At the time of the suicide of Ivan Krueger, Swedish match king and financial juggler, revealing the complicated failure of his international financial interests, it was rumored that he had only faked his death and really had departed to South America to live incognito and in luxury on a fortune that he had established there. This story is the basis of the play "The Night of January 16th."

### STUDENTS SPEAK ON HAWAII, ARABIA

Monday, March 16, Helen Monsoor spoke on Arabia. She talked Arabian and also wrote some words. Her main topic was about Jerusalem. It is about as big as New Ulm. She also spoke on the costumes of Arabia. The women wear costumes with heavy beads on them.

Tuesday, Norma Faaborg spoke on Hawaii and the neighboring islands. She told different things such as the trip over, how long it took, and how far it was. She also said that people dress just like we do here and the cities are more like ours.

### Sperati Heads Organization

### P. Heltne Is Member

When Dr. Carlo A. Sperati and his famed Luther College Concert Band strike the opening chord at the New Ulm High School auditorium on Monday, April 13, at 3:00 and 8:15 p. m., it will be a memorable musical experience for everyone. The venerable conductor has prepared a program that will be thrilling to both seasoned music-lovers and military band enthusiasts.

This organization has toured Europe twice and has played to audiences in Norway, Sweden, Germany, Denmark, France, and England. It was the only college band engaged to appear at the Panama-Pacific Exposition in San Francisco in 1915 and appeared twice at the Century of Progress Exposition in Chicago in 1933.

Its director, Dr. Carlo A. Sperati, is one of America's musical pioneers. He was knighted in Oslo in 1936; the degree of Doctor of Music was conferred upon him by St. Olaf College in 1932.

The afternoon program consists of lighter music than the evening concert. A completely different program, it includes Victor Herbert's Festival March, Walter Smith's Bolero for cornet trio, selections from Tschaikevsky's Nutcracker Suite, a marimba specialty, and a group of stirring military selections. The matinee will be especially designed for students of N. U. H. S. and surrounding schools. Admission at 3:00 p. m. will be 11c and 35c.

At the evening performance one of the most majestic opera overtures of all time, the prelude to Die Meistersinger, is a featured work. Chabrier's scintillating Spanish Rhapsody occupies a favorable spot on the program. Lucien Cailliet's extraordinary symphonic arrangement of Pop! Goes the Weasel is the evening's novelty number.

Featured soloists will be Adolph Herseth, cornetist, and LeRoy Eitzen, marimbist.

Contemporary compositions comprise much of the musical menu. The London Suite, Eric Coates' light and airy musical picture of the world's largest city, concludes the first part of the program.

A delightful polka by Rachmininoff and the tuneful Polka and Fugue from Schwanda, the Bagpiper by the modern Bohemian, Jaromir Weinberger, bring the program to a thrilling climax.

An original composition by a member of the band will be played

### N. U. Host For Festival Sat. Apr. 18

### Sessions Will Begin In The Forenoon

On Saturday, April 18, the New Ulm Public Schools will be host to the annual District Ten Music Festival. There will be three sessions starting at 8:45 a. m., at 1:00 p. m. and at 7:30 p. m.

The towns which have been invited to attend are: Belview, Delhi, Echo, Fairfax, Franklin, Gaylord, Gibbon, Lamberton, Morgan, Morton, Redwood Falls, Sanborn, Sleepy Eye, Wadena, Wilmont, Walnut Grove, Winthrop and Trinity High of New Ulm.

The Music Festival will be a non-competitive affair. The judges will criticize and rate contestants upon three things; namely, tone, technique and interpretation.

The numbers to be performed by the Massed Mixed Chorus include: "God So Loved The World" from Strainer's The Crucifixion, "Czechoslovakian Dance Song" arranged by Manney, "Land of Hope and Glory" by Edward Elgar.

The Massed Girls' Chorus will sing: "Music When Soft Voices Die" by Kramer and "Alice Blue Gown" arranged by Barry.

"Iowa Band Law March" by King, "Cavatina" by Raff "Merry Swiss Boy" by Yo-

## Oswald '42 Valedictorian

Don't believe everything you read, at least not in this issue of the "Graphos." April Fool's Day isn't far away. You may believe the first page because that's true, but after that use your own discretion.

### Jean Swanson Is Salutatorian

### Natl. Honor Society Pins to 14 Seniors

To Dolores Oswald and Jean Swanson goes the honor of holding the two highest scholastic records in the 1942 graduating class of New Ulm High School. The announcement was made at a special assembly held in the auditorium at 3:30 today.

