the tour went by way of the Brenner Pass, over the Alps to Italy. In Italy stops were made at Venice and Rapallo. From there the group continued up into France and Monaco where they stayed on the French Riviera. The remaining two countries covered by the conducted tour were Belgium and the Netherlands.

### Some Independent Travel

Independently, Miss Loveless and her companion, Miss Hermann, traveled through Denmark, Sweden, and Norway, visiting large cities and smaller towns.

While in Denmark, Miss Loveless accompanied Miss Hermann to Copenhagen to visit relatives.

The only glimpse of England and Ireland the travellers had was that which they were able to get from aboard ship when it docked at Southampton to take on passengers and as they sailed along the coast, en route to America.

When asked if she was confronted by any problems or peculiarities, Miss Loveless related two incidents of interest. At a restaurant one member of the group asked for a glass of iced water. The waiter looked at him strangely and then filled the order. The waiter had never heard of this drink, so consequently he tasted it. The effect was evident later as the waiter suggested the new drink, to many of his guests.

### Experience In Restaurant

Some time later in Holland, Miss Loveless and some companions inquired as to possible restaurants in which the service and food were good. The *Fielding Travel Guide* told of a wonderful place. Upon arriving there, they saw a huge door. The place they had selected looked rather "ritzy". They rang the doorbell and were greeted by a butler and were ushered into a nicely set room and to a table. Soon they noticed that they were the only ones there. At first this didn't disturb them too much, because they had a full course dinner to keep them occupied. When dinner was completed, someone ordered ice cream for dessert. There was none, so the management sent out for it. When the two guests left, they inquired about this restaurant. They then learned that they had been in one of the most expensive, but fine, private clubs which required membership and an escort as admission.

### Comments on Experiences

Holland, Norway, and Sweden were among the most interesting countries toured according to Miss Loveless. But, she also liked Venice, although some of her fellow travellers didn't. She definitely felt that a person must develop a European attitude in order to like that city.

"The trip was worthwhile and memorable," said Miss Loveless, "but you must be European when you tour their lands; live, dress, and eat as they do until you can fully understand them and their lives."

## Class Pix To be Taken December 17

The class group pictures of the 7-11 grades and several classroom candid photos will be taken by Mr. Acker of Acker Studio Wednesday, December 17. The Acker Studio was chosen by the senior class to take the pictures for this year's Eagle.

Another picture-taking session which will include the other school organizations and clubs is planned for January.

The senior pictures have all been taken; and Miss Steen, faculty adviser, plans to have these mounted and sent to the engravers, Schutte-Barnett of Mankato, by the end of January.

## Boys, This Is For Us

Besides preparing food for homecoming Beach Party, the Boys Home Economic class has been studying family life, a better understanding of themselves, and diet.

The seventh graders are sewing four-gored skirts. They have just finished aprons which they will use in the food laboratory.

The main project of the eighth graders is flat feld seams. They are also working on a project of their own, such as night wear or sports wear.

The tenth and eleventh graders are studying sewing construction. Their projects are dresses or suits made from materials other than plaid.

In the foods department the ninth graders are preparing for a unit on luncheons and suppers. They have just finished table manners.

The twelfth graders have been divided into groups and are preparing guest meals.

## NU Camera Club Teaches Techniques

Are you interested in picture taking? The place for you is in Mr. Marti's camera club which meets at 3.30 p.m. on Monday afternoon in the art room. The purpose of the club is to teach techniques in taking pictures and to furnish the school with better pictures.

The club, to which both boys and girls may belong, so far has six boys enrolled. They are John Minnick, Dave Benson, Mike Mather, Bill Bernett, Gary Shroerer, and President Bill Fritz. The club has learning sessions, experiments, hiking trips to take pictures, and discussions of different pictures taken by the club members.

The darkroom facilities are available in the art room.

The invitation is out for girls and more boys who may be interested in photography. Anyone may attend a meeting to learn about the club. Successful members may become photographers for either the *Graphos*, or the *Eagle*, or both.

## Choir Amends Constitution

To put "teeth" into the existing constitution of the NUHS Choir, two amendments have recently been added.

### Amendment I:

Upon the second warning for misbehavior, the defendant must appear before the choir council. If a lousy attitude is discovered, a third warning will not be necessary. A traffic ticket will be issued upon the second warning. Present warnings stand. All traffic tickets will be enforced.

### Amendment II:

Resolved: To sing at a concert, every choir member shall have at least six weeks of practice with the choir.

Choir council members who have been working on the revision of the constitution include John Holland, president, and seniors: Alan Runck, Kay Parsons; juniors: Bob Sandon, Carol Albrecht; and sophomores: Chris Oswald, Mike Young.

## New Sounds From Principal's Office

During the Christmas vacation, a new addition will be made to the school—a new sound system in the principal's office. This new console sound system will replace the present one in the administrative offices.

The conduit piping above the junior lockers will contain the wires. This system will enable better communication to individual school personnel.

The contracting was done by bidding and the lowest bid was \$3,319.40. The Wilfahrt Bros. received the contract.

## G. A. A.

"The score is 14-14!" exclaimed Mary.

"This serve will determine the winner," said Judy, rather anxious to see who the winner could be in this match towards the championship ping-pong player.

The onlookers were tense as Judy proceeded to serve. The small ball was hit back and forth numerous times until Mary finally missed, and Judy came forth to victory.

This is only a sample of what goes on in Senior High GAA on Monday nights. The girls have been indulging in ping-pong and badminton for the last couple of weeks. The only class which has completed their tournament in ping-pong is the senior class, and Virginia Broste came through as the winner. In badminton all classes are still competing to find a winner.

Bowling is going to be the next sport undertaken by the girls. Teams are being chosen as of now, and all of the GAA members are eagerly looking forward to bowling. They hope to begin right after Christmas vacation.
