Club To Present Show and Fashion Play

Blackman Prefers Sea Food 'Mama'

Miss Alice Blackman, home economics instructor, is at present preparing for a Fashion Play and Style Show entitled "Got a Date". This Style Show is to be presented some time in March by members of the Charm Club. It will probably be presented at some P.T.A. meeting and in that event students will be allowed to come only if they are accompanied by their parents.

Now for a few personal items concerning the likes and dislikes of Miss Blackman.

Dancing, bicycling, and swimming are "tops" with Miss Blackman when it comes to pastimes. She also enjoys going to the movies. "No, I have no particular favorite among the actors and actresses," replied Miss Blackman, "anyone tall, dark, and handsome will do". (tsk, tsk,) Lux Radio Theatre is her favorite radio program. "I also miss Orson Welles' program very much", she replied.

The most interesting recipe, if I may call it that, I heard for quite some time was "How to cook lobster". Miss Blackman related this intriguing process after telling me that sea food was her favorite. After learning how to cook lobster I really don't see how it can be. Here goes anyhow. The lobster is taken and thrown into a kettle of boiling water. Alive, too! (Don't they have a society for the prevention of cruelty to fish?) It is bright green in color and turns red after it has been cooked. When it is served the entire lobster is brought on a large platter with something like a garbage pail accompanying it. A dish of melted butter is brought also and you're ready to pick the poor thing apart and eat it. "You can't be a lady and eat lobster", says Miss Blackman.

"The students of New Ulm High School are typical high school students. My pet peeve, however, is their posture", stated Miss Blackman. "If the students could only see themselves as they slump in their chairs they would soon straighten out, I think."

SPEAKERS TO GO TO GRANITE FALLS

New Ulm High School came through with flying colors at the district speech contest at Redwood Falls February 26. Each of the five entrants received the highest ratings in their respective divisions and thereby won a berth in the regional speech contest at Granite Falls on March 9.

Helen Schmiesing, a freshman and new in speech work, was rated as first among twelve in memorized oratory. This was one of the most competitive divisions. She, and each of the others, were given ratings of very good. Luverne Behrmann gave the selection, "Dark Victory," in the memorized interpretative reading division. This is memorized prose or poetry.

Jean Bosel read "Lee" from the book, **John Brown's Body**. "Will Government Regulation Destroy Our Small Industries?" was the subject of Harley Krieger in extempore speaking. An original oration, "After The War, What Then?" was given by Bill Mickelson.

Drum Novelty to be Played at Concert

The music department of the New Ulm High School will give another in a series of their "Music for Victory" band concerts on Sunday, March 8, at 4 p. m. under the direction of Paul Heltne. No admission will be charged and the public is cordially invited to attend.

The playing of F. von Suppe's overture, "Morning, Noon and Night," (In Vienna) by the band is the number which the band will play as their special selection at the District Music Festival, April 18.

"My Hero" from Johann Strauss' "The Chocolate Soldier" will also be played. George McCutcheon, guidance supervisor of the New Ulm High School, John Griffiths, junior, and Tom Forstner of Madelia will play a drum novelty, "The Drummers Delight."

Tom Forstner will also appear in xylophone solos accompanied by his sister Margaret. Tom has twice been the State Solo winner of Minnesota, and has placed in the upper bracket in competition in the National Junior American Legion Contest.

Dorothy Dirks has had a plaster cast made of her hands by the members of the Chemistry Club.

Her hands are hard and horny—but not from toil—she says.

'Ivanhoe' Occupies Minds of Freshmen

By Margaret Edborg
"Ivanhoe", has occupied the minds of most freshmen in English classes lately, for that is what they have been reading. The long awaited (?) test was held today.

Freshmen relieved sighs after each Science class last Monday, February 23, 1942 for the dreaded test was over on "Magnetism and Electricity." They are now studying "Living things."

Personal budgets and records is what the Freshmen business students have been studying.

'NIGHT OF JAN. 16' SET FOR APRIL 22-23

The seniors have chosen "The Night of January 16" as their class play. This play is a mystery story written by Ayn Rand. There is a total of 21 characters.