Dolores will be named valedictorian for having the highest scholastic average. Jean will be salutatorian for ranking second in the class of 93 students.

At the same meeting 14 seniors were initiated into the local chapter of the National Honor Society with a special ceremony in charge of Al J. Ciernia, chairman of the faculty committee who chose the candidates.

The seniors selected were Oren Abraham, LuVerne Behrman, Dorothy Dirks, Richard Engel, Melvin Evans, Robert Gislason, Richard Graves, Fred Iseli, Mary Jane Marti, Correen Merkel, Teresa Pivonka, Jean Swanson, Harriet Woebke and Donald Wolf.

The first requisite for election into the National Honor Society is a place in the scholastic upper one-third of the graduating class. Of this group a number amounting to only 15 per cent of the entire class can be chosen on the basis of character, leadership and service.

Each of the 14 students was presented with a gold pin emblazoned with the torch of the Society. On the reverse side were engraved the initials of the electee.

This year marks the first time a local induction ceremony has been used by New Ulm High School.

### Club to Present Style Show

On Wednesday, April 8, the Charm Club will present its style show in the high school auditorium. The time set for the show is 4:15.

The clothes modeled will be from the Bee Hive, Raleigh's, Vivian Frock Shop, and Penney's. There will be sport clothes; such as suits, shirts, slacks, and play dresses.

Dresses appropriate for church, afternoon, and informal date wear will also be modeled. Some informal dresses, as well as formal ones, will be shown for the benefit of the junior and senior girls.

A variety of cotton dresses, which are popular this year, will be modeled.

The models are Correen Merkel, Priscella Meese, Marlys Johnson, Donna Berger, Leoris Knees, Lorraine Apitz, and Walborg Paulson. All the girls are invited to attend this style show.

der, "Sunbeam Overture," "The Star Spangled Banner" will be played by the massed band.

Admission price of 20c per session will be charged to adults and non-participating students.

The main sessions will be held in the high school auditorium and old gymnasium.

The judges will be Mrs. Hazel B. Nohavec, University of Minnesota, and Mr. George Krieger, West High School, Minneapolis. Mrs. Nohavec will be the vocal judge and Mr. Krieger the instrumental judge.

The festival manager is Paul O. Heltne, director of music in the New Ulm Public High School. Principal Harry G. Dirks is in charge of finances.

## Speech Students To Granite Falls

Harley Krieger, Bill Mickelson, Jean Bosel, La Verne Behrman, and Helen Schmiesing accompanied Ralph Sutherland to the Granite Falls speech contest. Jean, La-

Verne and Harley received superior rating in memorized oratory, poetry reading, and extemporaneous speaking, respectively. Bill received a very good rating in original oratory,

as did Helen in oratorical declamation. This is the last trip that will be made this year, as the State contest will not take place as a result of the war.

### Fisher Wins Again!

Alley oop! Arms flying wildly, skis in perfect position, Miss Irene Fischer won the "Hawkman" cup at the international ski jump meet at "Hit-em-while-they're down," Costa Rica on March 22.

**Champion Fisher's jump measured 350 feet, a new record.**

The champion was attired in a brick red ski-suit with a huge purple gellanium on the jacket. Her mittens and matching cap were of midnight violet and a pair of pink goggles to protect her eyes.

Congratulations, Champion Fisher!

## School Board Hires S. Holmes

The Board of Education knows how students like to sit and look at the beautiful spring sky, or watch two lovebirds sitting on the window ledge, and you can't do that with dirty windows. So they hired a window washer. I'll give you three guesses as to who he is. No, No, No, he's none other than the great detective, Sherlock Holmes. He should find every clue (of dirt.)

When Sherlock came on the morning of March 17, he started with the windows in Mr. Harman's room. He was shocked to find David Groebner deeply engrossed in his chemistry, Donald Hacker working on his accounting, and Rose Brueske looking up words in Spanish.

Wash, wash, wash. Second period he is watching Lucille Meyer straighten out her debits and credits in accounting. After a while he finds himself keeping time to the rhythm of Marianne Christle's gum chewing.

Dinnertime and Sherlock is finished with the senior high school. After a dinner of cheese sandwiches and sardines he's ready for the junior high school.

