## Karl Preuss Attends Vocations Conference

by Claudia Konrad

Karl Preuss was chosen by the faculty to represent NUHS at the 15th Annual Rotary Conference lasting from April 23 to 25 in St. Paul. Approximately 120 students from all over Minnesota and two students from Canada participated in the conference, the purpose of which was to give young men a clear understanding of professional vocations.

The students stayed overnight at Rotary homes. Sunday the 23, was the day of arrival in St. Paul. After a smorgasboard in the St. Paul Hotel, the participants of the conference watched the Twins play Washington. On Monday Karl chose to tour the American Hoist and Derrick Company. The different department heads informed the students about the rudiments of the company, its formation and operation also they commented about the qualities expected from college graduates. They are scholastic achievement, initiative, responsibility, and ability to get along with one's fellow-workers.

Greatly impressed was Karl by the products of this company; in spite of their huge size, they are very precise in their measurements. The day was concluded with a banquet which was followed by various round-table discussions. There the students had opportunity to direct questions to outstanding business and professional men.

Tuesday morning, Karl followed the same program as the day before, this time touring the Minnesota Mining and Manufacturing. He was greatly amazed at the variety of this company's products. Everything "from scotch tape to sandpaper." A luncheon at the St. Paul Hotel ended the conference. Dr. Paul Gideons, President of Hamline University, spoke on "Educational Revolution," emphasizing the importance education plays in finding a job.

Karl summarized his experience by saying, "This conference helped many kids, including me, to get a clearer picture or a decision about our future vocations."

## Spring Prom Presents Starry Space Effect

"Wonderland by Night" the theme for the junior-senior prom provided a starry space-like atmosphere for the Banquet and dance May 6.

The banquet began at 6:30. Table decorations were multicolored atoms surrounded by angel hair. Adding to the effect, the cafeteria lights were covered with tin foil cut in star-shaped designs and the pillars were covered with tin foil stars.

### Speakers and Music

The program after the banquet was conducted by master of ceremonies, Robert Knopke. Speeches were given by the president of the senior class, Christine Oswald; superintendent, Luther Fjelstad; and president of the junior class, David Wiesner. The Sophomore Dixieland Band played three numbers, and the sophomore girls triple trio consisting of Susie Bethke, Marni Gislason, Charleen Rolloff, Nancy Noyes, Loni Peterson, Susie Hoffmann, Judy Nickel, Judy Lindemann, and Jane Vogelpohl, sang two songs.

## Six Juniors Attend Boys', Girls' County, Legion Sponsored

Seeing first-hand county government in action were six juniors from NUHS, participating in Boys' and Girls' County, which was sponsored by the American Legion. The six representatives joined 30 other juniors from Hanska, Holy Trinity, Comfrey, Springfield, and Sleepy Eye high schools in observing Boys' and Girls' County at the Brown County Courthouse.

Representing NUHS were Gloria Fesenmaier, Pat Lang, Ruth Davis, Dave Wiesner, Leo Sather, and Craig Opel.

The group toured the county jail and courthouse offices, attended the county commissioners meeting and heard various county officers in the court room.

They enjoyed a dinner with county and city officials at Turner Hall. Robert Berens, county attorney spoke at the noon dinner.

## NUHS Represented By Kathy Korslund At State Conference

Kathy Korslund, along with two other students from New Ulm, attended the Minnesota Economic Conference for young adults at the Normandy Hotel, March 4 and 5. They were accompanied by Donald Gollnast, cashier of Citizens State Bank.

"The purpose of the conference was to teach the young people all about sound financial planning, since the economy is determined in large measure by the economic practices of the young people," stated H. H. Prah, president of Citizen's bank, the local sponsor.

The conference is jointly sponsored by Paul S. Admidon and Associates, Minneapolis educational consultants and the First National Bank of Minneapolis.

The participants had group discussions and lectures. For entertainment they toured First National Bank and the Grain Exchange, and later went to the movie, "Spartacus." The conference ended with a banquet on Saturday afternoon with the award winning reports.

### Dancing in Wonderland

The grand march began at 9 p.m., with Guy DeLeo and his band furnishing the music.