It is going to be presented on April 22-23.

Luther Band to Play Here

New Pep Song for Moral Tune of Deep in the Heart of Texas

New Ulm High now has its own version of "Deep in the Heart of Texas" and "Buckle Down Winssocki." ("Buckle Down Winssocki" is from the Broadway musical "Best Foot Forward.")

The new lyrics have been written by Miss **Helena Corcoran**, librarian. The songs will be added to our list of pep songs. Below are the words; if you don't know them, learn them and sing the songs at the game tonight.

* * * * *

PEP SONG

(Tune of "Deep in the Heart of Texas")

They'll score and score,
Then score some more.
Just watch those New Ulm Eagles!

Then win this game
For our good name.
Just watch those New Ulm Eagles!

We'll cheer our team;
They're on the beam.
Just watch those New Ulm Eagles!

For purple and white
They'll fight, fight, fight,
Just watch those New Ulm Eagles. Rah!

* * * * *

NEW ULM EAGLES

("Buckle Down Winssocki")

See those Eagles flying in the sky—
They're the New Ulm Eagles, and they're flying high,
And their foes they'll blight
As they fight, fight, fight
For New Ulm and honor of the purple and the white.

N. U. H. S. N. U. H. S. RAH! RAH!

The internationally famous Luther College Concert Band with Dr. Carlo A. Sperati, conductor, of Decorah, Iowa, will present matinee and evening concerts in the New Ulm High School auditorium on Monday afternoon and evening, April 13, under the auspices of the music department of the New Ulm Public School.

This outstanding concert organization of 60 talented musicians will be on its annual concert tour which this year will emphasize morale and patriotism.

Dr. Sperati has arranged concert programs of unusual interest to young and old alike.

Members of the New Ulm High School Band will serve as hosts to the Luther College Concert Band for their lodging and breakfast.

INSURANCE COMPANY PRESENTS MOVIES

"On Two Wheels," "Crime Does Not Pay," and "Men of Fire" were the three safety movies presented by the Farmers Mutual Life Insurance Company.

The movies were presented to the student body on Tuesday afternoon at 3 o'clock.

Some of the parallel safety rules of bike and automobile driving were shown in "On Two Wheels."

The story of a Hit-And-Run driver was told in the movie, "Crime Does Not Pay."

Then and Now was the theme of the picture "Men of Fire."

N. U. H. S. RAH, RAH, RAH, AND A TIGER!

They will fight, fight, fight to win this game.

If they win or lose, we'll cheer them just the same.

Lift your voices free,
Cheer them lustily,

Keep those New Ulm Eagles flying on to victory. Rah!

Guilty Consciences

Can Be Eliminated From N. U. H. S.

"Cheating." The dictionary says cheating means dishonest ways of obtaining things, deceiving, and defrauding.

When you hear that word you ignore it and say "Oh well, that doesn't mean me. I don't cheat." But I do mean you, and you know yourself that you have cheated some time or other.

Something should be done to those people giving answers to other students. Doing this only raises the median of their class and students are obtaining answers dishonestly.

Think it over next time you plan to give the answers of the test to someone. You may be helping them today but not tomorrow.

'One New Way'

For Theme Writing

Are you having a hard time making your English students write compositions, Miss Evelyn Ogrosky? Why don't you try the remedy a teacher at the Santa Paula Union High School in California tried?

The teacher, an attractive young blond called Jeany, sat in her class room when suddenly the door burst open. Jenny jumped to her feet.

"Paul!" cried Jenny. Paul kissed Jenny; together they ran from the room. The class was dumb with amazement.

New Novel in Library

KATRINA VAN OST AND THE SILVER ROSE

by Elizabeth Gale

Katrina Van Ost was sent to her uncle in New Amsterdam after her father's death. Here she lived for about six years and left only because she was going to be married.

At first Katrina dreaded going to live with other people but Granny Van Ost made her feel that she was wanted. Roelf, her cousin, disliked the idea of Katrina's coming to live with them.

Roelf threw Katrina into the river and Robert Cross, a young lad who had much respect for Katrina, saved her. Roelf swore that he would get even with both of them because of the scolding he got from his father.

