

"Beat St. Pete" --- Welcome Back, Graduates

Prahl Is Rotarian

Jerry Prahl is the first senior boy to be honored by the Rotary club as the Rotarian of the month.

Jerry was chosen, as will be the other senior boys, on the basis of scholarship, leadership, and achievements.

Some of Jerry's achievements and activities are football, basketball, baseball for three years, chorus two years, freshman class president, and most important of all, student body president. He will attend the Rotary luncheons every Tuesday this month.

Submit Photos

The National High School Photographic Contest sponsored by the Eastman Kodak Company will be held for the second time this year. Pictures entered are of 1. Scenes and still life studies; 2. Pictures of adults, children and babies; 3. Recreation anywhere, anytime; and 4. Occupations. There are three hundred and nineteen prizes which, in money, amount to \$3,000. The Grand prize is \$500 and four classes of subjects to choose from. First prize of \$100, second prize, \$50, and third prize of \$30. In addition there are 50 merit awards of \$10 each and 256 special awards for \$5.

The major awards should be used to help further the education of the winners.

This contest is held so that high school students may have an opportunity to complete or to realize the satisfaction of creative achievement which is characteristic of photography.

Students are not required to do their own processing and every boy and girl has an equal chance. The judges are Kate Smith, Milton Coniff and Kenneth W. Williams, Director Photographic Studio, Eastman Kodak Company.

Anyone who is interested should call at the office or see Miss Kayser for information.

Pepfest, Bonfire To Open Homecoming Festivities

Czech Delegate Visited NUHS

Mme. Vetterova-Pastrnkova, the representative of the Czechoslovak Central Teachers Council, spent the entire day Friday, October 18, at NUHS. At 4:00 she will meet the faculty and discuss the events of the day. Mme Vetterova Pastrnkova is a teacher of languages at a school in Prague.

Mme Vetterova-Pastrnkova and Dr. Vaclav Prihoda were the delegates to the World Organization of the Teaching Profession held at Endicott, New York during the summer. The Minnesota sector sponsored the Czech delegates. Dr. Prihoda has already returned to Czechoslovakia.

Our delegate is remaining in the United States to study the school system here so that she can take back constructive ideas to her own country where many of these schools were destroyed.

Mme. Vetterova-Pastrnkova suffered the full blows of the war, for she spent two and one half years in a concentration camp and still bears on her arm, under a broad silver bracelet the number of her prison identification 42,789.

Marv Tenhoff Orchestra To Provide Dance Music

At 7:30 P. M. this evening, on the hills over-looking the Center street skating rink, the homecoming pep fest complete with a huge bonfire will begin. Jerry Prahl, student body president, will be master of ceremonies and will direct the proceedings.

Speeches from the coaches, the introduction of the Homecoming queen and her attendants, and cheers by the student body led by the five cheerleaders will be a part of the program. A pep band under the direction of Mr. M. A. Halling will furnish the music. Among all these things, Mr. Lynott has a surprise in store for us.

The homecoming dance will be held in the new gym immediately after the end of the game tomorrow evening. Marv Tenhoff and his orchestra from Mankato will furnish the music. Admission price has been set at 30 cents per person and all students, faculty and alumni of NUHS are invited.

Annual Homecoming pep fests were usually held in the auditorium the afternoon before the game, but this year because of popular demand an evening pep fest and bonfire have been arranged under the direction of the student council.

School Will Close

School will be closed October 24 and 25, because the teachers are going to the Minnesota Education Association Convention. The teachers will attend general sessions and discussion groups on these two days. This year the MEA meetings are in Minneapolis.

Five FFA Boys Go To Convention

Glenn Scott and five FFA boys, Earl Johnson, Robert Metzen, Maurritius Ries, Norman Sauer and La Verne Schugel will attend the National Convention of the Future Farmers of America at Kansas City, Missouri, October 21-24.

More than 15,000 farm boys are expected to attend this year's convention. Among these boys will be the 100 official delegates, two from each state, Puerto Rico, and Hawaii.

President Truman's appearance highlights the program, which also includes Charlie McCarthy and Edgar Bergen, an orchestra from Hawaii, and a rumba band from Puerto Rico. There also will be many awards distributed, among these the Star American Farmer Award which is given to the best young farmers in the country.

Mr. Scott and the boys will leave Sunday morning October 20 and return October 25. Other things which they intend to see are the American Royal Livestock show and memorable sights in Kansas City.

Girl After Boy Dance Nov. 8

Arrangement for a Sadie Hawkins day dance November, 8, under the sponsorship of the senior class, are under way.

Traditional Dogpatch costumes will be in order as the dance is on the eve of the great race.