Sherlock gets off to a bad start. "Niger" Griffiths opened a window, and it just happened to be the one Sherlock was washing. Well, in a flash Sherlock found himself sitting on Oscar (the cactus) in Miss Ogrosky's room. But that isn't all. Lois Anderson mistook him for her boy friend and poor Sherlock was the object of many a bang, smack, and crack.

Wash, wash, wash. The last windows to be cleaned were those in Mr. Sutherland's room. Sherlock found John Furth's speech so interesting that he forgot to watch where he was going. Suddenly, the wind whistled around his ears. He was flying through

### Prom Date?

#### See Available Jones

Soon the prom is coming. Do you know who you're taking or going with? I would gladly try to get as many of the juniors and seniors dates.

To the boys: Maybe you would like to ask that certain junior girl but you don't know how to go about it. Well, I will get you the date free of charge. All you have to do is write on a piece of paper your name and the girl you would like to take. Make 2 choices in case one of them is already dated. Put the paper either in locker— or—

To the girls: If you would also like to go with a certain boy write your name on a paper and the boy or boys you would like to go with and slip it in the locker no.— or—

You need not worry that somebody will find out. This is very private work and nobody will hear of it except the boy or girl you wish to go with. Remember, no charge for this service.

This service is very reliable. We have already placed many dates. Among those are, Red Martinka, Correen Merkel, Lois Strate, Cal Backer, Donald Hacker, Dorothy Dirks, and Oren Abraham.

### Breezy Bits

#### News From Outside

When I was in the cities. Guess who I saw at the Prom Ball Rom, Poik Schleuder and Beatrice Heinan dancing to Jitterbug music.

Since when did Pat Waibel go with Jean Bosel.

I wonder why Norma and Pat don't go with each other anymore, I saw Pat at the movies in the back row doing okay with some out-of-town girl.

Why wasn't Giles Merkel a girl at the beginning. He sure can't keep away from them.

Gerald Alexandra sure does rate with the seventh grade girls during school hours.

### Skipping?

#### Do What You Please

Do you like to skip school or leave your lessons unlearned. Well, why don't you?

What do you get out of coming to school prepared for the days lesson. You get to class and then you may be one of the three students who learned the lessons. When the teachers ask questions it's always you three students which have to answer the questions. Meanwhile the rest of the students are having fun shooting papers, writing notes, and ready funny books.

At the end of the nine weeks you may be able to get a higher mark or the test and thus be able to get an A or B on the report card. But what is that A or B to help you. You're missing all the fun. Nobody ever gets to see your report card anyway. Of course your mother, father and a few friends will. Now spring is coming and the weather will be perfect to go hiking. So go hiking and forget school. Just remember these facts and do what you please.

## Lets Look Back A Year

It sure was too bad Albert Tangora didn't win the typing contest. Dick Page beat him 200 to 140 words a minute. I imagine he dug a hole and stuck his head in it when he got home. Miss Kittle must have had her fingers crossed for Dick too. Do you suppose?

Who won that egg rolling contest at Mr. Fuller's home on Easter? Boy! If Mr. Dirks had to buy the eggs this year, they'd be awful expensive. Don't you think Mr. Dirks?

That sure must have been a perfect wedding of B. A. Kitzberger and Minnie Pearle Swoon. Gathering pussy-willows and the faculty men being the ushers. And Mrs. Freitag and Miss Kittel and also Janitor

### Divorce Granted

## Oh! The Irony of it All

Students, the Graphos is extremely reluctant to present to you such heart breaking news.

It sorely grieves us to inform you that Mrs. Pengilly has filed suit for divorce.

Yes these two young people—this couple who seemed so happy when I interviewed them have decided that they could not live together under the same roof. Oh! the irony of it all.

Bierbaum being the ones to get it all ready. The prom goers have secured the "Rafter Dusters" to play at the prom, and Gene Austry to serenade them.

The menu is as follows:  
 Prune Juice  
 Ox tail soup  
 Bean-a-la-Burp with peppermint sauce  
 Pimento stuffed sardines  
 Surprise dessert

The advanced speech class students were having try-outs on who was to play the leading role in "Macbeth."

After weeks of corrections and sore throats, Agnes Hanslick won the role from her twin sister, Cecelia.

"Are there any twins around?"

What caused this sudden break-up? Perhaps the true cause will never be ascertained. It might be incompatibility, mental cruelty but whatever it is these two young people are destined to part.

It is said that they intend to remain the best of friends. But how can they be "just friends" when only a few months ago they were united in holy matrimony.