It Takes 13 Muscles

It takes 13 muscles to make a smile.

Thirteen may be your unlucky number but that jinx will fail you when you smile.

A smile will reveal your personality and will make the world a pleasanter place than it ever was before.

Smile often.

"Smile and the world smiles with you."

Let's Look Back a Year or So

A few days ago (Feb. 28, 1941) the Eighth Notes began their career as a dance band. The members are Jack Rolwes, Hubert Theissen, Kitty Bartl, Jimmy Yost, Ralph Teynor, Ju Ju Wagner, Red Martinka, Ray Kimler, Jerry Schroedl, and Jimmy Neuwirth, the leader.

Leaders of the 1941 graduating class were chosen. Marie Furth and Delores Johnson were chosen as co-validictorians and Carol Sandmann as salutatorian.

The junior class succeeded in winning the Siegel Trophy. The seniors had previously had it for several years.

Spanish is going to be taught next year.

Magazines--

'Look' Ranks First

Oh! for the life of a school girl. Being able to sit in class behind a stack of books, and look industrious while reading a "True Story". But alas! It is snatched from her by a teacher who doesn't appreciate the good things in life.

True Story ranks well up in the upper ten of America's favorite magazines. Look ranks first in popularity; closely followed by Murder Mysteries, Radio and Movie Guide, and Detective Stories.

Let's see if we can't get Time and Newsweek up there in the first ten.

Miss Irene Fisher is going to teach it and all senior high students may take it.

Huntley Prahl and Richard Kennedy won the badminton tournament. There were 16 contestants participating.

Bjarne Kjelshus' theme "One Nation Indivisible" was chosen to be represented in the V.F.W. contest.

Hutchinson High School invited N.U.H.S. Student council to visit their school.

Elden LeBert and Richard Engel were first place winners in the district declamation tournament at Fairfax, February 27.

Sportsmanship?

New Ulm Doesn't Lack It

Students from N.U.H.S. are certainly good sports.

This was shown at the last three or four football games. Students huddled together in the cold and yelled encouragement to the team.

Now we see the same thing at our basketball games. Although we have won only two games, the bleachers are

filled. If the team gets a basket when there are only two seconds left in the game, and we're ten points behind, well, if you close your eyes and listen, you would think it was the winning basket.

It's nice to win, but New Ulm can take it when it loses. We don't go home with a victory, but we go home with something much better—a characteristic which will last us a lifetime—good sportsmanship.

Patriotism

Taught By Themes

Have any of you thought what your "Unity for Victory" themes are for or what you learned in writing them? They were more than just a means of extra credits in English.

Writing those themes taught you patriotism and made you realize the seriousness of the situation. You probably never thought how valuable unity was in order to gain a victory.

When the time came for you to write this theme you had to do some research on the subject. If you didn't you at least had to think before you could write it.

Maybe the \$1000 reward urged you to write your theme, but still you had to think. And only by thinking about it will Americans realize that only through unity can complete victory be obtained.

Records!

Sweet or Swing

By Gardelle Wagner

Are you building or planning to build a library of popular music phonograph records? If you are, you'll find this column a guide in getting the best in recordings.

If you enjoy either "sweet" or "swing" music, you'll find them both listed in this column.

Jimmy Dorsey comes through beautifully with his Decca recording of "The White Cliffs of Dover," with an unusual introduction and some beautiful singing by Bob Eberly.

Catch Freddy Martin's Bluebird recording of "Tonight We Love." It is a beautiful theme and is faultlessly done. Artie

Shaw performs "Stardust," a Victor record, with perfect arranging and soloing. Jack Jenny's trombone solo in "Stardust" is relaxed and unstrained.

Harry James gets off a nice beat in "He's I-A in the Army," with fine chirping by Helen Forest. Peggy Lee sounds good on "Somebody Else Is Taking My Place," on Benny Goodman's Okeh recording.

You'll Get Stamps

Why doesn't the office sell defense stamps on any other day than Thursday?

Well, there are many reasons, but the main one is that it becomes a nuisance. But what are those students, who only have money on certain days, going to do?

