New Ulm High School, New Ulm, Minn., Tuesday, Oct. 6, 1959

Number 1

## Junior Class Play Cast Chosen

"The Red House Mystery," a three-act play by A. A. Milne, will be presented by the juniors on November 6 and 7 in the high school auditorium, under the direction of Mr. Robert Jensen.

A cast of eight girls and seven boys were chosen after two tryouts. The girls chosen were as follows: Carol Strate, Judy Lervaag, Sandy Frahm, Grace Rolloff, Chris Oswald, Karen Schiller, Margaret Palmer, and Patti Peterson.

Mike Olson, Mike Shay, Steve Aufderheide, Jerry Lueck, Allen Alwin, Jim Isenberg, and Neil Edwards are the boys who have acting parts in the mystery.

Lynn Schneider and Steve Marquardt are assistant directors to Mr. Jensen.

## Fire Prevention Week To Be Observed

Fire prevention week at NUHS has brought us two fire drills. The results of these two were identical timings of 2 minutes and 32 seconds. To quote Mr. Lynott, "We hope to beat this record with more fire drills at various times." There will be posters on fire prevention in different parts of the school.

## Teachers Added To Faculty

Eight new teachers and a school nurse were added to the junior-senior faculty of NUHS this fall.

The new wrestling coach, C. Anderson, a graduate of Concordia College, who spent last year there as an assistant instructor, is teaching seventh and eighth grade social studies.

This summer he was Water Front Director for the Boy Scouts of America.

C. Iverson, assistant band director, was graduated from the University of Minnesota in 1956. He taught one year in Glenville, Minnesota, and the past two years in Echo, Minnesota. Music lessons at NUHS occupied most of his summer time; however, he did get a chance to go West on a vacation.

New to the high school but not to the system is Miss D. Le Duc, who taught the retarded children at Emerson School in former years. She is now teaching reading and spelling. This past summer she attended Teachers Workshop, spent time at Lincoln, Nebraska, and at a lake fishing.

G. Lindboe, a graduate of Northern State College of Aberdeen, South Dakota, taught in Aberdeen High School. Now he is teaching German and English II.

For a month this past summer he visited Bavaria, a state in southern Germany. He also visited friends in New York and spent time at a lake in South Dakota.

In the ninth grade science and math department is L. Novak, a graduate of Mankato State College last spring.

## Science Teacher Goes To Washington

This summer, Miss Raverty had the opportunity of attending by appointment, the National Science Institute, which was a matter of classes at the American University in Washington. It was an eight-week course, and daily work was from 8 a.m. to 5 p.m. This course offered many outstanding opportunities and interesting lab work. While there, she worked on an electronics project.

Miss Raverty saw some of the sights in and around Washington, and also spent three days in New York where she saw several plays, one of them, "Music Man." On July 4 she drove along the skyline drive through the mountains. She also visited at the home of Bill Dempsey, a graduate of NUHS, who is now Chief Clerk to Chief Justice Warren.

## Student Teachers Arrive

Two student teachers are to be at NUHS for the next few weeks. From the University of Minnesota is Anne Flihal, who will do her teaching from October 5 through November 6, under Miss Westling's supervision in the foods department.

From Mankato State is Mary Lou Sandon, who will do her student teaching in physical education and health with Miss Mueller.

During the summer, Mr. Novak worked for the Green Giant Company in Montgomery, Minnesota.

In the speech department is J. Oien, a graduate of Gustavus Adolphus College, with a major in speech and psychology. In the spring of 1957, he did his student teaching in NUHS, and taught the past two years in Isle, Minnesota.

Mr. Oien worked for a Mobile Gas Station in Isle this summer. In late August he took a trip to Sault St. Marie and Mackinac Island.

Filling in as the temporary nurse is Mrs. Schlong, a graduate of Tri-State Hospital in Shreveport, Louisiana. Mrs. Schlong has worked in the pediatrics ward at the Sister Kenny Institute, and in Northwestern and Swedish Hospitals, in Minneapolis. Part of her summer was spent on camping trips and the rest on building a new home.

Miss J. Skeie is teaching seventh and eighth grade English, and social studies. She was graduated from St. Cloud Teachers college last spring. This summer she attended six weeks of summer school and relaxed the remainder of the time.

In the Latin and English departments is R. Voves, a 1959 graduate of the University of Minnesota, is in his first year of teaching. Mr. Voves spent his summer working at the University Golf Course. He is also assistant coach in golf, football, and wrestling.

## New Superintendent

Mr. Solberg

Mr. Paul Solberg from Ortonville is the new superintendent of New Ulm Public Schools. He took over his duties July 1.

Mr. Solberg has had seventeen years of experience in the educational fields, starting his career in education as a high school instructor at Mayville, North Dakota, in 1942.

He became principal of the junior and senior high schools at Ortonville in 1951, and served in that capacity for two years. He was then selected as superintendent of the Ortonville school system in 1953.