So if you see Mr. Pengilly roaming around singing "Blues in the Night" you'll know he ain't kiddin'.

## GELL!

By O. Graffy

Secret Ambitions:  
 To see Ray Schwartz go roller skating some night.  
 To see Emma Ubl get some exercises handed in in accounting.  
 To see Corky Merkel try out for baton twirler for the band.  
 To see Lillian Kasaulke, Alice Bowman, and Deloris Pischke go to the ballroom some Sunday evening.

### Nicknames

#### One for Ruth Church.

Could it be Herb Bruggers pet nickname, "Smokey", comes from his southern haircut? \* \* \* \*

Have you wondered whose yellow and green car is parked out in front of the school every day? The owner is Donald Wolf, and he won it in a "Why I Like Wheaties" contest.

Miss Lois Scheibel entertain her Black Peter club at her home in Essig, Thursday evening.

Cupid shoots again—This time it hit Alfred Raush and Dee Stein.

At least one person from N. U. H. S. will become famous. Fred Nauman has received a five-year contract from M. G. M. studio. It goes into effect after his graduation.

Shame on Bill Mickelson for his everlasting flirting.

The "Old Maid" Club met at the Fairgrounds yesterday. Because of the cold weather, they were forced to share the cattle-barn with a lot of hay. After lunch, cards were played.

"A Red, Red Rose" is getting to be Miss Kittel's favorite poem, according to the roses she's been getting the last few weeks. Her home-room class is wondering.....

The balcony is again coming into the picture of romance. This time Jack Gruenenfelder and Erna Grams are playing Romeo and Juliet, and the scene is at the New Ulm Theatre.

These lavender and white jackets sure get around. A blonde from St. Mary's, Sleepy Eye, is wearing one.

### Gell-aniums to . . .

To John Eckstein for being "champ" of our latest embroidery contest.

To all teachers because they aren't going to give us any more nine weeks' tests—nor any finals next May.

To Eunice Olson for stepping through the "timps" down in the band room.

### Garlic to

To Betty Dannheim for chopping up the ice (Mar. 15) and going swimming without her hip boots.

To the students such as Harley Krieger, Martin Klingler and Elaine Neuman for making noise in the study halls.

To David for breaking up with Puzzy and breaking her heart.

**Senior Personalities**

Howard Schmidt was born in Courtland, Minnesota, April 1, 1942. He was nicknamed "Tootie" when he was three years old and he hasn't been able to get rid of it since. His favorite book is "Gone With The Wind" which he claims he read in one day of constant reading. His pet peeve is walking to school. As you know he has about 7 miles to walk each day. Once in a while he manages to thumb a ride.

Bernice Schultz was also born in Courtland. She lived in New York for several years where she first attended the art school. Her favorite food is spinach and her favorite funny paper character is Popeye. She is very interested in daily newsbroadcasts and tries to listen to them as often as she can. She thinks the "Headlines before the breadlines" is one of the most interesting programs on the radio. (As you know it is sponsored by the Graphos).

With a very personal interview with Lucille Schobert, I found out that she likes Social best of all her studies. Maybe that's the reason she gets "A" on her report cards. Her favorite actor is Charlie Chaplin and her favorite actress is Shirley Temple. She is known by the nickname "Lutty" which she acquired while she was in Texas. "Deep In The Heart Of Texas" is her favorite song.

Have you ever collected pieces of glass? Marilyn Sievert does this as a hobby and she has collected over 99 pieces. Most of them come from different types of whiskey bottles. (She found them.) "Tiny" was born May 32, 1926. She spends most of her time at the Greenhouse in New Ulm. This is where she learns the art of planting onions. She is very famous for her special recipes on onions and you may find some of them in the Time magazine.

You all know Miss Jean Swanson from Winthrop won the prize for being the fattest girl in Minnesota. She weighs 135 pounds and is 5'5" tall. Gooseberry pie is her favorite food and soda pop her favorite drink. Jean (with the light blond hair and it isn't bleached) likes the romantic type of stories such as "The Lone Ranger" and "Little Orphan Frankie." She spends most of her time looking for bugs and snakes which she presses in the Webster Dictionary.

**Teachers To Spend Vacation in Cities**

Where are the teachers going over Easter?

Miss Alice Steen will go to her home in Walnut Grove. Mr. and Mrs. A. J. Snowbeck and David will be staying home in New Ulm. Miss Helen Corcoran also will keep the home fires burning at her home.