Admission is 30 cents per person. The senior class wishes to point out that you need not have a date to come to the dance.

Notices will be posted on the blackboards by various citizens of Dogpatch. Giles Merkel and Jean Nelson are on the advertising committee. Advance ticket sales will take place in the lower hall.

The Graphos

Volume 31 New Ulm High School, New Ulm, Minn., Friday, October 18, 1946 Number 3

NUHS Has Spaniard, Marcelino Penuelas

Marcelino Penuelas arrived in New Ulm, September 26, to take up his duties on the high school faculty as Latin and Spanish instructor.

"I like the students here, they are very friendly," says Mr. Penuelas. New Ulm was a big surprise to Mr. Penuelas who hadn't been very much surprised at New York. "We have big cities in Spain, but no small cities like yours. In Spain the cities that have a population like New Ulm have very narrow streets and aren't at all pretty. New Ulm is very beautiful and the school building is so nice."

The Trip Over

He left Valencia Sept. 5 and went to Balbao. Then to get better acquainted with his own country and Portugal he went to Lisbon, exploring the coast line. His next stop was Cardiff from where he embarked for New York.

Besides speaking his native language, Spanish, Mr. Penuelas also speaks French very fluently. Because he has studied English for only three months, he finds it helpful to keep a Spanish-English dictionary at his elbow at all times. He finds it easier to read English than to understand it when spoken.

Schools in Spain

There is a difference between the schools in Spain and those in U. S. A. When a student graduates from high school in Spain he gets his bachelor of arts degree. In each subject he is rated by the instructor and this certificate follows him to the university. All the teachers in the university must have their doc-

tor's degrees, which can be earned only in the University of Madrid. Mr. Penuelas has his master's degree in languages. His minor is history.

Sports

"In Spain we have no baseball but we play soccer, and rugby, and handball," states Mr. Penuelas. He is city champion of handball at Valencia, Spain.

If students speak slowly and distinctly, it will help Mr. Penuelas understand them.

The Graphos staff extends its welcome to Mr. Penuelas.

New Teacher Is From Sanborn

La Vanche Becker, a new commercial teacher, hails from Sanborn so she said she is quite familiar with New Ulm. In talking with Miss Becker, however, I found out that she isn't quite so familiar with the school building because she lost her way coming back from the Emerson building one day. Miss Becker said she likes it here and thinks the students are nice. When asked about traveling, Miss Becker said she didn't go anywhere in particular this summer but last year she went to Washington D. C. and to New York City. Her comment on those places was that they were good places to visit but not to live in. She enjoys collecting stamps and playing the saxophone, although she doesn't have time to do much of either.

Mr. Andrews former superintendent, now of the state department visited at NUHS Tuesday, Oct. 8.

Bob Nieman Passes Entrance Exams For West Point

By attaining first place in a competitive examination, Bob Nieman was named principal for appointment for West Point. He is now completing his qualifying requirements for entrance in the military academy for next summer. Bob is now enrolled in the Navy R. O. T. C. program at the University of Minnesota. He is studying aeronautical engineering. If Bob should go to West Point, he will automatically drop out of the Navy program in which he is now enlisted for four years.

Oswald Is Back

Keith Oswald, one of the four ex-G. I.'s now in school is glad to be back with us again after 26 months in the Navy. He was inducted in March 1944, went to the University of Idaho for five months, then spent 18 months overseas, seven of which were in Japan. Keith stated he was in a complete fog during those long months. He was discharged in May 1946. But, now he is back and is taking all the required subjects of the 11th and 12th grades and algebra, besides. He is also looking forward very much to the basketball season. "In the future, I plan to go to any college which will allow me to stay," remarked "Ozzie". Good-luck Keith, and we are all glad to have you back with us again.

'45 Queen Arlene To Crown New '46 Homecoming Ruler

Our queen for the gala homecoming festivities will be announced tonight at the pepfest. One of these six girls will be the queen and the other five will be her attendants: Pat Yost, Pat Tierney, Lois Dahl, Rita Gleisner, Mary Jane Lind-

Meyer, and Elaine Fritsche. Lorraine Dittrich, Shirley Oswald, Bette Brand, Connie Scherer, and Jean Galloway will also be attendants.

Arlene Grams, last year's queen, will hand over the crown before the kick off.

Attendants and Queen

Left to right—1st row—Bette Brand, Elaine Fritsche, Mary Jane Lindmeyer, Rita Gleisner, Lorraine Dittrich, Constance Scherer. 2nd row—Pat Tierney, Shirley Oswald, Jean Galloway, Lois Dahl, Pat Yost.

