

Mild and comfortable weather is expected to prevail throughout the fall. Don't forget that we are now privileged to have air-conditioning. An occasional breeze might be a necessary aid in our fall football games!

The Graphos

Vol. 48 New Ulm High School, New Ulm, Minn. Tuesday, September 6, 1966 Number 1

EDITOR'S OATH
I swear to read the proof, the whole proof, and nothing but the proof, so help me with my spelling.

Rules Introduced By Administration

Mr. Olson stated that there will be as few rules and regulations as possible, but in order to have a well-run school there must be some kind of rule that everyone has to follow.

"Since the school is new and this is the first time that the senior high has been separated from the junior high," commented Mr. Olson, "I am sure everyone will act accordingly and their actions will be admirable to all."

One of the rules that everyone is to follow is closed noon hours. This means that all students will eat their lunch in the cafeteria. There will be no exceptions to this rule.

Doors will open at 8:00 in the morning, and unless a student has an appointment with a teacher, or an "early bird" class, he won't be allowed inside the school before the time previously mentioned.

Students will be dismissed at 3:27, and everyone is expected to be out of the building by 3:45 unless he is involved in some activity that is supervised by a teacher, or is receiving special help.

"For traffic safety reasons," Mr. Olson emphasized, "cars and scooters will be placed in a specific spot in the parking lot." He further stated that each car and scooter will first be registered with the principal's office for a parking permit. To avoid congestion, the vehicles will not be allowed to leave before 3:35, which is when the buses leave.

"Haircuts for the boys this year will be very stringent," stresses Mr. Olson. What will be considered a long and a short haircut will be Mr. Olson's decision. Boys will be given several days to have their hair cut, and if it is not cut properly, they will be suspended from school. On the second offense, the boy will be suspended indefinitely.

Any girl wearing a skirt to class that is so short that it is a distraction to someone's eyes will be sent home to change. If this happens a second time, the girl will be sent home to stay.

These provisions are set down by the administration and all students are expected to observe them.

"Mr. Fjelstad, the Board of Education, and I, Mr. Olson, feel that we have as good a senior high school, facilities, equipment, and faculty as any in the state of Minnesota - also we have better "kids" than any school in the state of Minnesota. With this combination we can't go wrong!"

T.R. OLSON

Twirlers Glitter In Local Parade

The new majorette's costumes were the highlight of NUHS's twirler's summer. The costumes are made of a sequined fabric that glitters in a multitude of colors when the sun strikes it.

Strutting just a little more proudly, the twirlers appeared in their new outfits in the Polka Day parade. The twirlers also marched in the Fireman's Convention parade, the Fun Fair at Lafayette, and the Friendship Days parade at Nicollet.

The twirlers are now working out new routines for the football season.

The head majorette for the '66-67 school year is Rhonda Boesch. The other twirlers are Jackie Lowinske, Nancy Brown, Joyce Boelter, Julie Konakowitz, and Jayne Rosener.

Soph's Boast Largest Class

Total enrollment of the new senior high school numbers 603 students. The sophomores have the largest class, which numbers 212 - 107 boys and 105 girls. The junior class, which is the smallest of the three classes, totals 190, with 102 boys and 88 girls. Senior girls outnumber senior boys by two. There are 101 girls and 99 boys.

Morrell Anderson

Larry Blow

New School Year Brings New Teachers

The NUHS faculty for the '66-'67 school year includes 21 newcomers. New teachers for the senior and junior high schools are:

Larry G. Blow, junior high principal.

Morrell Anderson administrative assistant to the superintendent.

Mrs. Ruth Fering, junior high librarian.

Miss Bette Hasselmeyer, junior high English teacher.

Franklin Stuckely, agriculture in the ninth and tenth as well as the new farm shop department.

Richard A. Peterson, junior high social studies. He will also coach wrestling.

Dean Oslund, junior high science.

Mrs. Anita Heldberg, senior high home economics.

Leo Traurig, junior, high counselor.

Virgil Debban, junior, high science.

Mrs. Curt Asleson, junior high home economics.

Mrs. Donald Hoffman, assistant school nurse.

Ronald Hermann, biology instructor.

Wedding Bells Take Their Toll

Married during the summer were three New Ulm High School teachers - Mr. Donald Varpness, Mr. John Hendrickson, and Miss Vicki Rubis.