Miss Alice Blackman goes to Minneapolis, but don't ask her what she'll do there, for she doesn't know.

Mr. and Mrs. Richard Pengilly will be in New Ulm part of the time and in Minneapolis the rest of the vacation.

**Blackouts**

**Held at Ice Follies**

Well, finally, the day has come for us to go to the "Follies." What beautiful weather! (Snow and cold!) Miss Fischer told us to be there at 5:00 sharp! I'll take my time. We won't leave on time anyway.

Woe is me! I have to sit on the floor in a most uncomfortable position. Minneapolis at last. I wonder if I can get out alive. I did. Is this place ever large. Ouch! Didn't that huge man see poor little me? Guess not.

Am I excited, the show is going to start. Boy! Are those skaters wonderful. Hmm! I think that young skater is making eyes at me. The flirt. A blackout. They have them after each number. They're very interesting. (But really.) This "Fiesta" number is grand.

Who's that? Why, that man must be drunk. He is zig-zagging all over selling peanuts. Goodness, he's gone down to the ice and is skating with one of the skaters. Oh! Oh! Is there a doctor in the house?

I could eat a goat. I'm glad we're going to the "Hasty Tasty." (Time elapses.)

Here's the bus! I'm goin to get a good seat. Shucks! I'm on the floor again. Wonder when we'll be home. Groan! That hamburger didn't like me. This man's knee ought to make a nice pillow. It's boney but it'll do.

Home sweet home! I guess I'd better take a vacation because I'm dead tired. Good-night!

**Interesting New Song Discovered**

By "Ju Ju"

For those interested in some last- ing records, follow the footsteps of the lives of Dillinger, "Pretty Boy" Floyd, etc.

The best recording for some is "He painted the roof red to cover the mortgage," as played by Villain Monroe.

"April Fool"

"Jerry Hames" the trumpeteer master plays "He's A-1 in my heart and B-19 in the army" on a Blank record. The tune sounds good except the bass drums seemed to be a little flat and the muted cymbal is too loud.

If your records are worn too much, a clever way has been devised in order to preserve them. Throw the old one away and buy a new one exactly like it.

**High School May Attend**

To be joined in happy wedlock by Principal Dirks are Miss Anna Troutmiller and Mr. Ray Reed in the principal's office at 4:45 p. m. Attendants will be Miss Deloris Lindorf and Mr. Oran Borchert.

The bride will have her hair fastened in pig tails and will wear a plain cotton dress, and carry a bunch of dandelions.

The groom will be dressed in a plaid shirt and knickers.

A dinner will be served in the cafeteria at 4:15 and a dance will follow at 6:30 in the new gym.

The entire student body will be invited to attend.

**JAMES L. WICK**

James L. Wick, publisher from Niles, Ohio, spoke at the New Ulm high school on Monday, March 23. Mr. Wick showed the students some of his collection of bombs that he had obtained in London. He told of some of his experiences in war-torn England and on convoy duty.

Mr. Wick is now an economist and analyst for the Prentice-Hall Washington Letter.

In making a prophecy on when the war will end, Mr. Wick said, "I prophesy that the war will end between March 17 and 21, 1944. I can't be wrong," he continued, "for I make a different prophecy to each of my audiences." Mr. Wick addresses about 50 audiences every month.

**Old Question Gets Answered**

At last the girls in the New Ulm Public High are going to have their wish. You will be able to wear slacks. This has been made possible through the efforts of Miss Evelyn Ogrosky. For years the slack problem has been constantly debated.

Are you planning on killing two birds with one stone by buying a three piece ensemble? You can find suits with top coats that are very thrifty. Many of these three piece ensembles are of tweed. Don't let it ever be said that tweeds are out of style because they definitely are not.

If you want an outfit for "everyday" and still look "dressed up," I'd advise you to look at some of the seer-sucker suits that are now on display. You can find them practically any color.

Did you ever know that the United States is known as a blue-eyed nation? Well, it's true. If you have blue eyes you don't have to wear blue to make the color of your eyes stand out. Try different colors such as an, odd green, soft red or blue-gray and notice the way your blue eyes sparkle. You know the fan fare seems reserved for the velvet-eyed brunette or the green-eyed siren. Don'tcha think your blue eyes can talk, too?