Military Training Poll Was Taken

THE GRAPHOS

Co-Editors Jean Nelson
 Assistant Editor Ruth Grams
 Department Editors Audre Woebke
 Photographer Fred Olson
 Sports Kenny Herzog
 Exchange Shirley Koeck
 Art Mary Niehoff
 Business Managers Harriet Heymann, Pat Harmon, Jean Huevelmann
 Staff Advisor Miss Kayser
 Columnists: Harriet Krieger, Pat Tierney, Gene Schueller, Shirley Oswald, Mary Mahle, Shirley Roloff, Kathy Kral, Pat Harmon, Amaryllis Samuelson, Charles Ulrich, Eugenia Forester.

When we enter the library fifth period on Mondays and Wednesdays what do we see? Well, we see our friends, classmates, and books of course, but more than that we see Clara Pivonka, one of our assistant librarians busy with her librarian duties. Clara, a sophomore, was an assistant librarian last year and was asked to be one this year. Clara chose to be an assistant librarian because she thought it would be fun, interesting, and educational even though she does not intend to become a librarian. Clara and the other assistant librarians will receive points for their work in the library.

Books, books, and more books are all students ever seem to be confronted with. Ah! But it is not as bad as it sounds because some are interesting fiction books such as the following:

I am sure that you animal lovers will enjoy "The Wild Dog of Edmonton" by David Grew. It is a heart-warming story of a boy's love for a stray dog and how he sacrifices his orphan home to go to Edmonton.

more truthful or lazier than the Juniors or Sophomores. We hope it is the former. You Seniors can prove it to us by filling to capacity the senior column on the Honor Roll.

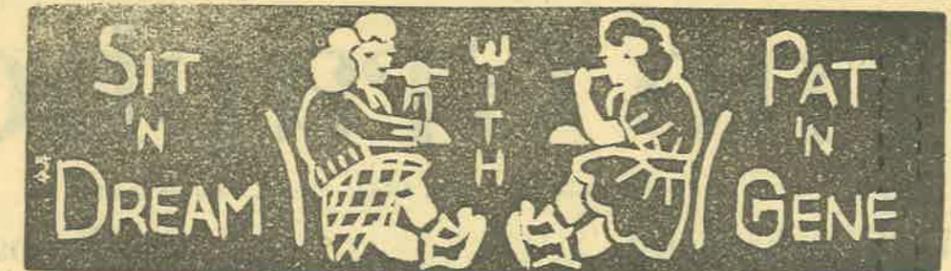

Students, you have often seen a poll in a large newspaper. In this issue and future issues of the Graphos, we will try to do the same as these large newspapers do; that is, to find out how students, in general, think on important matters concerning the school and country. The first question is: Do you think we should have compulsory military training for all boys when they get out of high school, or become 18 years old? Here are the results for Senior high:

- Yes 68%
 - No 26%
 - No Opinion 6%
- Breaking it down a little we have the results among Seniors alone:
- Yes 70%
 - No 27%
 - No Opinion 3%
- Among the Juniors the questions were answered this way:
- Yes 72%
 - No 19%
 - No Opinion 9%
- The Sophomores answered the question this way:
- Yes 78%
 - No 15%
 - No opinion 7%

The second question we asked was: Do you study during the home room period on Tuesday and Wednesday?

- For the entire senior high:
- Yes 14%
 - No 29%
 - Sometimes 67%
- Now taking the Seniors alone:
- Yes 10%
 - No 33%
 - Sometimes 57%
- Among the Juniors the question was answered like this:
- Yes 19%
 - No 30%
 - Sometimes 51%
- The Sophomores answered this way:
- Yes 6%
 - No 23%
 - Sometimes 71%

From the way this last question was answered we think that either the Seniors are

- Betsy Von Bank—Orville Steinberg
- Germaine Backer—Sandy Sandmann
- Bette Brand—Bud Thiede
- Mary Niehoff—Frank Huelskamp
- Lois Wallner—Willy Shultz
- Dorothy Ann Moll—Frank Ubl

Where did Bernice Litfin get the class ring from. Nicollet? Who's the lucky fellow?

Louie Fritsche seemed to take up the better part of Helen's time while she was visiting Tom Pfaender. She's from Hibbing.

Hilda Triechel really was a good sport when she was at Gaylord; it was her first time on skates.

EXTRA:
 The Redwood Band certainly had the spirit. Let's give Redwood the credit kids. Not many bands would play in a rain like that.

Leona Hippert got quite "the ring" from Stanley Dittrich.

Haven't we Seniors got the class of "men" when they get all slicked up? Do it more often—you have no idea what it does for you.