Mr. Varpness and Audrey Jane Phillips of St. Clair were married Saturday, July 30 at the Immaculate Conception Catholic Church in the bride's home town.

Mr. Hendrickson, who will no longer be teaching in New Ulm, married Karen Sue Myrnel of Cloquet on Saturday, June 11. They are living in Pierce, Idaho.

Miss Rubis became Mrs. Joe Pung on Saturday, August 20, at Anoka. Her husband was a former University of Minnesota football captain.

★ ★ ★ ★ ★

Cheerleaders Work Towards Perfection

Extremely hot or cold weather and individual vacations have not prevented NUHS's six new cheerleaders from practicing this summer. At the beginning of the summer they practiced every Tuesday and Thursday, but about four weeks before school started they practiced every day.

The cheerleaders have learned a total of 30 cheers and four songs.

This year the A squad will be wearing new outfits. The outfits consist of warm-up jack-

ets and purple stove-pipe pants. The final outfits for the B squad have not yet been chosen.

The six new A squad cheerleaders are Vickie Pugmire, Andy Schmid, Jackie Berg, Kathy Decker, Diane Hagberg, and Linda Newton. New B squad cheerleaders are Linda Odegard, Debbie Steenberg, Becky Peterson, and Joyce Kraus. Marianne Lohman is the alternate.

New cheerleaders (from left to right) Linda Newton, Vickie Pugmire, Jackie Berg, Kathy Decker, and alternate, Marianne Lohman. Not shown are Andy Schmid and Diane Hagberg.

School Beckons 23 New Students

At the beginning of the school year we always seek out familiar faces that we haven't seen during the summer months. Some of the faces will be strange as we meet the new students recently enrolled at NUHS. Here is a list of the new students in senior high and the towns or schools they attended before coming here.

NEW SOPHOMORES

Gordon Anderson, Gibbon
Nancy Arndt, Cathedral
Robert Bezdichek, Cathedral
Norma Jean Brei, Luther
Larry Dorschner, Mehasha, Wisconsin
Anna Marie Frauenholtz, Madelia
Barbara Haas, Cathedral
Garold Helm, Buffalo
Roger Johnson, Two Rivers, Wisconsin
David Peterson, Cathedral

NEW JUNIORS

Patricia Arndt, Cathedral
Vicki Ann Harmening, Luther
Victor Rasmussen, Morgan
Janet Steinhauer, Luther
Daniel Voltz, Cathedral

NEW SENIORS

Mary Arndt, Cathedral
Edna Bartels, Luther
Thomas Coleman, Lake Forest, Illinois
Sandra Miller, Gibbon
Karen Peterson, Cathedral
Jewel Scharlemann, Luther
Jay Wentz, Detroit Lakes
Bryan Zins, Nicollet

Let's try to remember some of the names, match them with the faces and make them all feel welcome.

YOUR HELP NEEDED

★ ★ ★

Friends, high schoolers, and readers - lend us your imagination, the Graphos staff needs your help.

Since NUHS is starting a new way of life, the Graphos would like to do the same. The Graphos could become something that all NUHS students can be proud of but also something that is interesting to read.

Here is where YOU come into the picture. The Graphos staff would like to know what the students are interested in. Should the name of the paper be changed? Do you want more feature articles, pictures? How about the discussion of controversial questions? Anything YOU contribute will be helpful.

If you don't care for the way that the Graphos is put together, tell us (The staff might even like a compliment).

How are you going to tell us your opinion? Next to personal contact with the staff, the easiest method is to write a letter to the editor. If you feel so inclined, please do so and then bring the letter to the box provided in the principal's office.

These are only ideas and will work only if YOU become interested in YOUR school paper. - JH

Death On Highway

The Graphos staff was very sorry to hear of the tragic death of two NUHS students over the summer. Our sympathy is extended to the friends and families of Susan Schlumberger and Mike Phillips. Both were fatally injured in separate car accidents. - JH

Pep Club

This spring there evolved a new system for the selection of cheerleaders at NUHS. To keep in step with this idea of newness, the possibility of a pep club has arisen. The organization would consist of students who would be present at all sports activities, their purpose being to provide the team with enthusiasm. The club could prove to be quite a boost for the participant's morale.

WHAT'S YOUR OPINION ?????
RO

Know This Type . . .

THE WELL INFORMED (?)

