Pam Stone Selected Homemaker

NUHS's 1967 Betty Crocker Homemaker of Tomorrow is Pam Stone. She scored highest in a written knowledge and attitude examination taken by senior girls December 6, 1966, and is now eligible for state and national scholarship awards.

Pam will receive a special award pin from the program's sponsor, General Mills.

Test papers of all school winners are being judged and a State Homemaker of Tomorrow and a runner-up will soon be selected. The State Homemaker of Tomorrow will receive a \$1,500 college scholarship, and her school will be awarded a complete set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will be awarded a \$500 educational grant.

On-Job Training Planned in Fall

A Cooperative Office Education Program will be put into effect next year in the NUHS business department.

This program will combine actual on-the-job experience with related classroom training. New Ulm businessmen will work together with NUHS to create a sequence of jobs for the students.

Seniors who are interested in becoming bookkeepers, secretaries, file clerks, receptionists, typists, or machine operators, and who are planning to become employed after graduation may apply for this program.

The students will be asked to take their required subjects in the morning and to spend the rest of the day on-the-job as paid trainees.

Anyone who is interested, see one of the teachers from the business department.

PAMELA STONE

50 Girls Give Modern Dance

Indian Life, the modern dance program, will be presented by fifty senior girls in the Junior High Auditorium early in April.

The program will consist of eleven scenes, beginning with simple village life and moving up to the signing of the treaty.

The program is under the direction of Miss Mueller, Susan Macklin, Vickie Pugmire and Rhonda Boesch.

Fashion Show

This spring, in May, there is to be a change in the procedures of the Home Ec. classes concerning the fashion show and tea.

The girls voted to have smaller, individual class style shows and teas for a series of days.

They have just completed a unit on laundering. When the girls study foods, they plan to wash and dry their own towels.

At present, they are knitting such articles as scarves and slippers.

The FHA (Future Homemakers of America) is still only in the planning stages, but will soon be a reality.

Look for a meeting of interested people late in March or in April.

Juniors Reveal Prom Plans

Prom plans are getting into full swing, with the junior class selecting the band, the committees, and the theme.

The banquet will be held at the Tropicana Club, and the Underbeats will play for the dance in the gymnasium. No time has yet been set.

Chairmen for the committees for Prom have been chosen and they include: transportation, Margorie Hagg; Art, Becky Schreyer; Decorations, Doug Spelbrink; invitations, Janet Steinhouser; table decorations, Linda Odegard.

The juniors refuse to give any more information so you'll have to wait until May 5 to discover the rest.

Debaters Rank 19th in State

NUHS placed nineteenth out of twenty-eight schools in the State Debate Tournament held February 17 and 18. Hopkins and Edina dominated the meet.

Mr. Oien said that NUHS is rather fortunate in being able to attend the meet, since there are 200 possible schools competing during the debate season.

Speech Class Gives Play

The third play in the KNUJ radio series will be given the second week of March. Mr. Oien said, "This play will be rather long and spectacular; 'A Tale of Two Cities' is a possibility."

The second production, "The Necklace," was broadcast on KNUJ, February 22, by members of the speech class. The cast included Rex Johnson and Vicki Pugmire who took the leads; Roger Hippert, Bill Kosmolske, Brad Beyer, Barb Burnett, Bruce Fenske, Jerry Geisler, Retta Schmidt, and Brad Costello made up the rest of the cast.

3M Offers New Business Course

An Introduction to Business is being offered by 3M management to all interested boys in eleventh and twelfth grades of the New Ulm Schools. Forty-three boys signed up after the first meeting.

The objectives are to familiarize the students with the philosophies, techniques, policies and procedures utilized by the 3M management people to efficiently and economically operate their departments;

- to introduce these young adults to the department heads and to the job specialization required to run the various facets of the business; and

- to provide a better under-

George Rice

To Speak At Guild

WCCO announcer, Mr. George Rice will be the guest speaker at the Forensics Guild (debate) Banquet, to be held April 25 for the students participating in Debate, Declam, and the Drama classes.

Tickets will be sold to students and adults who wish to attend.