Graduating from Gilby, North Dakota High School, Mr. Solberg attended State Teachers College at Mayville, and received a B. A. degree in education. He later received his Masters degree from the University of North Dakota and took additional work beyond that degree at the University of Denver. This summer he attended summer school at the University of Minnesota.

Mr. Solberg is a life member of the National Education Association and a member of the American and Minnesota Associations of School Administrators and the Minnesota Education Association.

## "Red 'Would' But New Ulm Will"

"Red 'would' but New Ulm will" is the cry that will be heard during the game between the Redwood Cardinals and the New Ulm Eagles which together with the coronation of the queen, will highlight this year's homecoming on Friday, October 9.

Candidates, selected by the student body, for homecoming queen are Kathy Clobes, Judy Donohue, Sharon Foster, Tricia Lindemann, Sandy Hippert, Janice Reinhart, and Sylvia Schwermann.

### Activities Begin Thursday Night

At 7:30 Thursday night the festivities will begin with a pep fest at Johnson Field. There will be cheers, music by the Pep Band, skits, and the announcement of the queen. After this will be the feed at Flandrau Park Beach House for all students who have purchased homecoming pins.

Students who wish to, may take buses, which will leave from North German, to the park. The buses will return to school about 9:45, winding up one day of events.

### Game and Coronation

A parade through town at 7:00 will start off homecoming night, Friday. It will consist of the queen and her attendants riding in convertibles, a float if possible, the band, and the student body. The coronation of the 1959 Homecoming Queen will take place before the game, with Mr. Solberg, superintendent of schools, crowning the queen. Also attending to congratulate the new queen and to hand over her scepter will be last year's queen, Doreen Davis.

## Mr. Solberg Speaks To All Students!

As we enter into the fifth week of the 1959-60 school year, I would like to comment briefly on one of the major observations that I have made to date.

I believe that the one thing that has impressed me the most about our school is the apparent seriousness of purpose with which our students conduct themselves in the course of each day's activities. We have heard so much in recent years about the deficiencies of the youth of today, in their attitudes and general conduct as well as in their academic accomplishments. Those who are so quick to issue these criticisms frequently fail to recognize the fact that today the percentage as well as the number of students who remain in high school throughout the twelve grades has increased immeasurably. The net result of this increase brings to our schools children from all walks of life, from varying type of home environments, and with levels of academic potential ranging from those of the highest intellect down to those who are not destined to be so fortunate in their intellectual pursuits. The critics of youth also fail to recognize that the "off-beat" pattern of conduct attributed to our young folks is actually practiced by less than 5% of them, including many who are no longer in attendance in any school.

Our schools have made considerable progress in recent years towards providing training at all levels, recognizing the fact that special attention must be given those of lower potential as well as to those of great potential, for certainly both have an equal right to an education in the public schools of today. Over the years New Ulm High School has established an enviable reputation throughout the state for their high academic standards, for their excellent instructional staff, and for the quality of their high school graduates. It is easy for

### Dance and Alumni Coffee

Then at 8:00 the kickoff will begin this year's game. The football game will be followed by the annual Homecoming Dance at 9:45, in the auditorium, with Freddy Fredrick's Orchestra playing. The junior high may attend the dance. Admission is 50c, and 25c for spectators in the balcony only.

During the dance there will be a coffee for the alumni in the Home Economics room, where they may meet faculty and others. The dance will end at 12:30 for all except the junior high, who must leave at 11:30.

an individual to "let down the bars" just a little in their personal living. By the same token, it has been easy for many of the schools in our country to do the same thing with the high standards set up so painstakingly over a period of many years. We are fortunate here in Minnesota that it has been proven time and time again that our high school graduates rank among the highest in the nation. You who are a part of the New Ulm school are doubly fortunate in knowing that you have at your fingertips an educational opportunity that is second to none in this state. It is my intention that the present high standards will not be relaxed, and I sincerely hope that it will continue to be the intention of our students to put forth their very best efforts towards obtaining the educational background so essential in the world today.

May I take this opportunity to wish all of our students a pleasant as well as a profitable school year!

## Miss Mueller Visits Mexico

Riding a burro was one of the many interesting activities that kept Miss Mueller busy during her summer in Mexico.

She left for Mexico the second week of June to attend the University of Guadalajara. There she stayed with a Mexican family in the city of Guadalajara.

Miss Mueller was fortunate in meeting the last direct descendant of Spanish royalty living in the New World. He is called the Marquis of Guadalupe and is a charro, which means Mexican cowboy.

Two of the activities that were most enjoyable to Miss Mueller were the soccer games between Guadalupe and Mexico City and her course in Mexican Folk Dances.

One of the highlights of the trip was a weekend spent at the sea port of San Blas. It is an uncommercial resort at present, but long ago it was a colonial city of great importance, when it was used as a fortress to fight off the pirates.

Miss Mueller did not have much trouble coming home, although the Mexicans at the border were a bit unsure of her. She had bought four Mexican hats, and they were afraid she was going to sell them when she returned to the States.