Mr. Penuelas
 Mr. Penuelas, the good old fellow, You sure can tell he's not a bit yellow. For he came to this country, that run's a fast pace He really didn't know what he had to face. Our schools are different from any of theirs. The organization that we have here, calls for great many cares. He did not know just where to start, He did not know when to come or part; He did not know when to eat; He did not know even when to sleep.

The poor old fellow was in a mess But Mr. Lynott came to his rescue, in his distress.

He invited him over to eat one night. Everything was very, cheery and bright. The food at the table Mr. Panuelas knew not about

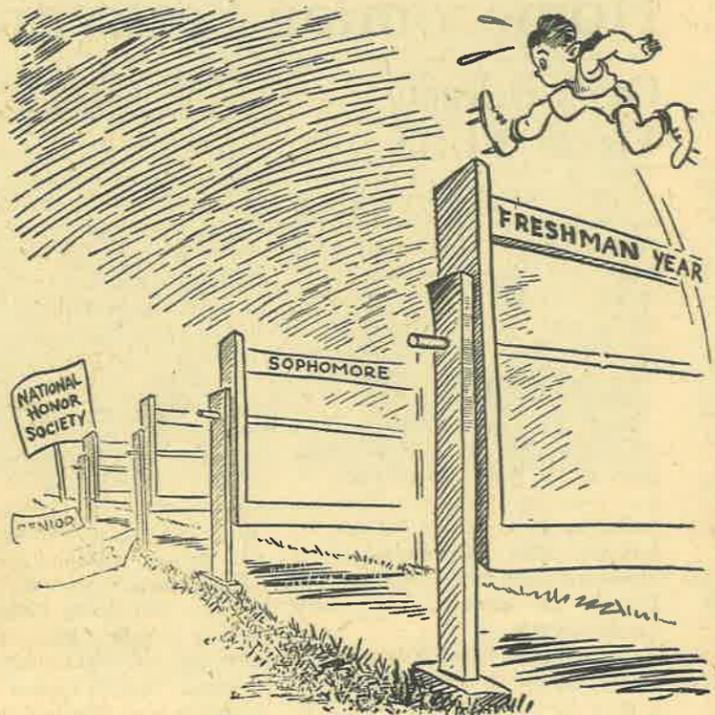

But Mr. Lynott was ready for him, he had the dictionary out. So it seems he is getting on alright, And we hope from now on everything will be to his joy and delight.

Carol Steinberg and Fern Stoll were quite the flashes at the roller skating rink in Gaylord. The boys were just like bees around honey.

Doesn't Joe Pivonka make the actor in College Prep?—A second Charles Boyer.

The GAA kids sure turned out at the Roller Rink at Gaylord. Don't forget to Thank "Our Good Friend, Miss Hein, for escorting us and making all these things possible.

Sophomores—Can You Imagine
 Jean Gasner without Hank Scheid
 Charles Brust without his cave man tactics
 George Glotzbach with his mouth shut
 Ruthie Groebner without an A
 Harlan Bauermeister short
 Jerome Hamann with his hair mussed up
 Carol Current thin
 Lila Wilson in a serious mood
 Agnes Dittrich not flirting
 The sophomore class as seniors
 Laverne Saur with straight hair
 John Reece in a hurry
 Cute Alexander Sweeny being homely
 Jean Kuelbs not complaining
 Daniel Dietz with a musician's hair cut
 Germaine Backer with Walter Grams?
 Well, now can you?

Do you think the young man will make it over all the hurdles? If he does, he can truly say he had a successful year. Just as the football team has to start practice early in the fall, if they expect to win, so do we have to get started right at the beginning of school to pass the grade. There will be obstacles in the way, but if they are given special consideration and work, we will soon be able to jump skillfully over them. Here's hoping that the young man wins the race, and that we win ours.

Dear Diary,
 Jeepers, it sure feels good to get those physical efficiency tests over. All the girls were creeping along the halls, hardly daring to move because their muscles ached so. I hardly think we're in very good condition, do you?

And speaking of sore muscles, you can sure tell it is football season when you watch the boys walking in the hall. Every other one seems to be limping—Khalil, Jerry and Donnie, to mention a few!! Of course this doesn't include all the scratched faces, etc.

I'm certainly glad I don't live in Guatemala, even if it is one of our fine Central American neighbors. Down there the Indians can buy their wives on the installment plan; and if they don't like them, all they have to do is return them and get their money back. Horrors!!

Here is a little quotation I picked up that could apply: "It is with narrow-souled people as with narrow-necked bottles; the less they have in them, the more noise they make in pouring it out."