The time and place haven't been determined yet.

NU Girls Attend Conclave

"Stepping Stones to Your Future" was the theme of Mankato State College annual Home Economics Conference held February 18 on the campus.

Attending from New Ulm High School were students, Jane Halverson, Lynn Schwartz, Sandy Miller, Joyce Haala; and Mrs. Heldberg, senior high home ec. teacher, and Mrs. Lund, junior high.

The main purpose of the conference, which was attended by girls from the southern Minnesota area, was to introduce them to the opportunities available in all phases of home economics.

Both Bunny and Leprechaun say "Spring will spring," but it's very likely that the Easter Bunny will have frost on his eggs, and the Leprechaun will have frozen charms.

MARCH

NUHS students are preparing for music contests. Above, L to R, John Sands, Judy Walston, Marianne Lohman and Scott Hansen practice for the local elimination. Mrs. Patton accompanies. At left, Bob and Steve Brandel engage in a trumpet duet.

standing of the role business and its people play in community affairs and the subsequent influence it has on the entire area.

The boys will become acquainted with career possibilities such as electronics, engineering, shipping and receiving, payroll, and purchasing. The boys will also work a computer.

The course is free. 3M is giving eight lessons as a service to the community. The boys are to choose the two meeting nights per week.

After the course is over, volunteers will form an Explorer Scout group to investigate further into business.

Speech Dept. Operates TV

Channel OIEN was on the air in NUHS from February 20 to March 3.

For these weeks the speech department experimented with closed circuit television.

The first project was to show how a small object can be used in a classroom demonstration. Thursday and Friday the students gave a newscast, including the showing of pictures. The next week they worked on dramas.

Mr. Oien commented that they have already learned that using closed circuit TV as a classroom tool takes a lot of preparation because students notice every little mistake. He also stated that lighting and position are critical.

The camera was furnished by K and M Electronics in Edina and the monitor by Alwin Electric of New Ulm.

Musicians Await Contest

The Local Music Elimination Contest will be held Tuesday, March 21, 1967, at 7:00 p.m. The contest consists of two parts, instrumental with Mr. Strang in charge; and vocal, with Mrs. Patton in charge.

It will take place in the band and choir rooms.

The instrumental contest consists of five flute solos, seven clarinet, two trombone, three alto, four cornet, a bass clarinet solo, a French horn solo, baritone solo, and a snare drum solo.

There also will be six small instrumental groups performing.

The vocal contest consists of nine soprano solos, three Mezzo-Soprano, three tenor, a contralto solo, a baritone solo, and four small vocal groups.

About half of the entrants will perform at the music contest at Redwood, April 14 and 15.

Editor's Specs

Unknown to most of us, March 26 is remembered by those in the literary field as the birthdate of Robert Lee Frost.

His poetry, dealing with rural New England life, displays quiet narratives with intense and underlying feeling. Frost produced a simple, down-to-earth style for his readers. Perhaps this is the reason he has captivated so many audiences of young and old alike.

Through his numerous accomplishments, including the Pulitzer Prize award, Frost has been regarded as a major 20th century poet.

Upon his eightieth birthday, a limited edition of Frost's poems, "Afore-said," was published in his honor.

A man of such prominence and talent deserves commendation, not only because he was a great man, but also because he was a poet in the true sense of the word. RO

"May the roads rise with you and the wind be always at your back; and may the Lord hold you in the hollow of His hand!"

So should the luck of the Irish and all the bright blarney along with the charm of its Isle - give zing to your Spring, blush to your cheeks, and sweeten your St. Pat's Day smile.

SUPER STUDENT

As you recall from last time, our Hero had rescued Handicap Herman from the adult grip of Arthur the Administrator.

You may imagine Superstudent to be an able-bodied scholar, capable of coping with all responsibilities. For the better part of the time, this is true. However, Superstudent seeks recreation far away from burdensome obligations and restrictions. Out of necessity, our Hero is found traveling with his true love to a great metropolitan area by way of an avenue 39,000 feet above sea level.