The dancing area on the auditorium stage was enclosed by black paper to give a cave-like effect. Multicolored stars hung from the ceiling and reflected light from the various glass reflectors at the back of the auditorium. The orchestra sat in a half-moon covered with yellow tin foil. A comet complete with green lighting, was suspended in the left front corner; and the planet, Saturn with a ring of different colored foil pieces, served as the concession area. Cardboard clouds, decorated with white tissue paper and angel hair, completed the "Wonderland by Night" effect beneath the stairs.

Following the dance, the juniors and seniors were invited to go to either the Starlite Drive-In or the New Ulm Theater for a free movie. A 4 p.m. breakfast at Flandrau park completed a night to remember.

The four junior boys who are the candidates for student body president, 1961-1962 are, left to right, Dave Wiesner, Robert Knopke, Doug Oman, and seated, Lee Sather.

## Planning Aids Success

We know not what the future holds for us, but whatever it holds, we must try to do our very best.

Another school year is nearly over. The seniors will not be coming back; instead, they will find their future. Those of us who will be coming back must plan; for even though we can't be certain of our future, we can help to plan for it.

Our elders tell us our school years are the best years of our life. Truly they must be, for after we have graduated, we will be completely on our own.

Planning with the help of our parents and the guidance department will help to assure us of success.

## Award Night

"Are you coming to award night?"  
"What's award night?"

It's the night seniors are recognized for their achievements."

"I'm not going to get anything. Why should I come?"

Above is just an example of a typical conversation carried on by students about award night which is May 25.

Why don't people come to award night since it is for the public and not only for those seniors who know they are going to receive an award. Award night is for students, parents, friends, and relatives. It is also for underclassmen so they can know what awards are given out and strive to achieve them when they are seniors.

Award night is also for those seniors who don't think that they will receive an award, because they may get one, and not know about it—as it sometime happens.

"Well, now are you coming to award night?"

"Yes, and I'll see you there."

## May 1st

Dear Diary: I thought you should be first to know that Mr. Howell has decided not to become a missionary after all. He's decided that there's enough to be done at home with us white natives. His decision was cinched when Harriet told him that Van Hindenburg was a German blimp. That's ridiculous. Everybody knows he was really Austrian.

Actually, though, that's not the worst of his problems. I guess it really shook him up when Bill Macklin led the class in making Nazi arm bands out of red cross stickers for Mother's Day.

## May 8th

Dear Diary: The seniors are awfully lucky that school's almost out. If it wasn't, from what I hear, we'd have a soak school by the middle of June. Way back in April, Bear was shouting, "I'm firsty" every time he got to boy's chorus. And I saw something in the paper that said that the senior girls had a bridge party and Grace was high . . .

## May 15:

Dear Diary: Well, it's about that time again—this is the season when the little idol worshippers elect the hero for next year. No kidding, some of the posters are really a scream. Like, "Al Jumps the Poles, Doug Takes the Poles," they don't give much credit to Poland, do they? I saw one that said "Rolvaag Wants Sather." I guess that lost a friend last winter. I hear that Lee is campaigning as the best dressed guy in school. Actually, he isn't the best dressed, he's got argyle hair on his legs.

Thought for the Day: If we drink and don't drive, how are we ever going to get home?

## Seniority

by Rosie, Gail and Sandee

A lovely girl with a German accent is **Renate Bartels**. She has been in America for 5 years, but will return to Germany, leaving this summer and staying there for five months. Swimming, bowling, skating, and dancing keep Renate occupied, as well as her plans for nursing after her return from Germany.

Staying home awhile on the farm and then going in the Air Force for 20 years is what **Gordie Woratschka** will be doing. He will receive a college education while he is in the Air Force. Right now, and he insists it's a challenge and a pleasure, he is reconditioning five antique gas engines. Gordie usually does not have more than five at once, for "They are real clumsy and HEAVY!"

Always on the go—to dances, shows—is **Sandy Malmberg**. When she is not working in her dad's store, Sandy usually finds something to do in Lafayette that keeps her busy. On June 19th she will leave this mighty town and attend the Minneapolis Business College, taking a secretarial-receptionist course. And then (quote) "Who knows?" (unquote).

A rather calm, easy going guy because "Nothing makes him mad" is **Leroy Schapekahn**. This mile-relay man for track is now in the National Guard and will have active duty soon after graduation.