Miss Mueller returned home in the second week of August. She hopes to return again someday.

The seven new members of the junior-senior high faculty pose in the library. Seated, left to right, are L. Novak, C. Anderson, C. Iverson, and J. Skeie; standing, G. Lindboe, J. Oien, and R. Voves.

One of these senior girls will be homecoming queen: front row—left to right—Tricia Lindemann, Sharon Foster, and Kathy Clobes; back row—Judy Donohue, Sandra Hippert, Sylvia Schwermann and Janice Reinhart.

## EDITORIAL

## Set A Goal

Have you set a goal for this school year? If you haven't, it's a good idea to do so. Once you have decided what you wish to attain, you can work every day toward achieving it. People who think it's silly to do this usually end up at the end of the school year without much to show for the nine months they have been attending. Don't let this happen to you! Make up your mind now that you are going to try your hardest to do the very best you can at every opportunity.

Are you already in so many activities that you can't do justice to any one of them? This happens to many, but try to look ahead and see how much you can handle. Take on only what you think you can master and then focus your attention on doing your best.

## A Question of Conduct

There has been much discussion among the students about our assembly program on September 28. Do you honestly think the student body as a whole was a very courteous audience? Many feel there is much need for improvement along this line. Remember, we are starting a new school year, so why not try to start it right by acting in a respectable manner during assembly programs. If you don't, perhaps we won't have the privilege of seeing many more this year.

## Choir and Glee Club

If you should happen to hear the words "puddledy pum, puddledy pum" echoing throughout the building, you can be sure it's coming from the choir room. They are the words from one of the songs planned for the Christmas concert, "Carol of the Drum." Other songs being used so far are "Cradle Hymn," "Hallelujah Chorus," "Hosanna to the Son of David," "Christan Awoke, Salute the Happy Morn," and "Beside Thy Cradle Here I Stand."

There are 62 members all told, with 30 male voices and 32 female voices making up one of the best-sounding choirs our school had had.

Girls' Glee Club has 49 members. It has always been the tradition for them to sing only 8 numbers at the Christmas program, but this year they are going to attempt 6 numbers—3 of them being "Praise the Lord," "Balulalow," and "O Holy Jesu."

There are going to be quite a few choral groups—a junior quartet, a junior double trio, a barbershop quartet, a sophomore double quartet, and a boys quartet.

All in all it should be a very memorable year as far as the vocal department goes.

## Band Takes Trip

Getting off on the right foot has been the NUHS marching band which is comprised of one drum majorette, eight twirlers, and fifty-seven band members.

On September 26, the band took part in High School Band at the University of Minnesota-Nebraska game. Six-thirty on Saturday morning two buses left with half-awakened band members. Upon arriving at Memorial Stadium the band entered the stadium, carrying with them their instruments and huge sacks filled with goodies to satisfy them for the day.

At 12:30 the band review started with ninety-seven bands marching around the field track and playing their school song. Rain soon drizzled, getting everything wet. The result was a lot of soaked band members and instruments that never completely dried off.

"Carmen" will be a feature presentation by the band at the New Ulm-Fairmont game on October 2 at halftime.

Homecoming will see a similar presentation by the band at halftime called "H.M.S. Pinafore."

## Senior Write-Ups

by Judy and Hetty Jean

**Allen Altmann** seems to spend most of his spare time down at the New Ulm Theater. Lately, Allen seems to have a great craving for pizza. He says his pet peeve is senior girls—that is—some senior girls. After graduation Allen plans on working on his father's farm. It seems that we have one more boy added on to the list of those who enjoy Basic Science class best of all.

Just look for a brown Chevy with a cute little sophomore girl in it and you'll find **Bill Fritz**. "Fearless" seems to be the nickname that Bill has picked up. As a hobby, Bill likes photography. Physics is one of Bill's favorite classes. After graduation he plans on working in New Ulm for a while, then joining the army. Right now, he's employed at the New Ulm Daily Journal.

If you ever want to know anything about cars just ask **Lloyd Arnoldi**. Lloyd is presently employed at Phillips 66 Gas Station. Lloyd is planning on moving to Bloomington in a couple months. I'm sure that we're all going to miss Lloyd and his friendly personality very much. I seems as though Lloyd is the conservative type. Just ask him how he saved money on eating this summer. After graduation Lloyd will be one of the many senior boys to sing "Anchors Away."

If any of you bought a Dairy Queen this summer, you most likely saw **Carla Stelljes**, for she's known as the Dairy Queen girl. Carla's hobbies are drawing and dancing, but a lot of her time is spent on algebra, her favorite subject. Her pet peeve is people who lie, so don't tell lies around Carla. Her future plans are to go to college and take up interior decorating.