A really good answer to that question is: When you have the money take it to your homeroom and give it to your homeroom teacher, who, in turn will give you the stamps when Thursday rolls around.

Program?

'They Did it Before'

This fall the student body was delightfully entertained in the auditorium by the new members of the faculty. Now we have become well-acquainted with these teachers, and we smile more than ever when we recall the assembly program.

Well, we liked it once and would like it again. But this time let's have some of the faculty that have been here longer give it. There's plenty of talent for a good assembly program. Come on, faculty, what about? We'll be waiting.

Huntley Prahl may be "deep in the heart of Texas," but we'll bet twenty cents against a \$50 Defense Bond that he isn't "deep in the heart of Miss Fischer". And who was it that put a waterproof bag filled with water into Cal Backer's pocket during chemistry? Cal sat down with disastrous results.

Change Your Tire With Subtlety

The idea in tire-fixing on the highway is to get someone else to do the work. Now for most people there are ways to do this.

If you are young and "fair to look upon," you use the facial method. For best results stand by the deflated tire as much in view as you can. Then have a dreamy, puzzled, sweet expression on your face. You'll get action without resorting to other methods.

If you're "just plain homely", old, or have "that married look", of course this won't work. Try the "action view". Get out the tools and try getting the hub cap off. Be sure you're awkward and struggling. If you have patience someone will see your distress.

You will get quick results if you are a crowd of women. Then each of you can do your bit.

Now for the male side of the picture. You can expect little helpful sympathy from others so you will have to rely upon yourself. You have two choices. You can tramp to a nearby farm-house and call a garage, or start swearing and fix the tire.

George McCutcheon together with "Thump" his trusty drum were star performers at the Fri-Le-Ta meeting, Wednesday, February 18 in the cafeteria.

Patty Harman played a piano solo and ARLO ABRAHAM gave his declam selection "What a Life."

Entertainment was by outsiders, secured by the senior girls who sponsored the program. The business meeting then followed.

What Graduates Are Doing * * * Baking, Garage Work, Studying Done

By Charlotte Vogelpohl
Many have been wondering what happened to last year's senior officers. The president, **Harvey Johnson**, is attending a school in Ames, Iowa; **Henry Hambrecht** and **Ed-die Eggers** are attending the teachers' college at St. Cloud, Minnesota; "**Pat**" **Beyer** is working at home and **Norman Wolf** is working in Eibner's bakery.

Other members of this senior class were **Harry Kennedy** who was the manager of the "Strand" theatre in Fort Dodge, Iowa, but is now in New Ulm.

You probably wouldn't think that **Dick O'Malley** would be working on cars. Well, he may not in a short time, but until then, he will still work in a garage in Fairfax, Minnesota.

Power's department store, in Minneapolis, has a popular New Ulm High School alumnus, Alan Schmucker. Jack Rolwes is attending a college in California

Norma Muesing is attending the State Agricultural College at Brookings, South Dakota.

ONE OF NEW ULM'S TOP-NOTCH STUDENTS, **MARIE FURTH**, IS STUDYING TO BE A MEDICAL SECRETARY IN ROCHESTER, MINNESOTA.

Former cheer-leaders are still leading a group in cheering for their teams, but it isn't in New Ulm, it is in Gustavus Adolphus College at St. Peter, Minnesota and the girls are the Marti twins, **Carol** and **Cleo. Lavonne Gollnast** is also attending this college.

A popular football player, **Orville Sievert** and a member of the Honor Society, **Carol Sandmann**, are attending Hamline University in St. Paul, Minnesota.

Lost and Found Find Your Things

Have you lost anything lately? If you have, it will undoubtedly be in the "found" department in Mr. Dirks' office.

While going through the drawer of found articles, one might find some of the following articles:

One boys' green vest, one boys' navy blue jacket, three belts—corduroy, leather and patent leather, three scarves, eleven mechanical pencils, four pens, one pair of leather and fur mittens that were white once—they're warm too.