Love,
 Patty

"Stringbean McPole"
 Nothing is brighter on a cold dreary day than a droll, whimsical character with no ambition but to try to make you laugh. This happy, carefree guy is our own Donovan Lund, "from Lafayette". No doubt he is bubbling over in rapture about his favorite subject, Physics; or maybe it's Lana Turner, his screen daze. He likes any kind of food [poor guy] but tells us that Bob Isenberg drives him "out of this world"! Maybe his pet saying would help; it can't be put in print.

"Dark Eyes"

Dear sweet, Slobovynia gal, yo' is none other than little Gene Schueller. This "lil po'k chop" loves ham [for eating] but "Friendly Time" gives her a lift too. Pat Tierney brings her down again, however, with a bang, and is usually answered with an "I told you so" from Gene. But seriously Gene would like to leave "Slobovynia" sometime and enter St. Teresa's College. Maybe that's why she likes Geometry [so far]; she hopes it will help her get to college some day.

"Available"

And how, girls! Here's your chance. Hank Eckstein's favorite subject is salesmanship!! Oh, if you only knew his "ambition". For a hint we'll inform you that his pet saying is "now or never". True to Dogpatch style he likes spare ribs with sauerkraut and dumplings; a certain girl who sits across

from him in fourth hour study doesn't especially make it pleasant for him [Jean!] One person he really cares about though is—Jack Carson! They have the physique for each other and good humor, too.

"Sadie Hawkins"

Aw, we don't mean it, "Dee." Really Donna Belle Sauer couldn't be Sadie, kids, she hasn't any "ambish." But, gee, you haven't given up on Medical Technology have you? She likes to "bump her gums" with "gell"! [Poor us] Pardon me, she says it only when not eating chow mein. Listening to Vaughn Monroe occupies some of her time, tho we could never hear why. Making with the "goo stuff" in the theater has no appeal to her, but Chemistry has. I don't get it, do you? [or do we] Well, you little Gregory Peck fan, we must bid you adieu. That goes for the rest of you Slobovynians, too.

"Moonbeam"

Down Dogpatch way there is another little dark-eyed, black-headed gal. This one is La Dona Schobert who is crazy about spaghetti. [How'd that get into Dogpatch?] She dislikes mostly everything in general but—o—gee—gosh does Bing Crosby send her! There's another fellow she can't stand to see hurt; that's John Garfield [me too, Dona.] She likes English, but I suppose we must forgive her since she is interested in Psychiatric nursing. We wish you all the luck "out of this world".

"Salomey"

Yes, that's right; but, much sweeter and twice as big. "Bull" Pfeiffer's favorite subject is—apple pie. His great ambition is to be a pro football player; but poor soul, like the rest of us, he'll probably end up being the pigskin! Who are we kidding? Any team would be glad to have our own Bull in the line. You know Bull ["you know" that's his pet saying]. His pet peeves are too numerous to mention in this space, but we know they aren't too bad [we hope]. June Allyson is mighty lucky to have this swell guy for a fan and we know Gary Cooper and Dinah Shore are privileged characters to be even noticed by Cliff. Eh, Cliff?

"Daisy Mae"

Yesirree. and no other! Violet Ruekert is the girl with blue eyes and blond hair. You may see her yumming her chops over fried chicken or is it Dennis Morgan, "Rickie"? Ingrid Bergman gives her a thrill, too, though not in the same way. It's more likely the Swedes flocking together. As she would say, "big joke"! Wherever Lil Abner escapes her, she finds time to listen to "Friendly Time", her favorite program. Conceited people are the nuts as far as she is concerned, but I know we're all her friends when wishing her that stenography dream of hers. Well, here's wishing you get over your cold, anyway, Rickie.