As we look in on our Hero today, we find him eating a relating meal with his more-than-faithful girlfriend.

The more-than-faithful girlfriend, Dawn, casts an observing glance out of the window of the speeding projectile. In her understanding eyes, there is the look of security and well-being and yet sympathetic unrest felt for her admirable companion.

Now far from the aforementioned burdens, Superstudent thinks freely of his own future and that of Dawn's as well.

As the first phase of the escape from their troubled environment comes to a halt, Dawn and the verbose victor prepares to make full use of their recreational opportunity.

Suddenly an unexpected guest appears on the scene. Be sure to pick up the next edition of the Graphos to see what happens.

Question of the Month

Do you have any superstitions? If so, explain.

If not, explain.

David Smith: "No, they are silly and dumb... oh"

Diane Wellmann: "No, they're not real; they are only imagined. If you imagine enough, they may happen, but not likely."

Dean Bentsdahl: "No, Dave's mother doesn't approve."

Bev Soehren: "No, they don't exist."

Gerry Hesse: "Yes, Thursday is sort of a queer day!!! Cars! I am su-

perstitious about cars when my brother is driving."

Helen Rodenberg: "Yes. Walking under ladders, breaking mirrors, killing black cats."

Brad Costello: "No. I don't believe that stuff."

Miss McLaughlin: "No. I can't think of any right now."

Mr. Jensen: "No. I ridicule them vehemently."

Bob Page: "No. Why not?"

Ron Schlag: "Yes. Women drivers."

Jim Aufderheide: "Groundless."

'Early Bird'

What's this? Basketball with whiffle balls? You heard right. It's a new and exciting fun game. With the arrival of the new whiffle ball equipment, several of the Early Birds put their brains to work thinking up games in which the balls and scoops could be used. (Besides charging at each other, scoops on heads, like unicorns.) Among the ideas were keep-away, softball, badminton, and basketball.

Several games of this unique basketball were played. It seemed that the ball was out of bounds more than in bounds - it really travels! Despite the fact that no one managed to make any baskets, the teams felt the games were very interesting and fun. They even suggested that the Early Birds entertain during half-time at a regular basketball game, but unfortunately the schedule was full.

After several minutes of badminton one morning, the original early "Byrd" decided that she couldn't see too well. She went to find her glasses, and upon returning brilliantly remarked, "Oh, so we're playing badminton."

Rex Johnson appears to be winning a vigorous game of tether ball during Early Bird tournaments. Sharon Dickey looks on intently.

Jean Foster Recovers

Jean Foster, a junior who was injured June 7, 1966 in a traffic accident is at last recovering.

Jean was a passenger on back of a motorcycle, driven by a Mankato friend when they were hit by a car.

Jean was hospitalized in Mankato following her accident.

Of the four inches of bone missing from her leg, some were found at the scene and could be replaced. It was then necessary to take the bones from her other leg and both hips to fill in. Altogether she has had three bone transplant operations, her last one being in December of 1966.

Jean is on her third cast but is to return soon for its removal. The doctors are hoping this will be her last operation.

She is receiving home bound instruction from Mrs. Walter Jones.

There has been a fund for Jean set up in Courtland by the Fire Department; any individual and business may contribute. A fund for Jean has been also set up here at NUHS and there is still time to contribute. The money will be turned over to Jean for savings. The box is in Mr. Olson's office.

High TV Rating?

Teacher: "Don't you ever listen to the voice of your conscience?"

Pupil: "No, what channel is it on?"

March roared in like a lion for Nance Martius. Her '64 maroon Ford has been unanimously selected as this month's heap.

Nances' car affords only a few problems, such as gas and tournament trips to Gustavus College. It seems Nance has entered the "carpool" business for her friends. If anyone is in need of a ride anywhere, - Nance will offer, willingly (?)

Thanks a "heap" for all the votes.

Where's the Music?

One day in History Class Mr. Senske attempted to show his 'hip' History Class how to really dance. Andy Schmid and he did a few Lindy steps - which was one too many for the class! Some day he may even bring in a record player and let his students show him how to swing.