**Elaine Boesch**—After graduation, Elaine Boesch plans to work as a secretary in New Ulm. You can usually recognize Elaine by her friendly smile and pretty long hair. It seems that her main interests reach beyond school though! How about the one that drives a '53 Ford! Elaine lives on a farm just outside of Klossner. Being a farm girl Elaine seems to have a great time in feeding "chickens."

**Gerald Steinkopf**—There's a certain boy in the senior class who holds the honor of being Student Body President. Girls, take note—his pet peeve is girls that wear red socks. Not only is he in wrestling, track, but is also a member of our football team. Somehow, he seems to have one bad habit though—he spends too much time watching the cheerleaders perform. After graduation Jerry will be college bound.

**Ellen Lippmann**—Ellen Lippmann is one girl in the senior class that seems to have a great liking for College Prep and Social. I wonder why you like those two classes so well, Ellen! She wants to become an elementary teacher after graduation. Ellen is an active member in band. With her big, friendly personality I'm sure she'll have lots of luck in the future.

## Class News

Junior class play tryouts were attempted differently this year. Groups of two or three were given situations to make up dialogues for and act out. Instructions were to say anything that popped into your mind.

Helen Larson did just that. Judy Lervaag had stolen her boy-friend and Helen was supposed to get mad at her. Helen stormed and yelled and finally started to call Judy names—none would come. "You, you you—Pill!" she finally yelled. The onlookers clapped and were convulsed with laughter.

In history one question read something like this. "What document offered the right of citizenship to Indians (1887)?" Chuck Wieland knew the answer but didn't quite remember what the question was. When Mr. Zahn jokingly asked him when the document was signed, he replied he didn't know.

"In this one bottle we have enough to blow up the whole city of New Ulm," Miss Raverty calmly stated. The odd smells coming from the Chemistry room only means lab work has officially started.

In speech class Mavis Larson gave a speech on one of her experiences. It seems that not only does she drive her dad's car over a curb and into a tree, but she also chases pigs over fences and into ditches with a straight skirt pulled above her knees and armed with an eight-foot corn stalk.

**Merle Frank**—You can usually find Merle Frank dancing with a certain redheaded girl in the little gym during noon hour. That is, when he isn't studying his favorite subject, Basic Science. One of Merle's pet peeves is people who brag. Right now he is working as a dispatcher for the Yellow Cab Co. After graduation Merle plans to go into the Navy.

**Tom Lindemann**—People who call him "Richard" is the pet peeve of Tom Lindemann. Tom can usually be seen practicing football after school with the rest of the players. Tom's favorite subject is Basic Science. I wonder why so many senior boys like that subject? After graduation he plans on joining the Navy.

**Jerald Skalla**—Here is another football player seems to go for hunting as a pastime. By the way, what do you hunt, Jerry?? Here is another senior that goes for Basic Science. What goes on in that class?? Jerry's future plan is to join the Marines.

**Sharon Bethke**—Sharon Bethke is one of the cute carhops at the A & W root beer stand. If you listen closely, you might hear Sharon whistling one of her creations. Music and band has always been one of Sharon's favorite activities. Sharon plans to be another Florence Nightingale after graduation.

**Leander Gulden**—one of the boys in the senior class that can take the most teasing. Some how or other Leander has picked up the nickname of "Hooker". In case you're wondering how he got this name . . . just ask him. You will tell them, won't you, Leander? It seems that Leander's favorite pastime is studying. As of now, he has no future plans.

## The Right Attitude

by Karen Stevens

"The old battleax. She gave us enough homework for the year. What does she think we are any way?"

I'm sure most of us have heard or used these words sometime. Most of us feel that the teachers are being too hard on us. But are they really?

Let's stop and think for a minute. Maybe your friend has more or less homework than you do. Why? Probably because you're taking different subjects. Remember, You're the one that chose what you wanted to take. No one forced you. So it's not the teacher's fault you're in his (or her) class. We should put forth our best effort to try and learn our subjects well. The teacher is there to try and help us learn, and how can we learn if we don't get homework? Homework helps us understand our subjects better. If you don't understand something then ask. Teachers won't bite your heads off. After all, they've gone through school, too, and I know they all had problems. They've been trained to help us and they know a lot more than we do.

I think NUHS has a great group of teachers and we should be proud of them. So let's all try and do our best to make their jobs easier. We'll find that ours will be too.

## G.A.A. Starts With Hike

GAA got off to a grand start with a hike to Flandrau Park. You really couldn't call it a hike, however, as most of the girls managed to get a ride. Didn't they Barb, Connie and Grace? It seemed that the so-called picnic was over at 4:30 and all the girls and their cars persisted in driving by the football field and laying on their horns.

To start off the season we are having a round-robin tournament in volleyball. The captains have been selected and are as follows—seniors: Norma Wieland and Ann Vogel; juniors: Grace Rolloff, Mavis Larson, and Kathy Korslund; and sophomores: Karen Rockvam, Ruth Thill, and Rhonda Loose.

## Meet The Custodians!

Crash! Splash! "Someone find George." Does this sound familiar to you? It should if you eat in the cafeteria. No matter what your trouble is, broken milk bottles or locked doors there's always a janitor around to help.