**Hit Again Springfield Host**

Shove over! Aw go on; beat it before I lam ya one! That's how it all began. Yes, the band trip to Springfield was a sweet one. If some of the kids hadn't worn two sweaters, it wouldn't have been so crowded—maybe.

\* \* \* \*

The bus left school at about 9:45 a. m. As usual we had to wait for a few boys. When we arrived at Springfield, we started setting up our stands etc. At 10:50 the curtain opened. Oh! we were in the lime-light—oh, excuse me, I mean spot-light. Well, everything went off okay so after the concert we started to pack again.

\* \* \* \*

On the way back someone opened a bag and presto! a sweet aroma filled the bus. A whiff of an orange! No, I didn't say "bite," I said whiff. We arrived at the schoolhouse at 12:45, hungry and a bit tired.

Anyway, we did have fun.

**Treadwell Arrives Late to Spanish Class**

"But teacher I forgot." That is the phrase many a teacher hears. But from a survey, it is not always absent-mindedness.

\* \* \* \*

As Mr. McCutcheon would say "I think the students are negligent and the teachers just a little more absent-minded. The students just don't want to do the assignments." The only thing that happened to him was that he almost forgot a physics class at the "U." But luckily he got there in time.

Miss Treadwell says it depends entirely upon the situation and the individual. She says there are just as many of each. She remembers when she got to a French class just as it let out, for her schedule was one day first period and the next day second period.

When people absentmindedly talk they don't know that they are doing it, so we excuse them; that seems to be the answer to it.

on this 1942 tour. Named for the Alma Mater, it is entitled March of the Norsemen.

Dr. Sperati has given the program a lively pace by choosing a series of patriotic marches for encores. The unforgettable trademark of the Luther College Concert Band is the dynamic performance of Sousa's Stars and Stripes Forever with Dr. Sperati himself on the drum.

The band's organ tone and flexibility have earned for the organization an enviable place in American college music.

Edward Barry of the Chicago Daily Tribune writes: "Luther College's exhilarating Concert Band kept a large audience engrossed with its music... In all that pertained to rhythmical precision, to well proportioned shading and phrasing, and to decision of attack, these student musicians may be said to practice a solid and thoroughly respectable ensemble."

Eugene Stinson of the Chicago Daily News has this to say: "The band played with singular excellence under the expert leadership of Dr. Carlo A. Sperati."

"Their work as a strictly amateur band was a revelation, suffering not by comparison with the best professional bands in the country," says Dr. Harold M. Rudd of Liberati's Band.

### "Flutter Foots" Take Eighth Title From "Trotters" in Uneventful Game

The well known "Flutter Foots" of New Ulm, Minnesota, won the nation-wide basketball title for their eighth consecutive year.

The game was played in Madison Square Garden against the Globe Trotters, the second best team in the world.

"April Fool" They also won the title for the best dressed team. Their outfits consisted of ballet slippers and ballet dresses.

Mr. "Skeets" Harman received much credit for his victorious team; his winnings were a dozen cases of many different flavored lollypops. His team had a tough battle and it was a close game, but they pulled through again.

Off in one corner was Mrs. Bernice Snowbeck trying to explain to Mrs. Marjorie Bassett and Mrs. Kathryn Pengilly about the tactics which "Socker" uses on the basketball floor. She said his basketball playing is very similar to his football playing. The battle he was putting on in the basketball game was nothing new to her, because it is an every day occurrence at home.

### Girls Basketball Team Is Victorious

Dear Aarabella, The other night the G. A. A. basketball team went to Essig Tech. We beat by the score of 56 to 26 with Emma Ubl as high point girl with 36 points to her name.

During the half the Essig High School Drum Corps performed. After the game, we had dinner in the Plaza Restaurant. Next week the team is going to play the Searles High School.

Our modern dance troupe traveled to Mankato to present their dance. It went over big with the Mankato students.

The girls are sure taking advantage of the exercises they got in gym, there aren't any more girdles to prevent them from so-called "spreading-out."

### Track to Start After Easter

Track prospects look bright and rosy this year as many of the veterans will be back at their posts. Huntley Prah will again take over the pole vaulting, Richard Engel will be at the high jumping standard, Cal Backer will take care of the dashes, Spike Smith and Donald Wolf will monopolize the long distance running, and David Groebner and John Eckstein will heave the weights.

There are some newcomers out for the track practice, but until next time the names won't be given out.

From all of the indications the Eagles should have a fairly good track team this year despite the loss of such men as Peta Arndt and Harry Kennedy. Reinhart Neumann will be missed on the long distance running.