He was trying to get one generation to understand the other. Did he succeed? Just ask one of his 3rd hour students!

Heap of the Month

by Byrd and Meene

Nancy Martius is shown with her "love buggy." Nancy's heap claims this month's honors.

Book Shelf

Anne Novak

THE LION - Joseph Kessel

A great game preserve in Kenya is the backdrop for this powerful adventure about a ten-year-old girl and King, the lion she had raised from a cub. A primitive warrior, who must prove his manhood by killing a lion, enters the preserve. The climax brings the two predestined enemies face to face.

Besides being an exciting adventure story, THE LION also presents a vivid picture of animal life in a game preserve.

THE LIFE AND TIMES OF REMBRANDT - Hendrik Willem Van Loon
THE LIFE AND TIMES OF REMBRANDT is a combined story of Rembrandt's life and the era in which he lived. It is full of information about life in the 17th century, when Amsterdam was the center of the European world.

Van Loon has written this commentary on life during the 17th century with vitality, making it a very interesting book.

Dear Agatha,

Do you have an unsolvable problem? Send a letter to Dear Agatha, Room 206. She'll be glad to help you with your problems.

Dear Agatha,

I am a professional parachutist, but, while I'm diving, my thoughts are on a certain girl. I've never met her, but I am mad about her. How should I meet her?

Signed,
Flying high

Dear Flying high,

Why don't you just DROP IN sometime?

Dear Agatha,

I have a terrible, terrible problem: I can't make my hair do what I want it to. What can I do?

Signed,
Mussed-up

Dear Mussed-up,

Phyllis Diller (an expert in hair care) suggests that you try a whip.

Dear Agatha,

I saw my neighbor fall into the river. Her brother just walked away and wouldn't help her out! Do you think I should call the police?

Signed,
River Watcher

Dear River,

Don't be silly, dear. He could hardly be her brother and ASSIST HER, too!

Blarney, a town of County Cork in the Republic of Ireland, is the site of a famous inscribed slab - better known to the love-lorn, as the Blarney Stone. According to legend, one who kisses the stone is endowed with the gift of eloquence and flattery. RO

NU Concludes B.B. With 3rd Place

With a romping victory over Springfield, New Ulm copped the consolation trophy in the District 10 Basketball play-offs.

In the 73 to 49 victory, New Ulm shot 42% and played some of the best ball of the year. Scott Hansen and Steve Harmening each scored 16 points to lead the Eagles.

Forced to shoot from the outside and the inability to control rebound were two of the main factors contributing to the B.B. Eagles loss to Walnut Grove in the semi finals of the District 10 Basketball playoffs.

Scott Hansen was NU's top scorer with 24 points; also he had 12 of the teams 21 rebounds.

The New Ulm Eagles defeated the Wabasso Rabbits 75-54 at Springfield in a District 10 game, Feb. 28.

New Ulm played a very good game, with only four floor mistakes and hitting 50% of their shots. Mike Leach had 16 points and Mark Dyre and Scott Hansen each had 15.

Wabasso relied on outside shooting, as they were unable to get inside shots. The press by New Ulm didn't bother them much and the Eagles dropped it in the second quarter.

In a long, dragged out game with rugged ball handling, the New Ulm Eagles defeated Glencoe in the season finale at New Ulm by 79-57, on Feb. 17.

With starting guard Mark Dyre out with swollen glands, the starting five were Scott Hansen, Mike Leach, Steve Harmening, Dave Martinka, and Doug Spelbrink.

Shooting 50% from the field, the Eagles had a rout at half-time. Reserves played the entire fourth quarter, and four non-starters saw action in the second quarter.