This particular type of student, usually male, has a fountain of knowledge between his ears. Ask him the right questions and he spouts forth with facts and figures that would floor a genius. And his information is not restricted to one subject. For example, he can—

—name every pitcher in the major leagues and the current batting averages of all the diamond demons.

—sing all the latest tunes and tell you which combos are tops for the twist or the mashed potato.

—remember and repeat all the jokes and funny stories he has heard during the past four semesters.

—adjust the carburetor, strip the gears and repair them, replace the fuel pump, lower the chassis, and rev up the motor.

—hold his own in karate and show you some tricks of his own.

—name every heavyweight bout since Tunney floored Dempsey in 1927.

Yes, the well-informed type knows "everything." But just ask him where he put yesterday's history assignment and his mind goes blank.

How can he be so smart and yet so stupid?

Which One Are You?

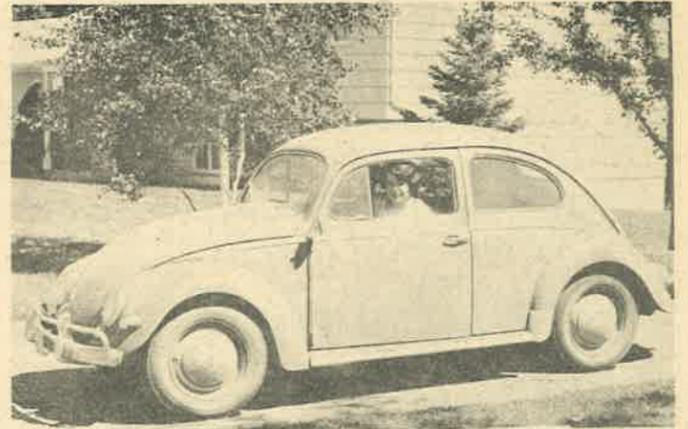

There are two kinds of students. One walks into a crowded room and says, "Well, here I am"; the other walks into the room and says, "Ah, there you are."

★★★★★★★★

A LITTLE GIRL was telling about her stay at summer camp. "The first day I didn't have hardly any friends," she said. "The second day I had a few friends. The third day I had friends and enemies."

Heap of the Month

By Byrd and Meene

Susie Feuerhelm in "Red Baron."

In order to keep the tradition of our founder, John Gareis, we intend to continue writing Heap of the Month.

As in the past, the "heaps" will be selected by voting. A "Graphos Box" will be placed in the principal's office for the ballots. The most popular auto will become that month's heap. For the pre-school issue, however, we, the authors, have chosen a vehicle ourselves. The September honors go to a brick-red Volkswagon, owned and op-

erated by Susan Feuerhelm. The VW is a '57 model. The car was inherited from Susie's blood-relation, Jennifer. Preceding her ownership of the "Red Baron," Susie was required to learn how to manipulate the gears. She learned how to operate the controls with extreme ease. (??)

If you happen to see a red VW chugging and coughing through an intersection, it will, no doubt, be Susie, descending upon George's Ballroom!