Or one might find:

One pair of red mittens, one pair of brown and orange mittens, one boys' wine sweater, one box of "Funny Face" pencil colors, one blue pencil box with a compass and pencil in it, two odd gloves, two odd mittens, two glass cases, one study assignment book (this belongs to a freshman who takes business relations, home ec., science and English).

Rings, rosaries, a boy scout pin, tie pins and last, but not least, a "Julius Caesar" by Shakespeare. In the back of this book someone had written d-n Julius Caesar.

Will the owners please call for their articles at the office?

School Days I'd Better Study

Back to the grind again. What a grind! I suppose Fritz will have something new to tell me today, but as usual Mr. Anderson has to ask if he is bothering us. Then he thinks I copy from Fritz during tests so now he always separates us.

Why should I copy from him and get a "D" or an "E" when I can earn a honest "A" or "B" myself? But Mr. Ciernia can't see that.

Oh! Oh! I feel something dripping down my neck. Well, if it isn't Adolph shooting water at me through an eye dropper; he always gets into trouble.

Boy! am I glad Fritz got a "heinie." I was getting so sick of looking at that Le Page's glue on his hair.

Debaters to Fairfax

Sometime next week **Ralph J. Sutherland** will take two teams of beginning debaters to Fairfax for a practice round of debate.

Fairfax has just recently introduced forensics into the school system there.

Instead of writing the usual style column I am going to write about conduct at basketball games.

Just why do some kids go to a basketball game? Most of us go to watch the game but there are always a few who have to be different and make pests of themselves.

A good example of that was last Friday night.

It seemed that a few youngsters had to bring along a toy or two. Friday night seemed to be water-gun night. Naturally when the game was in full swing they just couldn't resist shooting at someone who seemed to them to be a good target.

THIS CHILDISHNESS CANNOT BE BLAMED ENTIRELY ON THE JUNIOR HIGH BECAUSE THERE WERE STUDENTS OF SENIOR HIGH WHO ALSO HAD TO BE DIFFERENT.

I also wonder why some students of N U H S have to play around in the halls while the game is in full swing. Can't they wait until summer so they can go with their folks to the Band Concerts? Why? Well they can find many little playmates there.

Does the shoe fit you? Maybe a few, not many.

Eagles Soar at Fairfax for 2nd Win

Glencoe's Last-Minute Rally Whips N. U.

The New Ulm Eagles won a game at Fairfax Tuesday evening with the score reading 36-29 in favor of the Eagles, but lost to Glencoe the Friday evening before, 33-29.

In the Glencoe game the boys led for three quarters, but lost in the last two minutes. This almost happened up at Fairfax if there hadn't been a few words uttered by Coach Ray Bassett from the sidelines. They may not have been words, but his rapid rising from the bench indicated that they were doing something wrong on the floor. The boys almost forgot to stall with the ball.

High point man for the Glencoe game was Buzz Evans with 11 points while Huntley Prahl grabbed the honors for the high score in the Fairfax game with his points amounting to 11.

Thiele made life miserable for the Eagles in the Glencoe game as he scored 17 points for the entire game, 13 of these were scored in the last quarter.

In reviewing the last two games of the Eagles one sees that the Glencoe game should have been a victory and that the Fairfax game should have been a massacre by New Ulm. In the Fairfax game the appearance of team work was brought out faintly and the boys clicked off the second victory of the season, with the score reading 36-29 in favor of the Eagles.

This leaves but two more games for the New Ulm Eagles and one of those games will take place tonight in the auditorium with the Springfield Tigers and from all reports this will be a battle royal.

There will be revenge in the eyes of the Eagles and there will be fight in the minds of the Springfield cagers.

The grand finale of the basketball season will take place in New Ulm March 10-11-12-13, when N.U.H.S. is host to the district tournament.

Without a doubt the District Ten Champ for this year will be none other than Lamberton for the first time in many years. New Ulm rates only as an "under-dog" in the tourney and that means that they might get "hot" and win perhaps two of their games, but from the exhibition of basketball displayed this year, it will be an upset if and

when they do come through for the high honors.