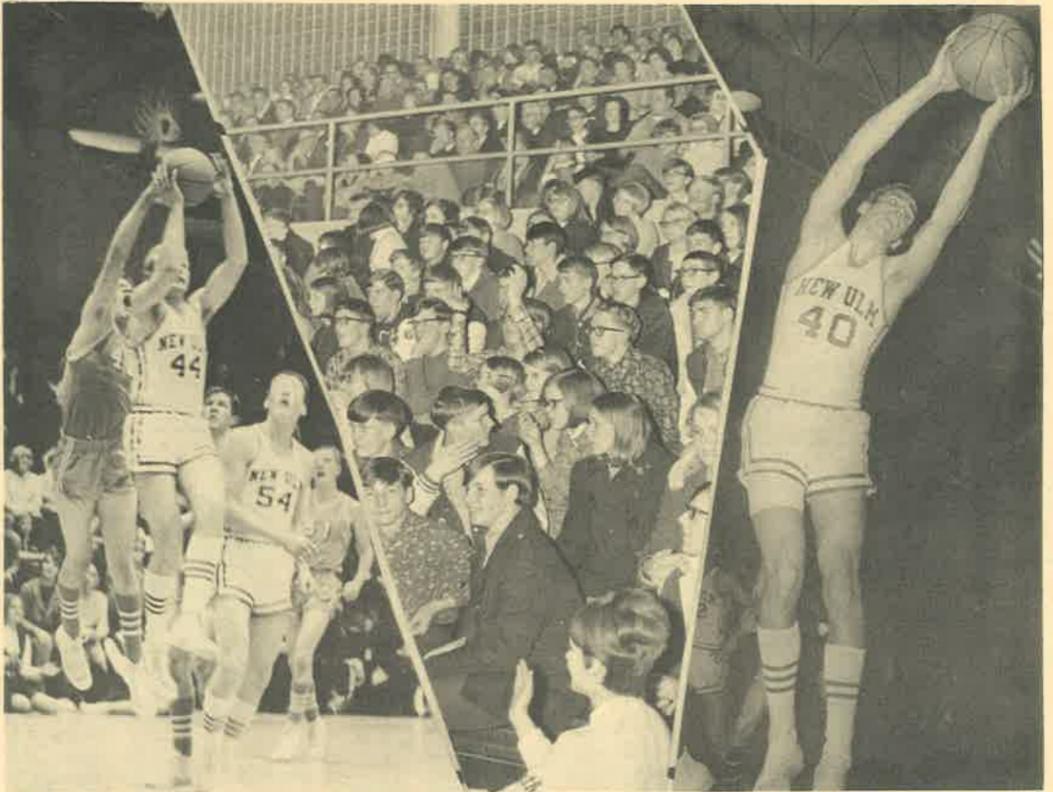

Scott Hansen and Doug Spelbrink each had 12 points, Mike Leach, 10, and Tom Backer, 10.

In the first round action of the District 10 contest, the New Ulm Eagles stopped Winthrop 77-64 at Sleepy Eye, Feb. 21.

Shooting 73% in the second quarter, the Eagles led 44-24 at half-time. Ahead by 24 points in the third period, the Eagle's lead gradually dropped to 8 points with two minutes left in the game.

New Ulm used the press quite well and stole the ball several times. The Eagles had almost no trouble with Winthrop's press.

Scott Hansen had 19 points, and Steve Harmening, 17.

Far left, Dave Martinka shoots for a basket as Glencoe player tries to steal the ball. Center, attentive NUHS students at Winthrop game. Far Right, Scott Hansen gets the ball on a rebound.

Shown are first and second place winners from the district wrestling meet. L to R Greg Burdick, Randy Doughty, and Doug Schultz.

Three Advance To Region

Performing some of their best wrestling of the year, New Ulm wrestlers won second place in the District 10 wrestling tournament, Feb. 25, at Gaylord.

First place winner for New Ulm was Greg Burdick. Randy Doughty and Doug Schultz won second in their weight classes.

These three men will perform at the Regional tournament.

Winning third place in their weight classes were Tom Schwartz, Steve Peterson, John Harmening, Mike Davis, Walt Zobel, Ward Stromquist, and Lynn Brey.

Fairfax won the meet with a total of 89 points. New Ulm totaled 80 points.

Randy Doughty will be New Ulm's entry in the state wrestling tournament March 10 and 11 at St. Cloud.

Doughty finished second in the 175 pound weight class, losing by a pin on the finals to Bill Boots of Redwood Falls.