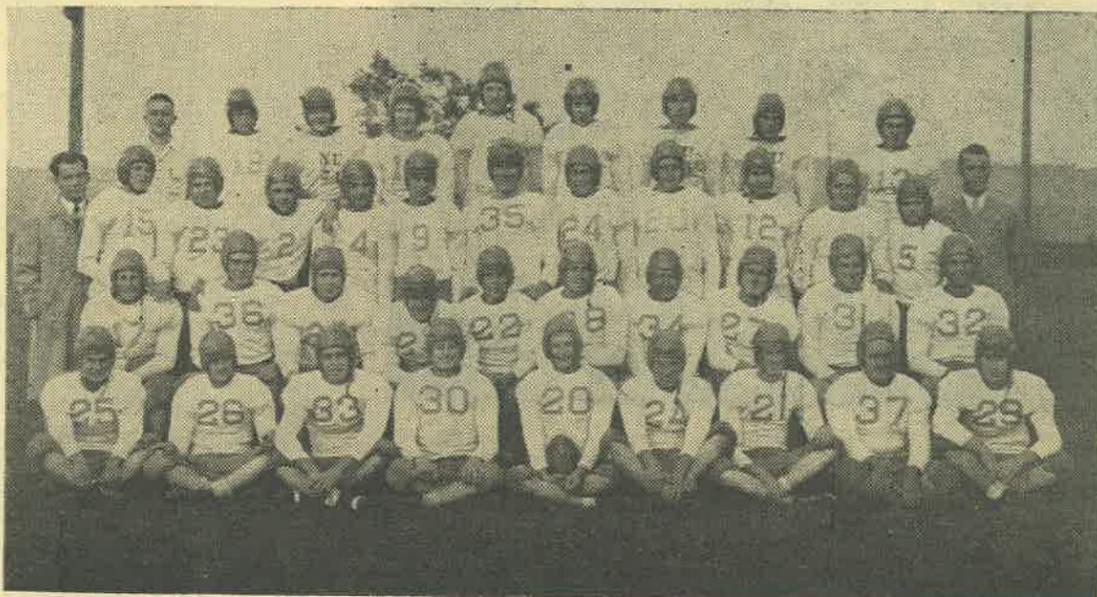

"Hopeless"

My eye, he is! With a liking for Physics and a yearn for forestry, Dale Evans ought to blow the top off success! But, oh my, he says coming back to school is his pet peeve. I guess we're all with him on that, eh gang? Pumpkin pie with whipped cream is his specialty; Courtland must be quite prosperous. Now one more thing on his "special list"—Woody Herman. Oh, bro—ther: This Dale Evans is quite a guy.

Sports Review

The 1945-1946 Homecoming Football Squad

First row, left to right: Eckstein, Crain, Ubl, Krebs, Schnobrich, Pivonka, Hayes, Pfeiffer, Evans. Second row: Boelter, Nystrom, Grathwohl, J. Kraus, J. Frahl, W. Bloedl, D. Kraus, J. Bloedel, Canske, Marscor. Third row: Joe Milinovich, Edwards, Sandmann, Herrick, Traurig, Deimpsey, Brust, Malby, Albright, Dietl, Rompfer, Oren, Nicklasson. Fourth row: Rolloff, Sturin, Nieman, Wieland, Thiede, Seiffert, Dahlman, Hayes, Reinhart.

New Ulm Plays Losing Battle With St. James

New Ulm Loses By One Marker: Score Is 7-6

New Ulm slipped to fifth place in the South Central league standings as a result of its 7-6 defeat by St. James, on Saturday October 12.

Trailing 7-0 half-way in the second stanza, New Ulm marched 70 yards downfield from their own 30 to score the only Eagles' score.

The Eagles running game met with a stone wall but a series of passes brought the ball within the Jimmies 10 yard marker. Tommy Hayes scooted over the goal line on a quarterback sneak to end scoring for the remainder of the game.

The passing attack was sparked by the pitching of Jerry Prah, Jerry Kraus, and Tommy Hayes with Joe Pivonka mostly on the receiving end.

St. James' score was also the result of passes. The Jimmies threatened twice more in the game. Once, shortly after the N. U. score, St. James went to the 3 only to have a fumble recovered by N. U. in the second half, the Eagles stopped the aggressors on the one yard stripe.

Final Period Total 6 Eagles at Fairmont

Fairmont scored three touchdowns in the final period of their game with New Ulm September 27 to win the game 24-7.

The Eagles were leading 7-6 until the fourth stanza as a result of a second period touchdown by Jerry Prah and a successful conversion point. Fairmont's only score until their fourth period pay off was a 60 yard march down field in the same period.

Jerry Prah and Benny Ubl were the mainstays in the New Ulm attack, while Keith Swanson starred for the winners.

Track Meeting Held October 7

New Ulm will be host to the South Central track championship May 17, 1947, according to school authorities and coaches who attended the South Central conference meeting at Mankato Monday, October 7.

Golf was adopted as a minor league sport and the first tourney will be held at Fairmont.

With regard to playing football in bad weather, the decision on playing a game will be with the home team. The visiting school must be notified before 3 o'clock on the afternoon of the game.

M. A. Lynott, principal of NUHS, presided at the meeting until J. W. LeFore, Fairmont High School principal, was elected chairman. Other officers elected were C. E. Johnson, St. James, vice president, and Superintendent J. M. Herrmann of New Ulm, secretary-treasurer.