This year there are two new janitors, George Ginkel who is replacing Al Dietz in the west wing; and Clarence Stadick, who is replacing George Stoltz in the auditorium. Then back from last year are George Pechtel, head janitor, who can be found around the cafeteria area most of the time; George Schlieman, who can be found in the old wing; and Oscar Oren, who takes care of the new wing.

## Snooping Around NUHS

In a study of meanings of names, when Roger Grossman was told that his name meant "spearman", one of his friends spoke up and said, "That's because of his nose." Roger good-naturedly smiled, for he is used to such teasing.

One day in Mr. Heille's Trig Class, Mr. Heille brought up the subject of how lazy he was. "Yes," he said, "I lead the life of Heille."

It seems that the teachers in the Commercial Department are having trouble in trying to seat themselves on a chair. Both Mrs. Franklin and Mr. Olson missed their "objectives" in the past weeks. But no bones broken.

Do people always mean what they say? Ann Vogel, in a report on the play, *Cyrano de Bergerac*, said, "He was stabbed in the end."

Lois Karl is waiting for the school to furnish "bobby" (policemen to you) hats for the teachers as they patrol the halls during noon hour. What, no billy clubs?

## If's 'N And's

by Gloria Fesenmaier

If this column were written by anybody else, it would probably be witty, smart, intelligent, or maybe even sophisticated; but since it's written by me, it will only be about the hush and mush of Homecoming and all the other activities going on around high school.

Now that the "old grind" has started again, everyone is really hustling around. Piles of books are being carried home each night. Herds of football players are hustling down to West Side to work up a sweat and energize their bodies for the next football game. Homecoming surely will be a success this year with all the hard work the football players are putting in. Win or lose, homecoming will be a success because something is always what you make of it.

I've heard that the school board would like to add a seventh hour on to our school schedule. Some students would certainly like this for they would like to take a fifth solid plus band, chorus, or whatever you have.

Those who wouldn't want to take an extra solid would get an extra study hall. I don't know whether it's a rumor or not, but if we think about it, I'm sure we'd all like the idea.

Did you notice that our conduct around school and in the halls is really very good even with our larger enrollment? You don't have to push your way through the halls or get shoved into somebody else, but you still see Mr. Jensen walking around the halls at noon-time with those pink traffic tickets.

Wouldn't it be ideal if none of us would ever have to get a traffic ticket and there wouldn't be any detention? But of course those are only "if's" and "and's" that will never happen, but we can help by being courteous wherever we are.

## Now Is The Time

by Joanne Brakke

"Never put off until tomorrow what you can do today." It's an old proverb we have heard many times, but one that we seldom heed.

We plan to do so much each day, always having good intentions, but we usually put it off until tomorrow. Time flies by and often nothing is really accomplished; certainly not all the things we really had planned to do.

Let's not continue to sit back, but make a promise to ourselves, now, that we will be more attentive and studious during school hours; that we will spend more time on our homework, even though it means an added hour of study. Also, over the weekend, let's read that good book so highly recommended to us.

**THE GRAPHOS**  
NUHS—New Ulm, Minn.  
Student Edition Published Monthly

EDITOR—SANDY HIPPERT

CO-EDITOR—KATHIE KONAKOWITZ

SPORTS EDITOR—STEVE MARQUARDT

ADVISER—MISS KAYSER

Pictured above with Coach Anderson are the only seniors who have starting positions on the Eagle squad. The trio include, left to right, Cliff Current, halfback; Jerry Steinkopf, halfback; and center Henry Domier.

## Eagles Win Opener; S.E. Drubbed, 27-0

The Eagles opened their football season with a surprisingly easy 27-0 win over rival Sleepy Eye, September 11, here.

Ruggedness of an underclass line plus the fleet running of two senior halfbacks turned the expected close game into a romp. Cliff Current, speedster from track, and hefty Jerry Steinkopf accounted for three of the four Purple and White touchdowns.

Current opened the scoring with a 28-yard scamper on the fifth play from scrimmage after the opening kick-off. Mike Olsen scored the second touchdown after he intercepted an Indian pass on their 10. He powered his way into the end zone from the 5-yard line.

Eluding two pursuers with his speed, Current went over for his second touchdown in the 3rd quarter on a 11-yard end run. Steinkopf also showed good speed when he opened the last quarter with a 60 yard run to close out the Eagles' scoring.

S.E. 0 0 0 0—0  
 N.U. 7 7 7 6—27  
 New Ulm scoring: TD—Current 2, Olsen, Steinkopf PAT—Current 3, (runs).

## Waseca Tops NU; Runs Bring Win

Waseca handed the Eagles a 20-0 loss in the conference opener for both, September 25, at Waseca.

New Ulm had only one good sustained drive in the game. This came in the fourth quarter when the Eagles moved from their 36 to the Bluejays' 10 where they were stopped inches from a firstdown.