Of the other New Ulm entries Greg Burdick finished third at 120 pounds, and Doug Schultz did not place.

Greg Burdick, wrestling at 120 pounds, was New Ulm High School's only champion in the South Central Wrestling tournament Feb. 20, 1967.

Greg beat Ralph Otte of St. James by a lone point when Otte was penalized for clapping his hands.

Walt Zobel won second place in the 133 pound weight class; Randy Doughty and Doug Schultz won 4th place honors in their respective weight classes.

Gymnasts First

For the second straight year, New Ulm's gymnastic squad won the Region 3 gym meet, held at New Ulm Senior High. New Ulm's "B" squad also took first in their class.

Tom Bieraugel, junior, was named top all-around gymnast with a total of 31 points. Along with Tom, Charles Marti, Ted Marti, Craig Steenberg, Doug Grieser and Randy Hoffmann and Dave Sinclair will attend the State meet.

With 2½ points, the Eagles gymnasts finished 12 in the state gymnastics meet.

Craig Steenberg won 2 points on the parallel bars for seventh. Tom Bieraugel tied for eighth on the trampoline for one half point.

Eagle Eye

BY BRAD V. & LINDA N.

Pat Stewart prepares to hit one over the lockers.

Congratulations

Congratulations to all those athletes who so gallantly and superbly participated in the past season of winter athletics. Bubble-bouncers, Stickmen, and Blisterbacks can all be proud of the way they represented their school.

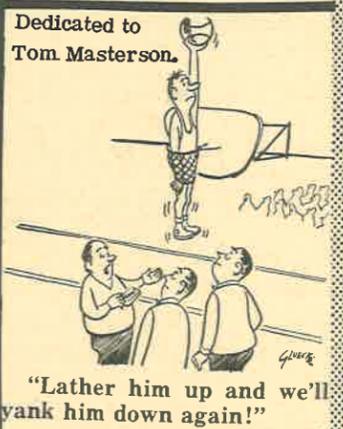

Congratulations also go to the girls tumbling team which did very well in the state AAU tumbling meet. The girls worked hard in preparing for the meet, and it showed, not only in the meet itself, but also in the fine performance they gave at a tournament game. Hopefully in the future there will be more meets at which they can show their skill.

Did you know that the Eagles have missed only one trip to Gustavus in seven years. ?

Spring is coming! Spring sports are getting under way this week. Several organizational meetings were held and training began. The coaches are: Mr. Senske, baseball; Mr. Greenslit, track; Mr. Werdahl, tennis; and Mr. Oslund, golf. A track meeting had been held with 35 boys turning out and approximately 12 returning lettermen.

Tom Fritsche "warms up" for tennis.

Dedicated to Tom Masterson.

"Lather him up and we'll yank him down again!"

G.A.A.

The GAA girls are now playing a round robin in basketball.

This is a new and challenging experience, for many of the members have never played before.

The eight teams, with the captains are as follows: Linda Gieseke, Joan Lentz, Cheri Nelson, Bonnie Nelson, Gretchen Ness, Juli McCleary, JoAnn Strate, Wendy Warnemunde.

3 Girls Place In AAU Meet

Marsha Luebbert, Ann Novak and Rhonda Boesch were winners for New Ulm last Saturday in the State AAU women's gymnastics meet.

In the 18 or over age group, Marsha, took first place in tumbling and fifth place in free exercise.

Ann Novak was fifth in free exercise and Rhonda Boesch was sixth in free exercise and third in tumbling in the 15 to 17 age group.

Members of the art class left to right: Carol Hogfoss, Barb Mogen, and Carol Sperl, are shown in picture attaching a newly made mobile to the ceiling of the art room.

Artists Create

"Exciting things are happening in Art!"

This year's art class consists of eleven students, including several second year students.

In the first part of the year the students sketched people. Then each one made a portrait out of paints. After that the students made collages, and the finished projects were hung on the bulletin boards.

Paper sculptures was another project. In this the students made mobiles and stabiles. The mobiles were hung up all over the room. Now the

students are working with water colors.