Suddenly It Was Last Summer

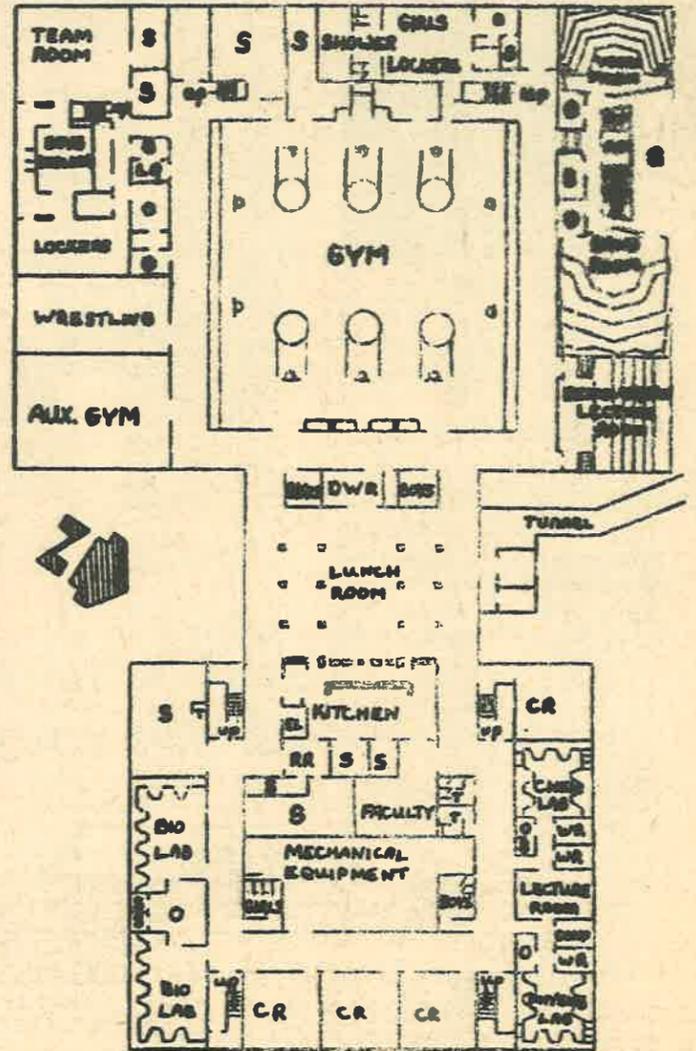

FOR THE CHILDREN, the gloom began to build. The realization that school was almost upon them came as a shock. The last time they'd looked at the calendar it was June, with unlimited time stretching before them. And now, in what seemed like the blink of an eye, the season was over.

There were all sorts of projects left undone. The tree house was still without a roof. The front fender of the bicycle still rubbed against the tire. The plan for an all-day canoe trip remained unaccomplished. It had seemed that there was plenty of time for such things. No hurry. Tomorrow would do. If not tomorrow, then the day after.

But now all this was changed. There was nothing to do but cram as much into the waning days of vacation as possible. But no matter how fast the children ran, the hours sped faster and the rendezvous with unwelcome knowledge loomed closer. And once it becomes necessary to count the days of leisure, their purpose is largely spoiled.