While New Ulm backs were having trouble on the muddy field, Waseca's halfbacks were running without difficulty. They scored all their TD's on runs which included tricky stepping on the slippery field.

Individual Rushing  
 Olsen 24 rushes for 76 net yards; Steinkopf 6 for 17; Current 2 for 13; Young 12 for 19; Aufderheide 2 for 7; Schiltz 1 for 4.

Passing  
 Young 1 of 2 for 4 yds.  
 Pass Receiving  
 Olsen 1 for 4 yds.  
 New Ulm 0 0 0 0—0  
 Waseca 0 13 7 0—20

## NU Dumped by Glencoe; Rain Slows Both Teams

The New Ulm Eagles were handed their first loss of the season by Glencoe, 12-6. Both Eagle teams found it hard to move the ball on the rain-soaked field.

The Eagles used mainly a ground game whereas Glencoe scored just on a pass play and set their second touchdown up via a pass.

Glencoe scored on a 31 yard screen pass to fullback Tom Teply. Teply's kick went wide of the goal posts and the score stood 6-0 at the end of the first half.

Glencoe came back to score in the opening of the second half. A pass from Brede to Schultz was the big play in the drive.

The Eagles got into the scoring after a punt by Karl Preuss was recovered by halfback Cliff Current after it accidentally touched a Glencoe back. Jerry Steinkopf exploded around left end on a reverse for the touchdown.

New Ulm almost scored the tying touchdown after Cliff Current intercepted a pass of his own 20 and raced to Glencoe's 23 before being hauled down. But the drive fizzled out after three running plays and a pass gained only seven yards.

Score by Quarter  
 N.U. 0 0 0 6—6  
 Glencoe 0 6 6 0—12

## NUHS To Be Host To 26-County Meeting For Physical Fitness

A twenty-six county conference on physical fitness will be held in New Ulm, Monday, October 12. The meeting is a follow up on a division level of President Eisenhower's physical fitness conference and Governor Freeman's council on physical fitness.

The first meeting will be held the morning of October 12 in the Little Theater of NUHS. There will be a luncheon meeting at Eibners at 12:15 and sectional meetings in the Little Theater and cafeteria in the evening.

### Students to Participate

Demonstrations of physical fitness activities will be held in the big gym at 3:30. New Ulm students will demonstrate, and so far about 20 students have signed up.

That evening at 5:30 there will be a banquet at Turner Hall. There are approximately one hundred and fifty people expected consisting of citizens, clergymen, city officials and teachers. Speakers and leaders in the profession will be on hand.

## Tennis Team-Singles, Doubles-Tie In Region; Golfer Fails To Place

The New Ulm tennis team tied for first place in the Region III tournament at Hutchinson, while John Farrell, lone participant from New Ulm, shot an 87 in the golf tournament at Redwood Falls. Both Region III tournaments were held on October 1.

Mike Young scored all of New Ulm's points, to give the Eagles a first place tie. He won first place and will represent Region III in the state singles on October 9 and 10. Myron Frisch, the other singles competitor, lost out in the first round and finished second in the consolation.

The doubles team of Chuck Wieland and Mike Good lost to the doubles champion of Madison.

John Farrell started out with a 46 on the first nine and fought back with a 41 to be a couple of strokes from the select group.

Young may not be able to attend the state meet because of conflict with Homecoming, unless he gets an early pairing on Friday, October 9.

## NU Tennis Team Wins; Blanks Redwood, 9-0

New Ulm blanked the only other District contestant, Redwood Falls, 9-0 to win the District 10 Tennis tournament held in New Ulm, Saturday, September 19.

Mike Young of New Ulm won the singles championship, beat teammate Myron Frisch 6-1, 6-0, for the championship. Young advanced by beating Mike Radke of Redwood Falls, 6-4, 6-3. Frisch beat Tom Waugh of Redwood, 6-3, 6-2.

Charles Wieland and Mike Good won the doubles title by beating John Neiman and Tom Orth of Redwood, 6-3, 3-6, 6-2.

The two singles finalists and the doubles team represented District 10 in the Regional tournament at Hutchinson, September 30.

## Tourneys in Tennis, Golf, Changed to Fall

You may be wondering why tennis and golf have their tournaments in the fall. The Minnesota State High School League has made the ruling that the Districts, Regions, and State Tournaments be played in the fall, starting this year. The two sports will also be played in the spring, excluding the tournaments which were usually played then.

### Senior Visits Camp

"I feel I was very fortunate in being able to represent Brown County at Itasca State Park for Conservation Camp. The days I spent there were very interesting and educational," remarked Kathy Jeske.

"Thursday morning, September 17, all the kids from the surrounding areas met in St. James to board the bus for Lake Itasca. On the way up we picked up kids to represent their county in 4-H Conservation Camp."

"We stayed in cabins and started our own fires every morning. We had classes outdoors that were interesting and educational."