Decorating the bulletin boards in the principal's office was an art project completed by Carol Hogfoss, Barb Mogen, and Carol Sperl.

Mr. Marti, art instructor, sometimes has his students work while listening to a symphony.

The eleven members in the class are Georgia Albrecht, Carol Hillesheim, Carol Hogfoss, Mary Lappe, Barb Mogen, Ruth Schapekham, Jill Scharlemann, Al Schiller, Bev Soehren, Carol Sperl and Bryan Zins.

Debbie Steenberg and Hugh Nierengarten are practicing lines for the spring class play.

Spring Play Goes 'Unusual'

"Love Rides the Rails" or "Will the Mail Train Run Tonight," is the all-school spring play, sponsored by the senior class and directed by Mr. Schwager.

The cast consists of six seniors, five juniors, and eight sophomores. They are seniors - Kathy Fritsche, Jane Halverson, Carol Hogfoss, Jackie Lowinske, Bruce Mogen, and John Morris; juniors - Ron Eyrich, Rex Johnson, Linda Odegaard, Bob Rolloff, and Leo Wallner; and sophomores - Bonnie Borchert, Debbie Dewanz, Tom Fritsche, Scott Fodness, Hugh Nierengarten, Paula Schuetzle, Debbie Steenberg, and Trudi Wright.

Student directors are three senior girls - Bonnie Seibel, Helen Rodenberg, and Judy Walston.

The play, set for April 21 and 22, is an old-fashioned melodrama.

FFA's Take Spotlight

The National FFA week was held February 19 through the 25, FFA members distributed placemats, posters and FFA magazines in the New Ulm area. Also New Ulm FFA members were on the radio during this week explaining the meaning of the National FFA week. They also told the public what the New Ulm chapter does as a public service.

This year the crop-judging team has two members back from the State Contest last Spring. They are Paul Brandel and Eugene Wellmann. The District and Regional Contest will be held on March 22 at Jackson. New Ulm will take five contestants; and out of these, the top three will be chosen for the State Contest in May.

New Ulm has a student teacher in agriculture who will be here until the middle of March. He is Harland Kulrud, a June graduate of the U of Minnesota. He is also a graduate of Hills High School. Mr. Kulrud was an American Farmer when in high school.

Chemistry Reactions

The past few weeks of chemistry have been spent in awe, as the students learn to initiate Lovell's Law and the importance of oxidation and reduction.

Notebook checks have caught several students empty handed but class participation is becoming increasingly important to the students' grades, so many hope to make up for their slowness at being responsive in class.

Chem students complain that movies relating to chemistry are too few and too short. How about that, Mr. Lovell??

SCHOOL SHORTS

Awards Assembly

The Winter Award Assembly will be held March 28 at 8:30 a.m. when letters and chevrons will be given. Those for basketball, wrestling, and gymnastics will be presented by the head sports coaches; the debate and declam awards, by Mr. Oien; and the Betty Crocker award, by Mrs. Heldberg.

This is the second of the three such assemblies. There will be one more after the spring activities, besides the Senior Award Night at the end of the school year.

New Teacher

Mr. Luker, an ex-Navyman and a recent graduate of Mankato State College, is now teaching four social classes which were previously taught by Mr. Ruthenbeck.

Mr. Luker is enjoying the attractive modern school and feels it is run on a good system. He likes the students, says they are fun and friendly, but feels there is need for improvement in school spirit.

Trip Canceled

Wind and snow spoiled the plans of 17 couples who were scheduled to appear on "On Scene," at KEYC T.V., Mankato, February 23. It is hoped the program may be rescheduled sometime in April.

The 17 couples were picked from a sign-up list in the office by a committee from the Student Council.

NMSQT Given

The National Merit Scholarship Qualifying test was given to 60 juniors on Saturday, February 25.

The test serves as a college entrance exam and as competition for scholarships.

The results are usually announced at the beginning of May.

Music Assembly

A music trio will perform on April 5, at a University of Minnesota Assembly, in the senior high gym.

Rhythm ball performers here, are in position for the routine presented at half-time during the the Springfield - Franklin District -10 tournament game.