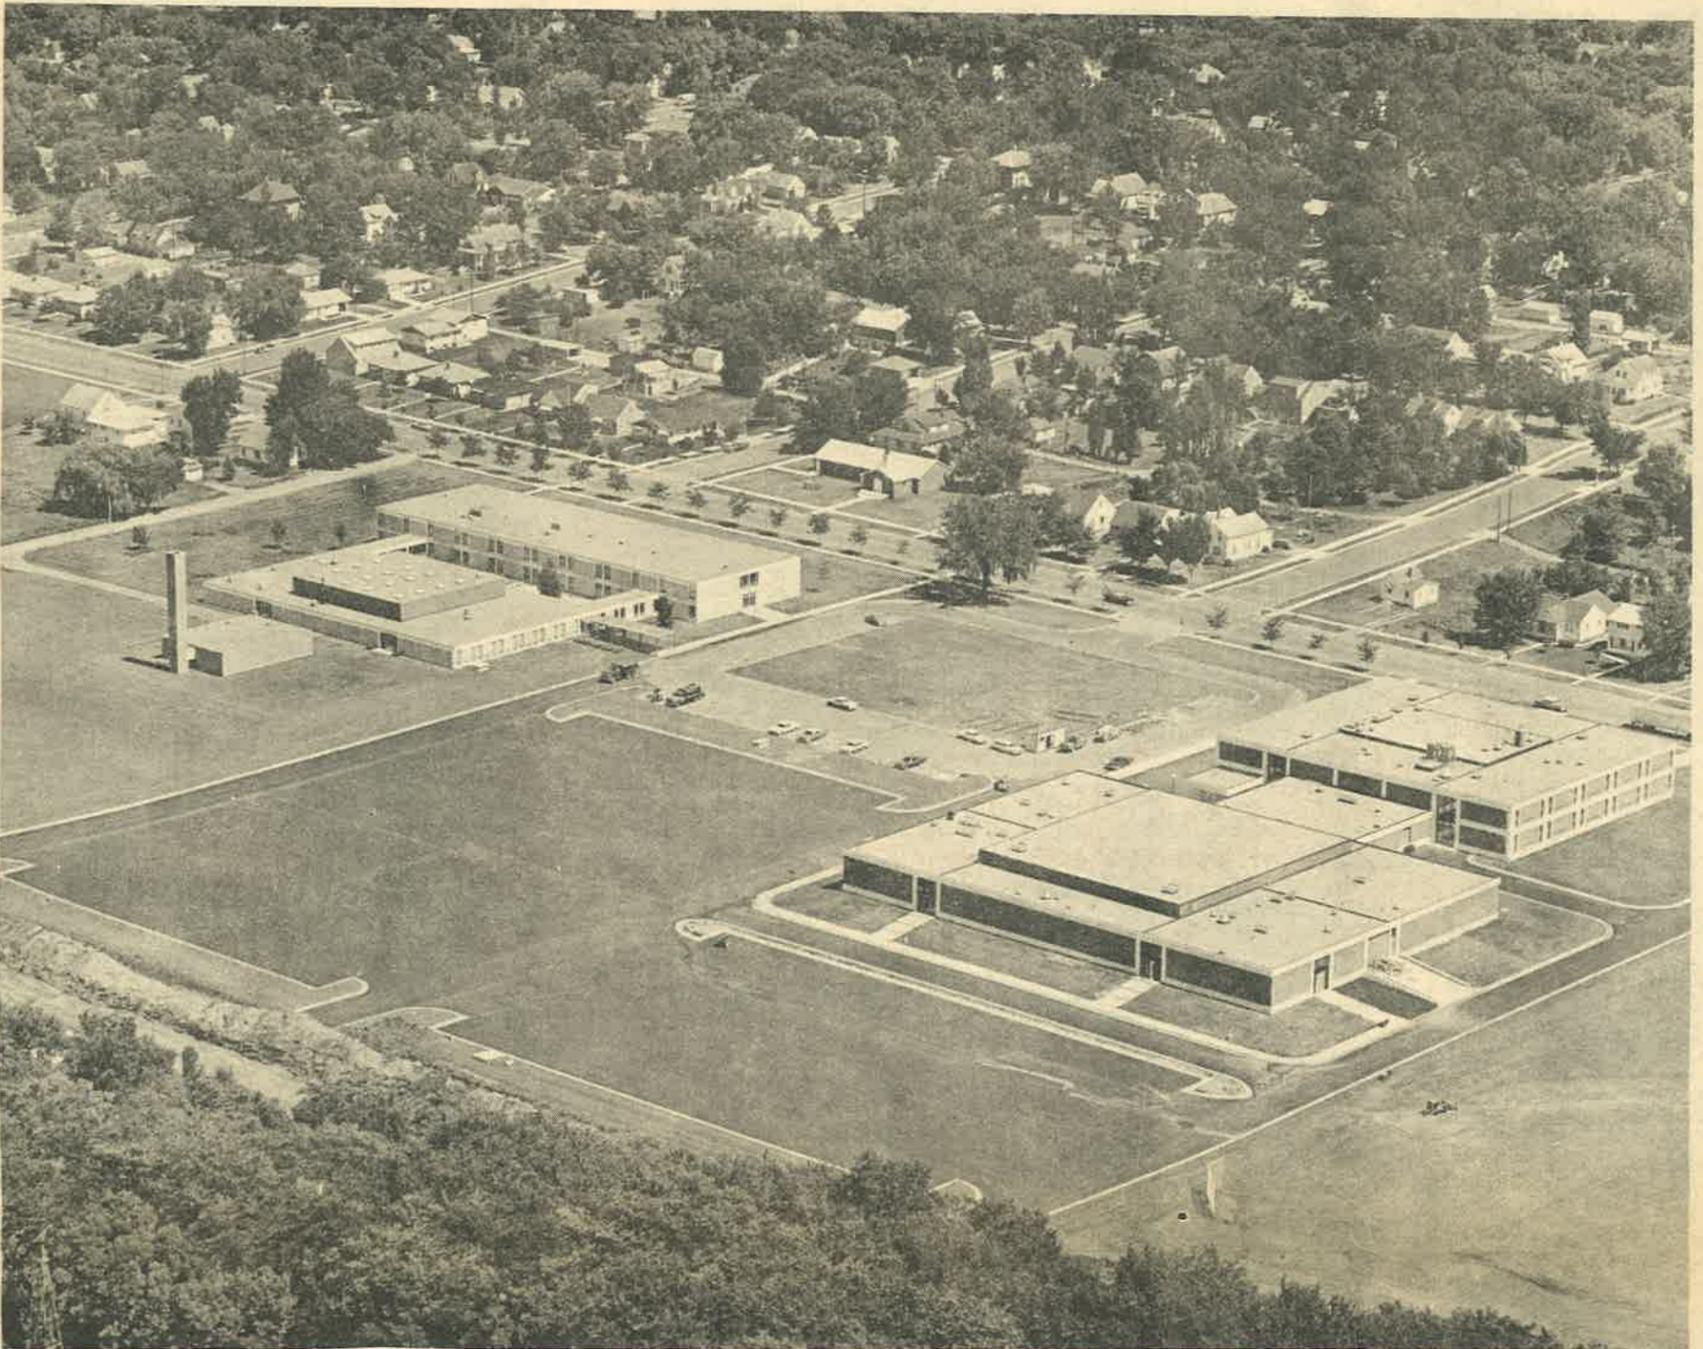

The phenomenon occurs every year as August ends and September begins—this feeling that summer has slipped away. Even an adult, accustomed to measuring vacations by rigidly established rules of the calendar, could share a little in the regret at how short the long days of summer always are.

SECOND FLOOR PLAN

Eagle Feathers

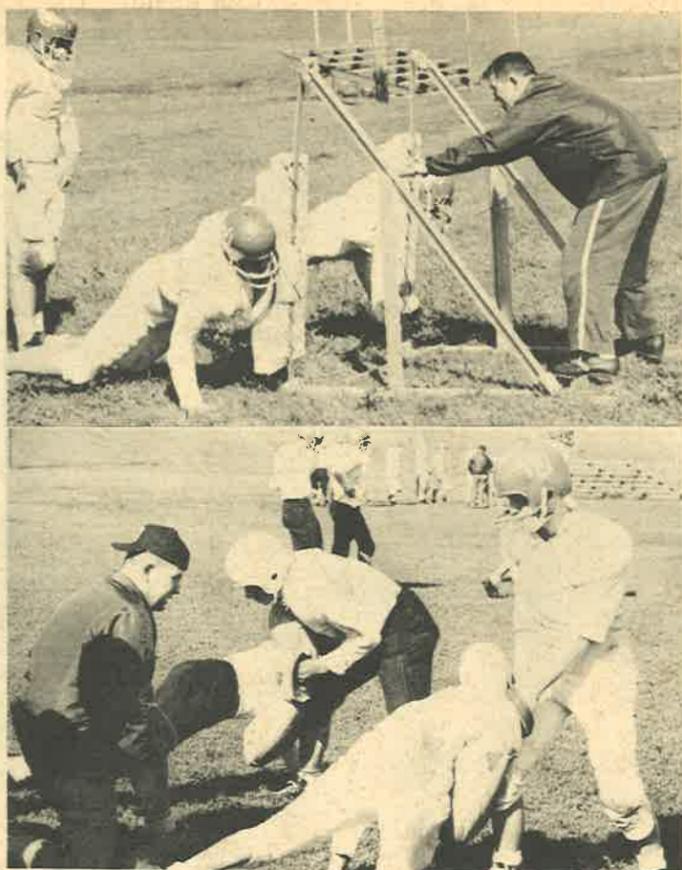

By Bob

The '66 football season at NUHS will be guided by the capable talents of three senior boys; Bob Page, Mike Leach, and Doug Schultz. Two of the boys, Bob and Doug, are linemen, while Mike is vital as a back. Collectively, the captains have eight years of varsity experience.

Doug Schultz started his varsity career during the '65 season under the supervision of Mr. Varpness. He plays tackle on offense and defense. This season, however, Doug stands the chance of playing right guard for offense, and either tackle or end for defense. At 170 lbs., Doug accounts for many valuable tackles.

Mike Leach has been playing varsity football since his sophomore year in high school. As a sophomore, Mike started mainly on defense. In his junior year he played both defense and offense. Mike has proved valuable for his many pass interceptions. This season will find Mike as a promising half back.

Weighing 170 lbs., Bob Page quite possibly is the smallest lineman on the starting lineup. Bob has played varsity since his sophomore year, when he started at guard on offense, and a linebacker on defense. Throughout his football career, Bob has remained constant in his positions.

Coaches assist gridirers.

In Appreciation of Me

I love the paper:
I think it's swell.
On that certain morning
I run pell mell
To get my copy
And read each line.
The stories and columns
I think are fine.
I laugh at the jokes;
I read about the lads;
I note all the news;
I take up the fads.
When I praise the paper,
I scorn those who laugh.
I'm really most loyal—
I'm on the staff.