"The kids were all wonderful and a lot of fun. On Sunday morning when it was time to leave, we all were sorry, and wished we could stay another week. We started for home after church services, and arrived at St. James hot and tired—but it was worth it."

## F.F.A.

Officers who were elected to preside over this school year for FFA were James Rolloff, president; Bruce Keske, vice-president; Tom Wellner, secretary; Ron Guggisberg, treasurer; Gary Gieseke, reporter; and Reuben Stoll, sentinel.

These boys will rule at all activities for the Future Farmers of America. Mr. Ed Fier is the supervisor, and on some occasions helps preside at special activities.

Trying to demonstrate to the world the result of their home experience, FFA boys showed their prizes during summer and school time, when many won ribbons at fairs and stock shows.

Some outstanding boys of this group are Gary Kohn, who entered his Yorkshire hogs; and Melvin Alfreds, who displayed his Spotted Poland China hogs.

The boys also go out and judge at such places as Hubbard, in Mankato; and the state dairy judging contests, where they test their knowledge of soils, hogs, and dairy cattle.

They also went to places such as the state fair, FFA Tri-County Fair at Mankato, Brown County Fair and the Regional Fair at Windom for crop shows.

The FFA also runs a community service in which they put "Stop and Yield" signs in driveways. Last year there were signs placed in 75 different driveways.

### Debaters Prepare For Two Meets

Sixteen students have indicated their interest in debate this year. Under the coaching of Mr. Oien, they meet every Monday night and try to organize their team.

These sixteen are Lois Karl, a senior; Karen Seifert, Helen Larson, and David Nicklasson, juniors; Carl and Robert Knopke, Mary Kay Schmid, Gloria Fesenmaier, Jo Anne Erickson, Karen Carstensen, Fete Smith, and Paul Huhn, sophomores; Marni Gislason, Jane Vogelpohl, Gladys Nieman, and Sharon Wellmann, freshmen.

#### Several Meets Scheduled

On October 31, they will be going down to South St. Paul; and then on either October 17 or November 21, they will be going to Esterville, Iowa, for a tournament.

The debate topic this year is: Resolved that the federal government should substantially increase its regulation of labor unions.

Mr. Oien feels that this is one of the best topics debaters have had for a long time. He also stated that it isn't only the point of winning that he is interested in, but the fact that the students learn through this experience. He is anticipating a very good season.

### N.U.H.S. Welcomes 27 Transfers

Twenty-seven transfers in senior high from various schools are one of the main topics of discussion this year.

From Holy Trinity Cathedral are Mary and John Higgs, Jerry Kretsch, and Richard Schweiss, seniors; and Gary Locher, Arnold Freiderich, and Kathleen Horner, sophomores.

From Sleepy Eye come Jim Grundmeyer, a senior; and Bonnie Shirk and Connie Richmar, sophomores.

From Windom we have David Hennings, a senior; Elaine Hennings, a junior; and Carol Hennings, a sophomore.

From Winnebago there is Larry Ballard, a junior. Gibbon gives us Linda Jutz, a junior; and Joyce Schroepfer, a sophomore.

From DMLC are Karae Sommers, a junior; and Steven Bushard, a sophomore. Janet Riess, a junior, hails from California.

From Springfield we have Gerald Dalluge and Michael Dalluge, both juniors. Carlton Morrison, a junior, is from Austin. From Hanska are Elizabeth Oldtad, Lee Sather, and Wanda Fischer, sophomores.

Gladys Smith, a senior, comes from Arnold, Pennsylvania, and Donna Dranttel, a sophomore, comes from Mankato. NUHS welcomes all of you.

### Faculty Vacations

Three months can go fast when teachers travel, work, read, and do many other things as did the NUHS faculty.

Miss Stoppelman attended the American Home Economics Convention in Milwaukee. She worked in Le Sueur and spent part of the summer at her home in Belle Plaine.

Mr. Goertzen played in a soft ball league and worked at Kraft.

Mr. Tyrrell and his wife spent four weeks in Canada and two weeks in Chicago. He also attended the State Fair.

Music lessons, band rehearsals, and traveling were Mr. Strang's activities this summer. He also spent one week in Colorado Springs and a week in Duluth.

Mrs. Franklin enjoyed a ten-day trip through the Black Hills, the Tetons, and Yellowstone National Park, in August. Earlier in the summer she spent a few days in Chicago.

Mr. Heck built a new house in Searles and worked in school for a month. Also he went fishing for three days, which he considers very little time for a person who enjoys the sport.

One of Meyer's Construction employees this summer was Mr. Epp, who also worked on the Supersweet Research Farm.

Mr. Heille's activities this summer consisted of reading and swimming.

Directing the city recreation activities was Mr. Harman's main occupation this summer, although he did manage to squeeze in a trip to Michigan and Canada.

Mr. Blackstad attended Colorado State College and received his M.A. in educational psychology and guidance.

Mr. E. W. Anderson went to summer school at South Dakota State College for eight weeks.