Horseback riding, water skiing and keeping a penny collection comprises **Sandy Nehls'** interests and hobbies. Her pet peeve is "note snatchers" and being as she works presently in the telephone office, it holds a good future for her.

One gal whose not only got her summer planned out, but the next whole year, is **Karen Seifert**, whom most of you know as our exchange student to Ulm, Germany, for next year. Besides being all excited about going to Germany, Karen's interests center around reading, painting, dancing, and going to movies. Her pet peeve is analyzing-books.

Collecting cats, working on cars, wrestling, and fishing are a few of **Charlie Steinkop's** interests in life. A cute guy with mechanically-minded aims for the future, Charlie is often called "Weaver."

A girl who is always friendly and fun-loving with a cute giggle to go with it, is **Carol Huhn**. Swimming, horseback riding, collecting pictures of roses, and just 'gabbing' seem to take up most of her time. Carol doesn't say much about her future, except that her main ambition is to work until she gets enough money to go to Hawaii.

**Connie Stone** has an all-around interest in people—she likes them, enjoys being with them, and likes to observe them. Her pet peeve is people who crack their gum very loudly. Connie enjoys sports and being in a lot of extra-curricular activities. She is a fun-loving person and is always ready for a good time. After graduation, Connie plans on going to the University of Minnesota.

A real pretty little gal, and new to our class, is **Karen Byer**. Her interest seem to be limited to sewing—and of course, to that one certain junior guy. Her pet peeve is people who think they're better than others. In the future, Karen plans on going to beauty school.

## Worries of Middle Age

Mr. Epp has glasses and was commenting on how they made him feel so old.

Remarked Mr. Epp, "I'm in that age where I'm too old for Pablum and too young for Geritol."

## Spring has Sprung

We've heard of a boy and girl sipping on the same straw, but not this. Recently at the cafeteria at noon two juniors were seen eating off the same plate. (one spoon and fork) Spring Fever is here.

## School Mishaps

The underclassmen have been having their problems. Jerilyn Hagberg, 8th grader, fell down a flight of stairs and broke her leg. George Brown cut his hand in 9th grade shop. The wound required 3 stitches.

## Lift Your Feet

A glass panel in the Ag door was kicked out. It must have been done by a high stepper.

## Invincible Mr. Good

During 5th hour algebra Mr. E. W. Anderson was saying why it was we remembered certain equations and forgot others.

"We know Columbus discovered America in 1492, but we don't remember when Whitney invented the cotton gin," said Mr. Anderson confidently.

Both the inevitable happened. Mike Good said promptly, 1791.

## What Music Can Do

While studying psychological reactions to music in Early Bird Psychology, the seniors came up with varied reactions. Some were: Walking through a cemetery on a dark night, riding in a convertible, and of all things, a dying buffalo.

## A Record Broken

Miss Raverty, in 4th hour biology, was saying that wasps never harm anyone. In all her years at NUHS she had never heard of a wasp stinging anyone.

No longer is it true. The day before, Helen Larson was stung in the toe by, guess what? A WASP!

## Modest Mr. Harman

Mr. Harman has been named president of the Minnesota Council for the Social Studies. He has also been named on an advisory committee to re-examine the social studies curriculum for the state of Minnesota.

## Congratulations!!!!

New Ulm's golf team waltzed home with the South Central Conference title, winning by some 30 strokes Saturday.

Medalist was John Beecher with an 82. Steve Auferheide shot an 88 for fourth.

Mike Young took the South Central single title and won all the points New Ulm earned. His eight-point production produced a third place finish, Saturday.

Goertzen Memorial  
Decision Announced

A decision has been reached on the memorial for Mr. Virgil Goertzen.

The faculty-student body fund is to be used to purchase a trophy case in which only basketball trophies will be displayed, since Mr. Goertzen was the basketball coach here. On the case will be a plaque indicating that this is the Goertzen Memorial.

The selection and placing of the case will be in the hands of the administration.

Members of the committee were Mr. Fjelstad, Miss Kayser, Mr. Blackstad, Mr. Zahn, Christine Oswald, Marni Gislason, and Myron Frisch.

# Bucs Trim Eagles 4-3 Scoring Runs After Two Outs

New Ulm suffered its second loss in the South Central conference as Blue Earth edged the Eagles 4-3 here last Tuesday. New Ulm's record in the SCC presently stands at one win and two losses.