Representatives of the six South Central conference schools were present. Attending from New Ulm were Superintendent J. M. Herrmann, Principal M. A. Lynott, Tom Pfaender, athletic director, and all members of the high school coaching staff, Joe Harman, Roy Stuhr, Henry Nicklasson, Joe Milinovich, Verne Tyrrell, and Robert Laughlin.

On the Inside

B team

This year our B squad has scheduled four games with other schools' B teams, the first being with Springfield. In a year or so, these boys will be our Eagles.

Injuries

It seems that in every game we have lost one of our most valuable players. This really makes it tough going for our team, giving the breaks to our opponents.

Touch football

Several days ago a touch football team was organized. The reason for the formation of this squad is that some of the sophomore and junior boys were too light and too small to join the Eagles squad. They like to play ball and so were given the opportunity of playing touch football. Tackle football was considered first, but there wasn't enough equipment so they decided upon touch. The boys practice passing, running, and handling the ball in "fancy" plays. There is still room for small and light boys who would like to play tackle football.

Junior High

The Junior High football squad under Mr. Stuhr and Mr. Laughlin is preparing for their first intramural football game.

Eagles Lose 6-0 to the Cardinals

In a battle marked chiefly by fumbles, the result of playing in steadily increasing rain, New Ulm Eagles lost to the Redwood Falls Cardinals 6-0 last Friday, October fourth.

After the gun sounded to end the first half, the two teams had fought to a 0-0 deadlock. To this time, the Cardinals had not made a first down and New Ulm had made four.

Redwood Scores

The only score of the game after a punt called back the first time because of a holding penalty, was partially blocked on NU's 25 yard line. From there a series of plays put the ball over the double stripe. The most serious threat of a score before this was when the Eagles took the ball to the enemy's 18 yard line.

Prah Hurt

Jerry Prah, Eagle's halfback, sprained his ankle early in the third period and was lost to his team for the rest of the game. The sprain is not a serious one however, and it will not keep Jerry from future games. Jack Bloedel suffered a side injury, and two Redwood players were also injured.

Approximately ten fumbles were made by each team during the muddy battle. The Eagles collected four first downs in each half while the Cardinals made all of their five in the second half.

Calling all Girls!! Calling all Girls!!

"Oh the weather outside is wet." This is the announcement Miss Hein made during her gym classes this past week. As soon as the weather man decides to give some clear warm weather, we will play our soccer and speedball tournaments. The junior and senior high will have their tournaments separate.

The senior high girls went to Gaylord and had their roller skating party. They were chaperoned by Miss Wentzloff, Miss Hein and Miss Lawler.

Miss Hein had to change some GAA nights, so take notice, girls. Seventh and eighth grades will have GAA on Wednesday night and ninth grade on Thursday night. Senior high has GAA on Tuesday.

Thanks girls for your cooperation on the trip to Gaylord.

Class Officers

Left to right—Sophomores: 1st row—Eugene Sandmann, Clara Pivonka, Curtis Larson. Juniors: 2nd row—William Dempsey, Kenneth Herzog, LaVerne Schugel. Seniors: 3rd row—Harriet Krieger, Eugene Edwards, Lowell Schreyer, Shirley Rolloff.

Gene Edwards Heads Seniors; Dempsey, Sandman Elected

Class elections for the senior high were held Friday, October 4, in homeroom period. The seniors held their meeting in the auditorium; the juniors, in the library; and the sophomores, the cafeteria. The results of these meetings were:

Seniors: President, Eugene Edwards; Vice-President, Shirley Ann Rolloff; Secretary, Harriet Krieger; Treasurer, Lowell Schreyer.

Juniors: President, William Dempsey; Vice - President, La Verne Schugel; Secretary - Treasurer, Kenneth Herzog.

Sophomores: President, Eugene Sandmann; Vice President, Curtis Larson; Secretary-Treasurer, Clara Pivonka.

The Graphos box in the library is just aching to have some slips of paper dropped into it; so to give it some business, the NUHS Hit Tune poll will be published for the first time next issue. All you students have to do is write the name of your favorite hit tune on a piece of paper, sign your name, and drop it into the slot in the Graphos box. By the way, any other contribution for the Graphos can be taken care of in the same way anytime you're in the library.

In the next issue you will see the top the tunes picked by the student body. All votes will be tabulated for every issue so you can vote sometime after each Graphos comes.

Here is an example:
My favorite is "Moonlight Serenade."

Fri Le Ta Met

Fri Le Ta had its first meeting of the year on Wednesday, October 8. Formerly Miss Irene Fisher was the adviser; but when she left it was undecided whether or not to continue with the organization. Upon the request of many, the meetings were resumed and the girls have selected Miss Wuopio and Miss Becker as their new advisors.