Watch your words, Boys. . . .
Say "How cool you look,"
and it pleases a girl. Tell her
she doesn't look so hot and it
makes her mad. Girls are so
unreasonable.

— Football Coach: "Maybe it
would be easier to teach sewing . . ."

If you must kick, kick toward
the goal.

You a Good Detective?
Read the sentence in this box:

FINISHED FILES ARE THE RESULT OF YEARS OF SCIENTIFIC STUDY COMBINED WITH THE EXPERIENCE OF YEARS.

Now count the F's in that square. Count them ONLY ONCE. Do not go back nor count them again. If you think you're right, look below.

There are six F's in the sentence. Most readers can find three of them. If you spotted four, you're above average. If you hit five, you can turn up your nose at most anybody. If you caught six, you're a genius and almost too good to be wasting your time on foolishness like this.

Margaret Schmid readies to guide students into the future.

Germany Intrigues NUHS Seniors

BY MARSHA LUEBBERT AND SUSAN FEUERHELM

(Marsha Luebbert and Susan Feuerhelm left New Ulm on June 16 for New York and flew to Paris the next day. The following article written by Susan Feuerhelm and Marsha Luebbert is an account of their travels from the time they arrived in Tubingen, Germany until they arrived home. — Page-editor)

We went to Germany to go to school and learn German, but we went not only to have a background in the language, but also to learn a few habits of the German people.

The organization we traveled with was Classrooms Abroad under the direction of Dr. Frank D. Hirschbach. There was a total of thirteen people in the Tubingen group who were from all over the United States.

Life In Tubingen

After a long tour of the main sights of Paris we boarded a night train for Tubingen, Germany. We were met by Mrs. Hoffmann, our German hostess, at the train station the next morning. The Hoffmanns have three children. Lutz, an architect; Michael, a doctor; and Helke, who is studying to be a doctor. We had some of the best facilities of the people in our group. We had the use of a bath tub with hot and cold running water and a washing machine.

Tubingen is a university town on the Neckar River. It is an old town and fortunately wasn't touched by the wars. The streets are very narrow and were barely wide enough for two horses let alone two compact cars.

In Tubingen we noticed a few differences. Most of the people used bicycles and motor bikes as a means of transportation. All the cars are small. The trains, which were electric, were always very clean and comfortable. The boys wear bell-bottoms most of the time or leather shorts. Girls wear either very short or very long pants, never bermudas. Dresses or skirts are considered the proper code for dress.

Instructions Prove Interesting

Our classes were held in the conference room of the Prinz Karl Hotel, owned by the University. It also had one of the student Menzas or cafeterias. The food was inexpensive, but one thing in common, the people also complain about the food.

Our teacher was Herr Rickert, a native of Germany and he made the class even more interesting. Our book was college level and covered a lot of material, but covered it completely. This course was taught through conversational patterns therefore, we spoke German all the time in class.

Tour Concludes European Visit

On three week ends we took trips to other cities. One was Zurich, Switzerland; Berlin, Germany; and Strassburg, France. At the end of the six-weeks of class, all the German groups from Berlin, Vienne, and Tubingen met to go on a two week tour of France, Switzerland, Austria, and Germany.

We finally got home after trouble in New York with the airline strike, on Friday, August 19. The summer has been a wonderful experience with many memories for both of us.

New Arrival

New arrival at the home of Mr. and Mrs. Melvin Kitzberger was a baby boy, Brian William, born August 3, weighing 8 lbs. 1/2 oz.

"Well—Summer's over, at last!"

NUHS Band Marches On

Calendar of Events

- September 6 — Opening Day of School
- October 14 — Homecoming
- October 20-21 — MEA Vacation
- November 24-27 — Thanksgiving Vacation
- Dec. 23-Jan. 10 — Christmas Vacation
- April 20-21, 1967 — Spring Recess
- May 30, 1967 — Memorial Day
- June 1, 1967 — Commencement
- June 2, 1967 — Closing Day of School

Beads of sweat poured from the foreheads of the NUHS senior high school band as they marched down the streets during the summer to play for several different parades. The band played for the Firemen's Convention in New Ulm on June 14 and the Fun Fair in Lafayette on June 19. In July the members marched through Nicolet on Friendship Day, the 17th of July. The big parade of the summer was the Polka Day parade in New Ulm on July 24.

Mr. Strang and the entire band marched down to become acquainted with the new school and the band room.

Football squads in masse.