Miss Helms taught Bible school for two weeks, spent a week in Park Forest, Illinois, and six weeks at home in Waseca.

Mr. Jenson spent the summer vacationing and going to school at the University of Minnesota.

Miss Kayser stayed at home in St. Peter most of the time but made a short week's trip to Wisconsin.

Miss Steen spent her summer at her home in Walnut Grove and took two short trips to Wisconsin and Northern Minnesota.

#### Teachers to Attend Convention

Minnesota Education Association will be held in Mankato, October 22 and 23. The teachers will be spending their time listening to lectures and attending conventions. Because of this meeting, the students will have a two-day vacation.

Mr. Ackermann worked for an organ company in the installation of a new three manual organ for his father's congregation in Owatonna. He played for the church dedication services in July, and attended summer school at the Minneapolis College of Music.

Traveling kept Miss Sogn busy this summer. She traveled to Minneapolis, Duluth, Wisconsin and Northern Minnesota. She spent part of the time at her sister's home in South Dakota.

Mr. Ness spent five weeks at a guidance and counseling school. The rest of the summer he taught driver's training.

Mr. Lynott visited Glacier National Park, Seattle, Washington, and Portland, Oregon, the first part of the summer. He spent the remainder working in school and playing golf.

Miss Westling visited her hometown of Duluth and then went on a trip which was highlighted by a visit to Boulder, Colorado.

Mr. Zahn was busy coaching our baseball team, estimating the damage done to farmers' crops in Minnesota and North Dakota. He also spent one or two days in Canada.

Mrs. Kleene spent a week at Lake Darling and a week teaching Bible school.

Miss Radke spent a week in Chicago where she saw "Music Man." Also she was a counselor at a Bible camp in Northern Wisconsin for two weeks.

Mr. Pfaender ran the St. Louis County 4-H Camp on Lake Eshquagama for 11 weeks.

Fishing was one of the activities which kept Mr. Fier busy this summer. Also he supervised F.F.A. students and attended several fairs.

Mr. Achman spent most of the summer working in school, doing building and repair work.

Catching up on work that didn't get done during the last school year was Mrs. Schroeer's project this summer.

Miss Schmid spent her summer finishing records at school, and going on short trips in Minnesota.

Miss Raverty attended the Federal Science Institute in Washington, D.C. She also went sight-seeing in New York.

Visiting relatives in Canada for two weeks and attending summer school at the University of Minnesota were some of Miss McLaughlin's experiences this summer, besides a week's trip into Wisconsin.

Mr. Marti spent his summer working for the Minneapolis Freeman Company here in New Ulm and at home.

Miss Mueller attended school at the University of Guadalajara in Mexico.

## NEWS IN BRIEF

#### "EAGLE" Editors Announced

Selection of an editorial board for the 1960 Eagle has been announced by Miss Steen, adviser. Avis Borchert, Marsha Haber, Judy Donohue, and Kathy Keckheisen were named.

They will begin work with Miss Steen now; later the rest of the staff will be announced. The different studios sent representatives to a senior class meeting on September 30, in the Little Theater, to display samples of their pictures and to explain prices.

#### Council Members Chosen

Fourteen homerooms representatives were chosen on September 14, for the 1959-1960 Senior High Student Council.

For the seniors, Room 305—Kathleen Clobes; 204—Tricia Lindemann; 306—Gerald Tobias; 318—Sharon Foster; the juniors, 211—Donna Asleson; 303—Neil Edwards; 313—Steve Marquardt; 202—Chris Oswald; 216—Michael Young; the sophomores, 308—Jerilyn Donohue; 315—Ronald Helget; 301—Gary Kohn; 215—Craig Opel; 206—Dave Wiesner.

The new student council has had several meetings discussing plans for Homecoming. The Student Council Convention will be held on Tuesday, October 13, at Luverne. Chances are that NUHS will send four representatives and an adviser.

#### SOS! Photographers Needed

Mr. Marti is issuing a call for boys who are interested in photography. He wants people who will take pictures for the Graphos and the Eagle. They will use the new school camera and speed light.

He would like boys who have had some experience. So far there is only one senior high boy working, and there is need for three more.

#### Science Assembly Coming

"Up N Atom", a series of scientific demonstrations on chemical marvels, the electric eye, and defiance of gravity, will be presented on October 19, in the auditorium at NUHS. It is a display of the latest miracles of science.

The "Up N Atom" enterprises development laboratory in southern California has prepared the program. Some of the things the speaker will show are the electric flame, burning steel, and a miniature atomic mushroom cloud.

#### Students Receive Mantoux Test

Grades one, six, nine, and twelve were given the opportunity of receiving a free Mantoux test on September 29 in the cafeteria at 8:15 a.m.

The reason for this test is to determine whether a person is affected with tuberculosis germs. A small amount of germ-free liquid, called tuberculin, is injected between the layers of skin in the arm.

On October 1, a check was made to see if there is anyone who has signs of TB.