Bob Gislason will have to take over the hurdles this year with no help. He did a good job last year considering he was a beginner at the sport. He even got his letter last year in track.

The first meet for the Eagles will be at Blue Earth, April 25. That is not quite a month off and the boys have to be pounded into shape after the long layoff from running.

The district track meet this year has been transferred to Redwood Falls instead of New Ulm. This means another out-of-town trip for the Eagles if they go well for the season.

### FRED ISELI WINS V. F. W. \$10-PRIZE

Winner of first prize in the local V.F.W. essay contest and recipient of a \$10 check for his efforts is Fred Iseli, Jr., a senior in New Ulm High School.

Second prize of \$5 was won by Frank Kalz of Trinity High School.

### Ciernia to Leave At End of Year

Al J. Ciernia, had of the Science Department, has resigned his position in the New Ulm High School. His resignation will go into effect after the present school year.

"Next year's plans are indefinite," said Mr. Ciernia. "I hope to have a position as a chemist in government employment."

Mr. Ciernia came to N.U.H.S. from La Porte, Minnesota, where he taught after his graduation from the University of Minnesota.

### Lyons Performs at N.U.

George Lyons, the celebrated harpist, performed for the assembly March 18. He played many selections. Among them were "Ah, Sweet Mystery of Life," "There'll Be Bluebirds Over the White Cliffs of Dover," and his own composition, "How I Cry Over You." Mr. Lyons changed his moods to fit the songs. He also played a few Irish songs in honor of Mr. Dirks.

### LOOKING THROUGH THE SPORT-O-SCOPE With "Dick"

From all indications this year the track team will be a disaster from the first day on. **Huntley Prah**, the star of all of the sports in the high school, has developed a mania for staying up late at night and this will eventually ruin his powerful "physique." He had planned to go out for pole vaulting this year, but the way things look at the present time, Huntley will be the chief water boy for the rest of the team provided the team doesn't need water too much.

**Cal Backer** pulled the biggest upset in the track history of the high school when he stated Thursday morning that he would run the 880 this year and allow **Poik Schleuder** to take over the dash running. Cal has put on some weight over the winter(???) months and wants to work this off by long distance running. Dogs relax better if they are chasing a rabbit. Perhaps he could have the boys chase something or somebody???. The best solution is to have a bulldog chase them.

**Bob Gislason** will again uphold the tradition of falling down on the low hurdles. Last year if you will remember Bob was in a tail spin once or twice.

**Richard Engel** is learning to fly this year to enable him to soar that much higher in high jumping. Richard wants to get down to the weight of about 180 so he can jump with more gracefulness this spring.

THAT IS ENOUGH ON THE ASPECTS OF TRACK AS BASEBALL TAKES THE FULL SWING OF THE SPORTS FOR THE SPRING.

The baseball out-look is plenty good for the Eagles as they have practically the whole American Legion team. They lack some of the most important players, such as a good shortstop, a center fielder, and an experienced catcher, but otherwise a good team is promised. **Huntley Prah** has agreed to take over both the left field and the center field to cut down on batters so he can bat more times and **Buzz Evans** offered to catch and pitch at the same time so **Prah** can bat more times. "**Zeke**" **Kosek** will again hold down the first base bag and **Cal Backer** will be stationed at second base. From the prospect of the shortstop situation, **Coach Ray Bassett** might be conscripted for that job.

The idea just struck me about having a Faculty Men's Baseball Team. Couldn't you just see Supt. An-

drews out on the mound winding up for the pitch and **Paul Fuller** behind the plate with the full catcher's equipment on waiting impatiently for the ball? **Ray Bassett** could take over the center field, **August Henderson** in right field, and **Dick Pengilly** in left field.

For the infield one might see **Tom Pfaender** at third base, **Ernie Hoefs** at second base, **Harry Dirks** at shortstop, and **George McCutcheon** at first base. The English professor, **Ted Kallsen**, assisted by **Bill Grefe**, **Joe Harman**, **A. J. Snowbeck**, and **Elmer Anderson**, would make up the water crew.

After each inning the whole team would require a spongeful of cold water to revive them for the next inning. It might even be possible for them to play the high school baseball team. Here's hoping that they accept this as a challenge for the next few weeks and perhaps after Easter vacation they might gather up enough courage to make a team.

ultly might challenge the high school to a basketball game, the receipts to go to the Red Cross.