Blue Earth started the action as it scored twice on three hits in the third inning. The Eagles came back in the fourth to tie the score as Karl Preuss doubled and Dennis Sperl singled. The score remained tied until the seventh when a New Ulm error coupled with a single put two runners on base. Molly Baum followed with a double to drive two runs across the plate. Undaunted, New Ulm started their own rally in the bottom of the seventh, but it came too late. Although the Eagles managed to score one run on Duane Sperl's sacrifice, the rally was finally stopped with the tying run on third.

Senior Steve Marquardt hurled the seven frames for New Ulm, striking out nine and walking two. He allowed only two earned runs.

## Scarlets Take Triangular

The Scarlets from Mankato chalked up a win here on April 26 at a triangular track meet with the Eagles and St. Peter. While most of our scoring was done in third and fourth places, Mankato had 11½ firsts. The ½ was a tie for first on the high jumps, with Doug Wiesner splitting the points with a Scarlet.

Other fine showings were a second in the shot-put, with Doug Wiesner throwing it 46' 2"; a second in the pole vault by Al Oman; and the Eagle half-mile relay taking second behind a fast Scarlet team.

Team totals were Mankato—57, St. Peter—37½, and New Ulm—35½.

# Eagles Take Third At Redwood Track

On April 29 Redwood Falls held and won its own invitational track meet for the third straight year.

New Ulm took 3 firsts, winning in the discus and tying in the high jump and pole vault.

Doug Wiesner hurled the discus 126-7½ to top the Cardinals in that event. He also tied the high jump at 5-7. Al Oman made 10 feet in the pole vault but was tied by a boy from Stewart.

Coach Epp said there were some big improvements! Both relays cut six seconds off previous times. New Ulm topped Redwood in the mile relay but took fourth. The first four teams all came in under the four-minute mark.

New Ulm took third place with 29¾, being topped by Stewart and Redwood.

# Golfers Lose First Match By Two Strokes

The Eagle golfers suffered their first defeat of the season as Hutchinson edged New Ulm, 176 strokes to 178, in a triangular meet here. Close behind was St. Peter with 183.

The Eagles' top foursome included Steve Aufderheide 42, Mike Shay 43, Al Schmucker 45, and John Beecher 48. Ned Lee led the victorious Tigers with 42. St. Peter's best score was Scott Forehand's 43.

# Eagles Top Glencoe 5-1 In SCC Opener

NUHS started off its SCC baseball season with a 5-1 win, topping Glencoe's Eagles, Friday, April 28.

Doug Oman, Eagle's leadoff batter, took a walk from the Glencoe pitcher and scored moments later on a single from Karl Preuss. Singles from Mike Young and Chuck Stadick put them on safely. Steve Marquardt got on an error by the pitcher letting in one tally for the Eagles. Glencoe's pitcher then walked Oman to load the bases. Roger Ring sacrificed, letting in Stadick. Preuss singled again, allowing Marquardt to score.

Glencoe's only run came in the seventh on a pair of errors. Marquardt allowed two hits, striking out twelve and walking three of the opposition.

NUHS had five runs on seven hits while Glencoe got their one score on two hits.

# No-Hit Game Brings Only Loss For Eagles, 4-3

Although two Eagle pitchers, Dick Cordes and Jim (Bear) Isenberg, pitched a no-hitter against St. James, New Ulm went down to its first defeat of the season, 4-3.

Cordes, Eagle starter, began having control trouble in the second inning. Two errors combined with five bases on balls allowed four unearned runs to score. Isenberg came in with two outs to put out the fire.

In the last four innings, Isenberg walked two and fanned five to match Cordes' five strikeouts. New Ulm scored once in the third and twice in the fifth. A late Eagle rally in the seventh frame was stopped to end the game.

In 10th grade mechanical drawing the boys are drawing blueprints and exterior designs and landscapes for houses. Dwight Shavlik's particular house was designed like this!—first, he drew the blueprints of the house exactly to scale; second, he drew the exterior design and landscape to scale with the blueprints; then by lining up the blueprints and the exterior design, he could figure out exactly where the windows and doors should be drawn in the exterior design.