Harriet Krieger, a senior, Kathy Kral, a junior, and Clara Pivonka, representing the sophomores make up the nomination committee and elections will take place on October 16.

The name of the club will remain Fri Le Ta and meetings will be held on the first and third Wednesday of every month.

Attendance at this first meeting was poor on the part of juniors and seniors.

All senior high girls are urged to participate for education, honor points, and lots of fun.

second year in the New Ulm high school, all students are given extensive and directed training in the use of basic tools, skills, ideals and goals essential to success in high school.

Although it required stacks of books to teach the use of the library and reference books, Miss Nieboer tells us that some units will have only one text. Dr. Ruth Strang's recent book, "Investing in Yourself", is basic for the work in personality, character development.

The last four weeks of this one semester course are spent on a study of occupations. This has the earmarks of a research project. The student takes an inventory of his own interests and abilities and then studies the requirements, advantages, disadvantages, and the like, of the occupations best suited to his needs and interests.

To prove that the work in her department is often unpredictable, Miss Nieboer reported that this week she was prepared to meet with failing students for individual conferences. Only ten names were reported by the teachers at the end of the first three weeks. Until that number returns to normalcy, [40-60], our guidance director will check extra-curricular activities to make sure that we scholarly students are not neglecting that important plan of our education.

Less Than Ten Failing Grades Reported

Freshmen registration, adjusting senior high school schedules, mental testing of ninth grade students, making new personnel folders for all incoming students and gathering, recording, and filing significant data for the old have been the major morning chores of our guidance director.

During the afternoon Miss Nieboer teaches three classes in ninth grade orientation. A name that seems a bit forbidding until we learn that it may be called group guidance.

In this course, taught for the

I'm just wondering if anyone really likes "Stone Cold Dead in the Market", but we'll find out in the Hit Tune poll next time.

Notes from the music department—The band and twirlers made their first out of town trip this year to the St. James football game last Saturday. They looked very trim marching on the field.

The chorus was organized last week and the ensembles are near completion.

"By Two Goils"

It's football season, as you all know, and one of the first things we think about in football weather is what to wear or how to dress for the big game. Most of you have already dug out your woolen slacks, heavy sweaters, winter coats, and probably your brothers' or Dad's lumberjacks. The other night at the Redwood game, we really needed boots and raincoats. We had neither! The result? A good soaking and a nice cold appearing on the horizon. So next time kids, be prepared for every type of weather when you dress for the game!

Ever noticed the variety of football uniforms to be found at games? Ours are pretty flashy, with white sweatshirts and purple pants and not-matching purple helmets. But they surely looked rugged after the tough game last week. Football, we have decided is a man's sport to the core!

The uniforms of the majorettes attracted a lot of attention at the New Ulm vs. Waseca game. They're red curduroy shirts, white blouses, red beanies, and saddles. Doris is bedecked in white satin with black and gold trimming.

How do you like our crew of cheerleaders this year? Bill and Hank surely must have been active in their one year of high school to merit all those "chevies". They do look nice though. We wonder how many pins it took to anchor those beanies down. Mary must have lacked some in one of the last games. It flew off during the locomotive.

Who's the little man under the big coat and hood? Why that's Joe Milin—himself, in his "football coaches's" best. We don't doubt that he's kept just plenty warm.

See you at the football game!!

Boys Are Busy In Home Ec.

Well, what do you know? Miss Westling has a boys' Home Ec. Class this year. This is the first boys' class she has had for three years.

They have been doing a very good job of it too. The shelves have been filling very quickly with canned goods. The last three weeks the boys have been canning plums, peaches, tomatoes, and pears and have been making jelly.

During the year, they will be planning and preparing meals and discussing various phases of home-making. They will also spend some time in clothing selection, personal grooming, and care of clothing.

Keep up the good work, boys; you may need this in your future.

The NUHS Home Ec Dept. had three visitors Wednesday, October 2.

Miss Brown and her two assistants, Miss Blackwell and Miss Thompson of the University of

Minnesota, were here to give tests to all Home Ec. students. Participants were from grades 9-12 plus twenty other non-Home Ec. students. These tests completed the fourth year of a five-year research study being conducted by Miss Brown.

Results of this test will be known after all of the twenty schools participating have completed the work.

Book Ends Are Made By Metal Shop Boys

Making book ends in the form of the letters NU is one of the things being done by boys in metal shop this first six weeks.

One-half of the tenth grade class are making these bookends while the other half is working with sheet metal, learning filing, fitting, brazing, jointing and welding.

Members of the advanced metal class are making thread gauges and learning how to file tool steel.

Metal boxes were the first projects made by everyone in metal shop.