Tuesday evening at 8 p.m. Springfield will tangle with the winner of Bracket A in the sub-district which is held at Redwood Falls. The second game of the tournament will be between New Ulm and Sleepy Eye Public High School and without a doubt this will be the battle of the year after the exhibition of the Eagles versus the Indians in a battle earlier in the season. New Ulm then came through and cleaned house on the Indians with the score reading 34-33. (A close

decision, but New Ulm gets the nod for the fighting ability of the team).

The second evening of the tournament will find Redwood Falls trouncing Fairfax so badly that the first team for Redwood Falls won't have to play very much of the game. This game will begin at 8 p.m. The second game of the evening will be held at nine o'clock with the battle being between Lamberton and possibly Franklin which is taken for "granite" that they will win the Bracket

B title at the sub-district tourney.

Then the third evening of the Tournament (Thursday) the semifinals will take place and then will be the battles of the tournament. From the pickings of the tourney by yours truly we find that New Ulm weathered the storm created by Sleepy Eye and that Springfield came through with colors flying to meet New Ulm Thursday evening.

The championship game to be played Friday evening at nine o'clock will be between possibly Lamberton and possibly Springfield.

LOOKING THROUGH THE SPORT-O-SCOPE

With "Dick"

Much more can be estimated after the New Ulm Springfield tilt here tonight.

Now to look over the teams for the tournament, that is the main problem of the day. We can start off with the New Ulm team.

The Eagles have a fairly good club this year even though winning only two games out of thirteen starts. Huntley Prahl can be summed up into the best player, all around, for the Eagles. Tallest man on the team is center Bob Gis-

lason. He hit his peak of the season last Tuesday evening at Fairfax, but still is after a higher goal.

Johnny Esser is another of the promising stars for the Eagles. Cal Backer, Buzz Evans, Jerry Kosek, Spike Furth, and Hank Engel make up some more of the material for the games.

* * * *

The Redwood Falls club always boasts a good club and this year is no exception. They have Bill Ingalls who is a good all around player for any team. They have Harold Cuff, a tall center who gets many shots at the basket. Bill Hillig and Bill Hustad make up two more nice players for the Cardinals and Chuck Young finishes up for Redwood.

FRANKLIN'S HOPES IN THE TOURNAMENT TITLE REST IN THE HANDS OF NONE OTHER THAN TWO GIANTS, LIESKE AND FINLEY. BOB GALLERY AND CULLEN CHRISTIANSON WILL ALSO CAUSE QUITE A BIT OF TROUBLE.

Main sparkplug for the Sleepy Eye team will be Leslie Nieman, a sub who made good and has been used for the last three or four games and has been making points. Bob Sucker, Lloyd Johnson, and Danny Murphy will also be adding up the points for the Indians.

Wrestling

N. U. Does Good Job

by Johnny Eckstein

New Ulm has completed its wrestling season. In general, a good job was done in getting the boys to do as well as they did. At the beginning of the season almost an entire new team took for the sport.

The regional Tournament at Redwood Falls last Saturday officially closed the wrestling season as far as New Ulm is concerned.

For New Ulm CHARLES JOHNSON of the eighty-five pound class lost in the finals by the very close margin of ten to eight. Charles is probably the most improved wrestler that New Ulm has.

In the ninety-five pound class, Richard Haak took third place. Richard ordinarily wrestled in the eighty-five pound division, but because New Ulm already had a man entered in that class, he had to be content in wrestling out of his weight.

THE YEAR AT THE REGIONAL. ALTHOUGH HE PLACED THIRD, HE SHOWED THAT HE HAD THE ABILITY TO GO PLACES NEXT YEAR. DELBERT WRESTLED IN THE 105 POUND CLASS.

Walter Nonnenmacher had the greatest job to perform of any man on the team. He was put up against a man sixteen pounds heavier than himself and told to wrestle. Walter deserves much credit for even going out there and trying.

It is through the untiring efforts of the agriculture instructor, Dick Pengilly, that New Ulm wrestling even progressed that far. Mr. Pengilly was working out with the boys every night after school, showing them the general technique of wrestling. He has built up a fine squad for next year.

This is the last bit of wrestling dope for the year. It is time to make room for the spring sports. Until next year rolls around give these other sports your whole-hearted support.
